INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Carpinteria-Summerland Fire Protection District
Carpinteria, California

We have audited the accompanying financial statements of the governmental activities and each major fund of the Carpinteria-Summerland Fire Protection District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund of the Carpinteria-Summerland Fire Protection District as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Board of Directors
Carpinteria-Summerland Fire Protection District

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the post-employment benefits and budgetary comparison information and pension information on pages 27-30 respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Carpinteria-Summerland Fire Protection District has not presented the Management's discussion and analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements. Our opinion is not modified with respect to this matter.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Carpinteria-Summerland Fire Protection District's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Board of Directors
Carpinteria-Summerland Fire Protection District

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2020, on our consideration of the Carpinteria-Summerland Fire Protection District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Carpinteria-Summerland Fire Protection District, California's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Carpinteria-Summerland Fire Protection District's internal control over financial reporting and compliance.

**CARPINTERIA-SUMMERLAND FIRE PROTECTION DISTRICT
RECONCILIATION OF THE STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED
JUNE 30, 2019**

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures, and Change in Fund Balances, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES	\$	16,371
-----------------------------	----	--------

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay expenditures are therefore added back to fund balances		257,831
Depreciation expense not reported in governmental funds		(338,816)

The amounts below included in the Statement of Activities do not provide or require the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Change in compensated absences		(39,745)
Long-term debt payments		72,393
Change in net pension liability		432,887
Change in deferred outflows of resources		(343,249)
Change in deferred inflows of resources		110,313
Increase in other post-employment benefits payable		(78,234)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	<u>89,751</u>
---	----	---------------

The accompanying notes are an integral part of these financial statements

NOTES TO THE BASIC FINANCIAL STATEMENTS

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Carpinteria-Summerland Fire Protection District (the District) is an independent division of local government authorized by California Health and Safety Code Sections 13800-13970. The District is governed by a Board of Directors appointed to serve four-year terms or until successors are appointed and qualified. These financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. There are no component units included in this report which meet the criteria of a blended or discretely presented component unit as set forth by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Government-Wide – Basis of Presentation, Measurement Focus, and Basis Accounting

Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments (GASB 34)* was issued to improve governmental financial reporting for citizens, district representatives, and creditors involved in the lending process. GASB 34 requires that a government entity present in its basic external financial statements both government-wide financial statements and fund financial statements, excluding fiduciary funds. Governments engaged in a single government program may combine their fund financial statement with their government-wide statements by using a columnar format that reconciles individual line items of fund financial data in a separate column.

GAAP requires that the government-wide financial statements be reported using the economic resources measurement focus and the accrual basis of accounting. In comparison, governmental funds employ the current financial resources measurement focus and the modified accrual basis of accounting. The economic resources measurement focus aims to report all inflows, outflows, and balances affecting or reflecting an entity's net position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when incurred for activities related to exchange and exchange-like activities. In addition, long-lived assets (such as buildings and equipment) are capitalized and depreciated over their estimated economic lives.

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-Wide – Basis of Presentation, Measurement Focus and Basis Accounting
(continued)

Governmental Funds are used to account for the District’s general governmental activities. Governmental funds use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes and interest associated with the current fiscal year are susceptible to accrual and so have been recognized as revenue of the current fiscal year. Other receipts and taxes are determined to be both measurable and available when cash is received by the District and are recognized as revenue at that time. Secured property taxes are levied in September of each year based upon the assessed valuation as of the previous January 1 (lien date). They are payable in two equal installments due on November 1 and February 1 and are considered delinquent with penalties after December 10 and April 10, respectively. Unsecured property taxes are due on the January 1 lien date and become delinquent with penalties after August 31. All property taxes are billed and collected by the County of Santa Barbara and remitted to the District.

The District maintains the following governmental funds:

The **General Fund** is the operating fund of the District. It accounts for all the financial resources and the legally authorized activities of the District except those required to be accounted for in another fund.

The District’s **Capital Projects Fund** accounts for revenues associated with the fire protection mitigation fees and is restricted to capital asset acquisition or construction approved by local ordinances.

The District’s **Capital Replacement Fund** accounts for revenues associated with a service agreement and other revenue sources to fund the replacement of major capital assets.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

The District maintains substantially all its cash in the Santa Barbara County Treasurer’s cash management investment pool (the pool).

State statutes and the County of Santa Barbara’s (the County) investment policy authorize the County Treasurer to invest in U.S. Treasury and U.S. Government agency securities; state and/or local agency bonds, notes, warrants, or certificates of indebtedness; bankers’ acceptances; commercial paper; corporate bonds and notes; negotiable certificates of deposit; repurchase agreements; reverse repurchase agreements; securities lending; bank deposits; money market mutual funds; State of California Local Agency Investment Fund (LAIF); and the Investment Trust of California (CalTrust). Interest earned on pooled investments is apportioned quarterly into participating funds based upon each fund’s average daily deposit balance. Any investment gains or losses are proportionately shared by all funds in the pool.

Investments held by the County Treasurer are stated at fair value. The fair value of pooled investments is determined quarterly and is based on current market prices received from the securities custodian. The fair value of participants’ position in the pool is the same as the value of the pool shares. The method used to determine the value of participants’ equity withdrawn is based on the book value of the participants’ percentage participation at the date of such withdrawal. The pool’s disclosures related to cash and investments including those disclosures regarding custodial credit risk are included in the County’s Comprehensive Annual Financial Report. A copy may be obtained online from the Auditor-Controller section of the County’s website.

Receivables

All receivables are deemed to be collectible at June 30, 2019, and as such, the District has not provided an allowance for uncollectible accounts for the outstanding receivables.

Capital Assets

Capital assets are recorded in the District’s Statement of Net Position and Governmental Funds Balance Sheet in the Statement of Net Position column at cost if purchased or constructed. The District’s capitalization threshold is \$5,000. Capital assets are depreciated at cost using the straight-line method over the following estimated useful lives:

- Structures and Improvements 5 to 100 years
- Equipment, Furniture, and Vehicles 1 to 25 years
- Computers and Computer Equipment 1 to 10 years
- Communications Equipment 1 to 15 years

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Compensated Absences

District policy permits employees to accumulate earned but unused holiday and vacation leave benefits, as well as a portion of sick leave benefits. After 20 years of service, twenty-five percent of accumulated sick leave benefits vest and are accounted for in the same manner as holiday and vacation leave benefits. There is no liability for the remaining portion of sick leave since the District does not have a policy to pay these amounts when employees separate from service with the District. All holiday and vacation pay, and the applicable portion of sick pay, is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements prior to year-end and are paid by the District subsequent to year-end.

Change in Account Principles

During the fiscal year ended June 30, 2018, the District adopted GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This Statement requires the Agency recognize in its financial statements the total OPEB liability for the health benefits provided to retirees, less the amounts held in an irrevocable trust account. Due to the implementation of this Statement, total liability increased by \$2,824,626 and total net position decreased by \$2,824,626 as of July 1, 2017. There was a prior period adjustment in that same amount to reflect this adjustment.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred Compensation

The District offers a deferred compensation plan to its employees. The District has adopted provisions of GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans (GASB 32)*, which establishes financial accounting and reporting standards based on current amendments to the provisions of Internal Revenue Code (IRC) Section 457. Under IRC 457, plan assets are not owned by the governmental entity, and as a result, governmental entities are required to remove plan assets and plan liabilities from their financial statements.

The District has no administrative involvement, does not perform the investing function, and has no fiduciary accountability for the plan. Thus, in accordance with GASB 32, the plan assets and any related liability to plan participants have been excluded from the District's financial statements.

Fund Balances and Net Position

Fund Balances are governed under GASB 54 which is discussed later in this footnote. The government-wide financial statements utilize a net position presentation. Net position is categorized as Invested in Capital Assets, Restricted, and Unrestricted Net Position. Invested in Capital Assets represents the government's equity interest in its capital assets. Restricted Net Position is reported when constraints placed on net position are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position represents net position of the District that are not restricted for any project or other purpose. When both restricted and unrestricted resources are available, restricted resources are depleted first before the unrestricted resources are used.

Memorandum Only – Total Columns

Total columns in the Statement of Net Position and Governmental Funds Balance Sheet and the Statement of Activities and Governmental Revenues, Expenditures, and Changes in Fund Balances, are captioned as "Memorandum Only" as they do not represent consolidated financial information and are presented only to facilitate financial analysis. The columns do not present information that reflects the financial position or results of operations of the District in conformity with GAAP.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fund Balances

In February 2009, the GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which establishes accounting and financial reporting standards for all governments that report governmental funds.

Under GASB 54, fund balance for governmental funds should be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are now broken out in five categories:

- Nonspendable Fund Balance – this fund balance classification includes amounts that cannot be spent because they are either not in spendable form (i.e. prepaid expenses) or legally or contractually required to be maintained intact.
- Restricted Fund Balance – this fund balance classification should be reported when there are constraints placed on the use of resources externally (by creditors, grant sources, contributors, etc.) or imposed by law or enabling legislation.
- Committed Fund Balance – this fund balance classification can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority (i.e. fund balance designations passed by board resolution).
- Assigned Fund Balance – this fund balance classification is amounts that are constrained by the government’s intent to be used for specific purposes, but are neither restricted nor committed.
- Unassigned Fund Balance – this fund balance classification is the residual classification for the general fund.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2: CASH AND INVESTMENTS

Investment in the Santa Barbara County Investment Pool

The District is an involuntary participant in the Santa Barbara County Treasurer's investment pool that is regulated by California Government Code under the oversight of the Treasurer of the State of California. The balance available for withdrawal is based on the accounting records maintained by the Santa Barbara County Treasurer. As of June 30, 2019, the District had cash on deposit with the Santa Barbara County Treasurer in the amount of \$12,527,393.

Investments Authorized by District Policy

The District has not formally adopted a deposit and investment policy that limits the government's allowable deposits or investment and addresses the specific types of risk to which the government is exposed.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. At fiscal year end, the weighted average days to maturity of the investments contained in the County investment pool was approximately 448 days.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating firm. The Santa Barbara County Treasurer's investment pool currently holds an AAA f/S1 credit rating by Standard and Poor's.

Custodial Credit Risks

Custodial credit risk does not apply to a local government's indirect investment in deposits and securities through the use of government investment pools (such as the Santa Barbara County Treasurer's investment pool).

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT

NOTE 3: CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2019, is as follows:

	Balance June 30, 2018	Additions	Deletions	Balance June 30, 2019
Capital assets, not being depreciated				
Land	\$ 80,288	\$ -	\$ -	\$ 80,288
Construction in progress	-	-	-	-
Total capital assets, not being depreciated	<u>80,288</u>	<u>-</u>	<u>-</u>	<u>80,288</u>
Capital assets, being depreciated				
Structures and improvements	617,522	30,656.00	-	648,178
Equipment	3,967,338	227,175	(255,511)	3,939,002
Total capital assets, being depreciated	<u>4,584,860</u>	<u>257,831</u>	<u>(255,511)</u>	<u>4,587,180</u>
Less accumulated depreciation for:				
Structures and improvements	(377,767)	(8,852)	-	(386,619)
Equipment	(1,953,237)	(329,964)	255,511	(2,027,690)
Total accumulated depreciation	<u>(2,331,004)</u>	<u>(338,816)</u>	<u>255,511</u>	<u>(2,414,309)</u>
Total capital assets, being depreciated, net	<u>2,253,856</u>	<u>(80,985)</u>	<u>-</u>	<u>2,172,871</u>
Total capital assets, net	<u>\$ 2,334,144</u>	<u>\$ (80,985)</u>	<u>\$ -</u>	<u>\$ 2,253,159</u>

Depreciation expense amounted to \$338,816 for the fiscal year ended June 30, 2019, the entire amount was charged as public protection in the statement of activities.

NOTE 4: LEASES

Capital Lease Obligations

The District has entered into certain capital lease arrangements under which the related equipment will become the property of the District when all terms of the lease agreements are met. Capital Lease obligations as of June 30, 2019 are as follows:

	June 30, 2018	Additions	Deletions	June 30, 2019	Due in 1 Year
2015 Pierce Arrow	\$ 223,118	-	(72,293)	\$ 150,825	\$ 74,354

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 4: LEASES (continued)

The following is a schedule of aggregate future minimum lease payments, payable from the District's General Fund, Capital Projects Fund, and Capital Replacement Fund as of June 30, 2019.

<u>Year Ending June 30,</u>	<u>Amount</u>
2020	\$ 78,652
2021	78,652
Total minimum lease payments	<u>157,304</u>
Less: amount representing interest	<u>(6,478)</u>
Total present value of minimum lease payments	<u>\$ 150,826</u>

The following is a schedule of capital assets under capital leases by major class at June 30, 2019.

	<u>Balance</u>
Equipment	\$ 583,533
Less: Accumulated depreciation	<u>(175,060)</u>
Net capital assets under capital lease	<u>\$ 408,473</u>

Operating Lease as Lessee

The District entered into a five-year non-cancelable lease agreement for commercial office space located in Carpinteria. The initial term of the lease was from July 1, 2007 to June 30, 2013, with an option to extend the term by sixty months. In April 2018, lease was extended through June 30, 2021. The lease requires a monthly base rent of \$3,735, payable on the first of each month. Base rent is subject to fixed rental adjustments and shall increase on July 1 of each year. The District also leases a copier under a lease agreement expiring in the year 2021 with monthly payments of \$852.

The following is a schedule of future minimum lease payments required as of June 30, 2019:

<u>Fiscal Year Ending June 30,</u>	<u>Total</u>
2020	74,015
2021	73,163
2022 and thereafter	<u>-</u>
Total future minimum lease payments	<u>147,178</u>

The total rental expense, including common area operating expenses, for the year ended June 30, 2019 was \$76,912.

NOTE 5: COMPENSATED ABSENCES

The following is a summary of changes to the District’s liabilities related to compensated absences due within one year and due after one year:

	<u>July 1, 2018</u>	<u>Additions</u>	<u>Deletions</u>	<u>June 30, 2019</u>	<u>Due in 1 Year</u>
Compensated Absences	\$ 542,953	\$ 433,826	\$ (394,082)	\$ 582,697	\$ 395,000

NOTE 6: RISK MANAGEMENT

The District is a participant in public risk pools with the *Fire Agencies Insurance Risk Authority* (FAIRA) and the *Special District Risk Management Authority* (SDRMA). FAIRA and SDRMA are organized pursuant to the provisions of the California Government Code Section 6500 et seq. for the purpose of providing an effective risk management program to local governments by reducing the amount and frequency of losses, pooling self-insured losses, and jointly purchasing excess insurance and administrative services in connection with a joint protection program.

The District contributes its pro rata share of losses to pools administered by each authority. Should actual losses among the participants exceed the anticipated losses, the District and other members may be assessed for their pro rata share of that deficiency. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

General Liability

FAIRA provides the District with insurance-like benefits for general liability and excess liability coverage, automobile claims, management liability coverage, and property coverage for buildings, contents, and crime. During the fiscal year, the District contributed an annual premium of \$17,699 with limits ranging from \$1,000,000 to \$2,000,000 for each liability, and excess liability coverage of \$10,000,000.

Worker’s Compensation

The District participates in a Worker’s Compensation Program administered by SDRMA. The annual member contribution during the fiscal year was \$310,508 for the Workers’ Compensation Program, with the limit of \$5,000,000 per occurrence for workers’ compensation and statutory limit for employer’s liability coverage.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 7: RETIREMENT PLAN

Plan Description

The Santa Barbara County Employees' Retirement System (Retirement System) was established on January 1, 1944, and is administered by the Board of Retirement to provide service retirement, disability, death and survivor benefits for its employees and contracting districts. It is governed by the California Constitution, California State Government Code Section 31450 (County Employees' Retirement Law of 1937 ("CERL")), and the bylaws, policies and procedures adopted by the Retirement System's Board of Retirement.

The Santa Barbara County Board of Supervisors may also adopt resolutions, as permitted by the CERL, which may affect the benefits of the Retirement System members. The Retirement System operates a cost sharing multiple-employer defined benefit plan. Members include all permanent employees working full time, or at least 50% part time for Santa Barbara County, and the following independent special districts: Carpinteria-Summerland Fire Protection District, Mosquito and Vector Control District of Santa Barbara County, Goleta Cemetery District, Santa Maria Cemetery District, Oak Hill Cemetery District, Carpinteria Cemetery District, Summerland Sanitary District, Air Pollution Control District, the Santa Barbara County Association of Governments (SBCAG), and the Santa Barbara County Superior Court.

The Retirement System has four County retirement plans of which three plans (consisting of five rate tiers) are currently available for new employees. All plans provide benefits as defined by the CERL upon retirement, death, or disability of members. Benefits are based on age, years of service, final average salary, and the benefit options selected. Cost-of-living adjustments after retirement are provided in all plans except General Plan 2.

Fiduciary Responsibility

The Retirement System, controlled by the Board of Retirement, is a fiduciary for the accounting and control of member and employer contributions, investment income, and member benefits. The Board of Retirement is responsible for establishing policies governing the administration of the retirement plan and managing the investment of the Retirement System's assets under authority granted by Article XVI of the Constitution of the State of California. Article XVI, Section 17(a) provides the Retirement Board has the "sole and exclusive responsibility to administer the system in a manner that will assure prompt delivery of benefits and related services to the participants and their beneficiaries." Section 17(b) further provides that "Members of the Retirement Board of a public retirement system shall discharge their duties...solely in the interest of, and for the exclusive purpose of providing benefits to participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. A Retirement Board's duty to its participants and their beneficiaries shall take precedence over any other duty."

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 7: RETIREMENT PLAN (continued)

The Board consists of nine members and two alternates. These positions are filled as follows: The County Board of Supervisors appoints four, members of the Retirement System elect six (including the two alternates) and the County Treasurer-Tax Collector is an ex-officio member. The Retirement System is a legally separate entity and is not a component unit of the County. It publishes its own Comprehensive Annual Financial Report and receives its own independent audit.

Additional detailed information and separately issued financial statements can be obtained from the Retirement System located at 3916 State Street, Suite 210, Santa Barbara, CA 93105.

Funding Policy

Contributions are made by members and employers at rates recommended by an independent actuary, approved by the Board of Retirement, and adopted by the County Board of Supervisors. General employees and firefighters are members of General Plan 5A and Safety Plan 4A, respectively. The employee contributions of plan members of General Plan 5A range from 2.77% to 5.72%. The employee contributions of plan members of Safety Plan 4A range from 5.13% to 9.04%. The District is required to contribute an actuarially determined employer rate; the employer rate is 17.59% for General Plan 5A and 26.87% for Safety Plan 4A members. Employee contribution rates are based upon each employee's age of entry. Member contributions cannot be withdrawn until separation from employment.

Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions. Total pension liability represents the portion of the actuarial present value of projected benefit payments attributable to past periods of service for current and inactive employees.

- Discount Rate/Rate of Return – 7%, net of investment expense
- Inflation Rate – 3.0%
- Salary increases – 3.0% plus merit component
- COLA Increases – up to 2.75% for those with a 3% COLA cap and 2.0% for those with a 2% COLA cap
- Post-Retirement Mortality – Sex distinct RP-2000 Combined Mortality, projected with generational improvements.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2018.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 7: RETIREMENT PLAN (continued)

Actuarial Assumptions (continued)

The long-term expected rate of return on pension plan investments (7%) was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	19%	5.6%
Investment grade bonds	10%	0.70%
Emerging market non-U.S. equity	10%	8.80%
Developed market non-U.S. equity	9%	6.00%
Private equity	7%	7.20%
Tips	7%	0.40%
Private real estate	6%	4.00%
High yield bonds	4%	3.60%
Foreign bonds	4%	-0.30%
Emerging market bonds	3%	3.50%
Natural resources (private)	3%	6.40%
Commodities	3%	2.20%
Bank loans	2%	2.40%
Other -	9%	-.020% - 7.60%

The discount rate used to measure the total pension liability was 7%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension fund's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. In theory, the discount rate may differ from the long-term expected rate of return discussed previously. However, based on the projected availability of the pension fund's fiduciary net position, the discount rate is equal to the long-term expected rate of return on pension plan investments, and was applied to all periods of projected benefit payments to determine the total pension liability.

**CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 JUNE 30, 2019**

NOTE 7: RETIREMENT PLAN (continued)

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6%) or 1 percentage point higher (8%) than the current rate:

	1% Decrease 6%	Discount Rate 7%	1% Increase 8%
District’s proportionate share of the net pension plan liability	\$ 18,475,295	\$ 11,258,999	\$ 5,372,461

Detailed information about the pension fund’s fiduciary net position is available in the separately issued Santa Barbara County Employee Retirement System (SBCERS) comprehensive annual financial report which may be obtained by contacting SBCERS.

NOTE 8: OTHER POST EMPLOYMENT BENEFITS

Plan Description

The District’s agent multiple-employer defined benefit postemployment healthcare plan (OPEB Plan) is administered by the Santa Barbara County Employees’ Retirement System (Retirement System). The OPEB Plan provides medical benefits to eligible retired District and other employer plan sponsors’ employees, as well as to their eligible dependents, pursuant to California Government Code Section 31694 et seq. Other employer plan sponsors include Santa Barbara County, Goleta Cemetery District, Santa Maria Cemetery District, Carpinteria Cemetery District, Summerland Sanitary District, Santa Barbara County Air Pollution Control District, Santa Barbara County Association of Governments, and the Santa Barbara County Superior Court.

In September 2008, the District and the Retirement System adopted an Internal Revenue Code (IRC) Section 401(h) account that provides for these benefits. Under GASB Statement 43, *Reporting for Post-Employment Benefit Plans Other Than Pension Plans* and GASB Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, the liability related to the plan is required to be determined for both retirement systems and employers. GASB Statement 43 and 75 are not limited to the reporting of vested benefits.

Additional detailed information and separately issued financial statements can be obtained from the Retirement System located at 3916 State Street, Suite 210, Santa Barbara, CA 93105.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 8: OTHER POST EMPLOYMENT BENEFITS (continued)

Plan Benefits

Retirees are offered the same health plans as active District employees, as well as enhanced senior plans for retirees on Medicare. Retiree premiums are rated separately from active District employees; as such, the District does not have a retiree premium implicit rate subsidy.

Pursuant to the OPEB Plan, the District provides a monthly insurance premium subsidy of \$15 (whole dollars) per year of credit service from the 401(h) account for Eligible Retired Participants participating in a District-sponsored health insurance plan. The monthly insurance premium subsidy is applied directly by the Retirement System to pay the premium and is not paid to the retiree or other party. The maximum amount paid in any month does not exceed the premium; any amount in excess of the premium is forfeited.

If an Eligible Retired Participant does not participate in the District-sponsored health insurance plan, then the Retirement System reimburses the Eligible Retired Participant for other medical care expenses. The maximum monthly amount paid is \$4 (whole dollars) per year of credited service.

If a member is eligible for a disability retirement benefit, the member can receive a monthly health plan subsidy of \$187 (whole dollars) per month or a subsidy of \$15 (whole dollar) per month per year of service, whichever is greater. This subsidy is treated as a nontaxable amount to the disabled recipient.

Survivors of Eligible Retired Participants (Spouses and Dependents) continue to receive a subsidy proportionate to their percentage of the retiree's pension benefit (if any).

Funding Policy

The District and other participating employer plan sponsors individually determine their separate contributions to the Retirement System to fund the OPEB Plan. The District has adopted a pay-as-you-go basis for funding retiree medical benefits.

Total OPEB liability

The District's total OPEB liability was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

**CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 8: OTHER POST EMPLOYMENT BENEFITS (continued)

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases	3.00%
Medical cost trend	5-9% increases
Discount rate	3.58%
Mortality Rates	CalPERS healthy annuitant mortality tables

The following are the components of the District’s annual OPEB cost for the fiscal year ended June 30, 2019:

	<u>2019</u>
Total OPEB liability- beginning	\$ 2,770,785
Service Cost	50,482
Interest	97,431
Experience changes	178,389
Benefit payments	(151,391)
Change of assumptions	<u>(96,677)</u>
Net change in total OPEB liability	78,234
Total OPEB liability - ending	<u>\$ 2,849,019</u>

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District’s total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	2.87%	3.87%	4.87%
District’s proportionate share of the net OPEB plan liability	\$ 3,208,063	\$ 2,849,019	\$ 2,552,244

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 9: COMMITMENTS AND CONTINGENCIES

Grant Revenues

The District recognizes as revenues grant monies earned for costs incurred in certain Federal and State programs the District participates in. The program may be subject to financial and compliance audits by the reimbursing agency. The amount, if any, of the expenditures which may be disallowed by the granting agency cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

NOTE 10: DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Pursuant to GASB Statement No. 63, the District recognized deferred outflows of resources in the government-wide and proprietary fund statements. These items are a consumption of net position by the District that is applicable to a future reporting period.

The District has one item that is reportable on the Government-Wide Statement of Net Position as Deferred Outflows of Resources which is related to pensions. These are the pension contributions made during the 2019 fiscal year which for reporting purposes are deferred until the following fiscal year. The sum total is \$1,904,038. In addition, the District reports deferred outflows related to contribution differences, assumption changes and investment return results that will be recognized over the following 4 fiscal years. The total for these was \$2,464,152.

The District also recognized deferred inflows of resources in the government-wide financial statements. This is an acquisition of net position by the District that is applicable to a future reporting period. The District has one item related to pensions that is captured as a deferred inflow of resources. This is related to experience and proportional differences that will be captured into income in future years. The sum total for these balances at year-end is \$1,508,305.

Under the modified accrual basis of accounting, it is not enough that revenue is earned, it must also be available to finance expenditures of the current period. Governmental funds will therefore include deferred inflows of resources for amounts that have been earned but are not available to finance expenditures in the current period.

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

CARPINTERIA –SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 10: DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (continued)

The deferred outflows related to investment return differences and contribution differences, and the deferred inflows related to proportional differences and experience differences will be amortized over a 4-year period as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2019	\$ 649,064
2020	303,762
2021	68,128
2022	<u>(65,108)</u>
Total	<u>\$ 955,846</u>

NOTE 11: SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification Topic 855, Subsequent Events, the District has evaluated subsequent events through March 17, 2020, which is the date these financial statements were available to be issued. There were no material events identified requiring adjustment or disclosure.

CARPINTERIA-SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)
JUNE 30, 2019

NOTE 1: BUDGETARY AND LEGAL COMPLIANCE

In accordance with California Health and Safety Code Section 13895, on or before October 1, the District must submit a board approved budget to the County Auditor. Annual budgets are adopted for the District's general, capital projects, and capital replacement funds. Budgets are prepared on the modified accrual basis of accounting consistent with GAAP. Annually the Board of Directors conducts a public hearing for the discussion of proposed budgets. At the conclusion of the hearing, the Board adopts the final budgets. All appropriations lapse at fiscal year-end and are subject to re-appropriation as part of the following year's budget. The legal level of budgetary control (the level on which expenditures may not legally exceed appropriations) is maintained at the object level. Any changes in the annual budget must be changed by a vote of the Board.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of the
Carpinteria-Summerland Fire Protection District
Carpinteria, California

We have audited, in accordance with the auditing standard generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Carpinteria-Summerland Fire Protection District (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 17, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified.

Board of Directors
Carpinteria-Summerland Fire Protection District
Carpinteria, California

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Carpinteria-Summerland Fire Protection District
Carpinteria, California

Report on Compliance for Each Major Federal Program

We have audited Carpinteria-Summerland Fire Protection District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Carpinteria-Summerland Fire Protection District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, Carpinteria-Summerland Fire Protection District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Board of Directors
Carpinteria-Summerland Fire Protection District
Carpinteria, California

Report on Internal Control over Compliance

District management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Carpinteria-Summerland Fire Protection District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Carpinteria-Summerland Fire Protection District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified no material weaknesses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CARPINTERIA-SUMMERLAND FIRE PROTECTION DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2019**

NOTE 1 – BASIS OF PRESENTATION

The Carpinteria-Summerland Fire Protection District (the District) is an independent division of local government, authorized by California Health and Safety Code Sections 13800-13970. All significant operations of the District are included in the scope of the Uniform Guidance audit (the “Single Audit”). The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District’s, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

The Federal Emergency Management Agency has been designated as the District’s cognizant agency for the Single Audit.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

For purposes of this report, certain accounting procedures were followed which help illustrate the authorizations and expenditures of the individual programs. The Schedule of Expenditures of Federal Awards is prepared on the accrual basis of accounting. All authorizations represent the total allotments or grant awards received. All expenses and capital outlays are reported as expenditures. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Any Federal funds expended in excess of Federal funds received are recorded as a receivable from the grantor agency and any Federal funds received in excess of Federal funds expended are recorded as a payable to the grantor agency.

NOTE 3 – INDIRECT COST RATE

The District, California has elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

SECTION I – SUMMARY OF AUDITOR’S RESULTS
