**Email:**

**2. Tell us why you'd like to be at Eliot, and what obstacles and/or barriers make your attendance less likely without this financial consideration and assistance. You may choose to share information about your income, assets or financial obligations if you believe that would be helpful in our decision-making, but it is not required.**

**3. Have you already registered for camp and submitted your deposit?** (If you have not registered, please go to [www.eliotinstitute.org](http://www.eliotinstitute.org) and do so, to hold your spot. If you cannot afford the deposit, you may submit this application for financial assistance in lieu of the deposit – simply close the tab once you reach the payment stage of the registration. The rest of your registration will have gone through.)

**4. List for all persons, including yourself, for whom you would like consideration:**

**Name:**

**Age:**

**Relationship to you:**

**Amount requested for this person:**

Please do not leave the "Amount Requested" section blank.

Check the fees on the website at <https://www.eliotinstitute.org/registration-fees> (or contact the Registrar at [registrar@eliotinstitute.org](mailto:registrar@eliotinstitute.org)), determine the amount you can pay, calculate the difference, then enter the amount you need. The committee wants to have a clear idea of the assistance you need to make camp attendance possible.

Our scholarship funds stretch further when recipients stay in our "Shared Bath Economy" housing, and when they can share a room, if they are attending camp solo. However, we understand that there could be many reasons why that level of housing might not work for you. We want all of our campers to be comfortable while staying at Eliot, and trust that you will request the housing you need, taking into consideration Eliot's desire to provide assistance to as many in our community as possible.
