City of Santa Barbara Utilities

The City of Santa Barbara provides natural gas, water, and sewer facilities throughout Mackenzie Park at various locations. These utilities are to be used and shared by all food and beverage vendors as needed and you agree to be accommodating in allowing your neighboring vendors access to these utilities.

Booths located where a utility landscape box is present shall remit a security deposit of $300 to ensure the return of the gas and water valves, connectors and hoses located within these utility boxes. This fee is required by the City of Santa Barbara whether or not the vendor uses these utilities and is required solely to ensure the proper return of the valves, connectors, and hoses provided by the City of Santa Barbara.

You must submit a separate $300 check for the Utility Deposit. Made payable to Old Spanish days. It must be received in the OSD office within 1 week of your application. This check will be held and returned to you in full after the city inspector has verified all items have been returned. All debris will be removed upon closing your booth or this will be cause for forfeiture of your deposit.

Make sure to physically return all utility components to an OSD committee member at breakdown. All components (hoses, valves, connectors, etc.) supplied will be verified and documented as received. Failure to return components within 4 days of the end of Mercado Del Norte will result in forfeiture of this deposit and may affect your invitation to participate in the future.
