Submit Questions  
to your Panelists

We will answer as many questions  
as possible at the end of the  
Speaker Presentations

The screenshot shows a 'Question and Answer' window with two tabs: 'All questions (2)' and 'My questions (2)'. It displays two questions from a user named 'You' at 08:27 AM. The first question is 'Is it OK for me to ask a question?' and the second is 'This is... answering the question'. Each question has a thumbs-up icon and a 'Comment' button. Red callout boxes point to these elements: one points to the thumbs-up icon with the text 'Let the Panelists know you want this question answered by giving it a thumbs up!', another points to the 'Comment' button of the first question with the text 'Add additional comments to an existing question', and a third points to the 'Send anonymously' checkbox at the bottom with the text 'Send Anonymous questions, or not'. The bottom section includes a text input field labeled 'Type your question here...', a checked checkbox for 'Send anonymously', and 'Cancel' and 'Send' buttons.

Question and Answer

All questions (2) My questions (2)

You 08:27 AM

Is it OK for me to ask a question?

Let the Panelists know you want this question answered by giving it a thumbs up!

Add additional comments to an existing question

You 08:27 AM

This is... answering the question
