- Materials are tinted at point of purchase, or tint can be sold separately for dry mixes.
- All materials can be tinted with water based or powdered pigments to match almost any color.
- Dry mixes make 5 gallons of wet. Basecoat makes 15-20 gallons when mixed with sand.
- Marmorino, Veneziano and Lime Wash can be used on exteriors and showers with addition of Plaster Additive.
- Carrera and Stucco are the same product in look and feel, with Stucco being made for exteriors and showers.
- Stucco and Basecoat are already modified for exterior or shower use.

- Crafted from lime and marble. Any color, texture or sheen
- Lasts longer and is more durable than paint
- Zero VOC, LEED credited, non-toxic, no off-gassing
- Natural fungicide, mold resistant, hypo-allergenic
- Naturally filters air, absorbing carbon dioxide and odors
- Absorbs excess humidity, calcifies and hardens over time
- High luminosity and is UV resistant
- Made from authentic traditional European formulations
- Easy application and maintenance for interiors and exteriors
- Adheres to cement, primer, paint and more

Made in California, USA

plaster, stucco, lime wash, primer & basecoat
