

**ELIOT INSTITUTE  
LIFEGUARD  
Summer Camps  
(2025)**

**NOTE:** Eliot Institute requires that two lifeguards be appointed for our July and August camps. We will have one lifeguard at the Creative Arts Eliot.

**SELECTION:** Selected by the Dean and responsible to the Waterfront Director.

**QUALIFICATIONS:** Current water safety and life-saving certification (such as Red Cross Senior Water Safety, Bronze Cross, or NSL certification) is preferable. Certification must have been completed within the past 10 years.

**GENERAL RESPONSIBILITIES:** Under the direction of the Waterfront Director, supervise safety during designated hours at the swim dock and the lagoon beach.

**SPECIFIC RESPONSIBILITIES: TIMELINE**

**BEFORE CAMP**

- \_\_\_\_\_ Register for camp. Sign a contract and Code of Ethics; send both to the Registrar.
- \_\_\_\_\_ Be familiar with “Seabeck’s Rules for Lagoon Use.” The Registrar will have a copy for you at camp. To view it earlier, see Ideas, Hints and Tips at end of this job description.
- \_\_\_\_\_ Be familiar with Eliot Waterfront Rules found on the Eliot website and Use of the Air Horn. See [www.eliotinstitute.org](http://www.eliotinstitute.org) —> Volunteers —> Camp Jobs

**ARRIVAL DAY**

- \_\_\_\_\_ Attend staff meeting.
- \_\_\_\_\_ Be present when the Board Representative signs “Seabeck’s Rules for Lagoon Use” with the Seabeck staff person.

**DURING CAMP**

- \_\_\_\_\_ Help the Waterfront Director to enforce the general rules applicable to waterfront activities. Inform campers they may swim at Eliot only when supervised by an appointed lifeguard, only at the lagoon swimming area ~~and swimming dock~~, and only at times designated and authorized by the Dean(s). (Usually from 1:30 - 5:00 each afternoon.) No swimming after dark. Swimming at other locations, such as the picnic area at Salmon Bake beach, at any time including during the Salmon Bake event, is unauthorized, not supervised and solely at the risk of swimmers and their parents, guardians, or sponsors.

- \_\_\_\_\_ Supervise the morning Polar Bear Swim. Ensure swimmers enter the lagoon in waves with the stronger and heavier swimmers first, then lighter swimmers and smaller adults, then children last. People should dive in, not jump in, then immediately swim away from the dock to clear potentially dangerous congestion there. Campers under 18 must have a swim badge; for the first morning of camp, before badges are earned, they must be accompanied by a parent or a designated adult swim buddy.
- \_\_\_\_\_ In the event that weather, water conditions, or a decrease in the number of swimmers reduces the need for two Lifeguards, the Waterfront Director may assign shifts to the Lifeguards as deemed appropriate.
- \_\_\_\_\_ Conduct swim checks of children 17 and younger and add appropriate colored tapes to their swim bracelets. See "Swim Badges" under Camp Jobs on the website. [Note: Usually a volunteer adult camper will help do this task.]
- \_\_\_\_\_ Recommend new or revised rules to the Waterfront Director for submission to the Dean.
- \_\_\_\_\_ August Camp Only: Hiroshima Boat Ceremony: One Lifeguard and one adult are to be in a boat in the lagoon during the time MAGs are setting out Hiroshima boats. Also each MAG rower must be qualified (passed the row boat test or paddle boat test).
- \_\_\_\_\_ Triathlon and Watermelon Polo: See special tips in the job description for the Waterfront Director. See [www.eliotinstitute.org](http://www.eliotinstitute.org) —> Volunteers —> Camp Jobs

## **USE OF AIR HORN**

**One Blast:** All persons swimming, on the swim dock or on the beach are to immediately stop what they are doing, and pay attention to the instructions of the Lifeguard.

**Three Long Blasts:** This should be used ONLY for "911" type emergencies. Any camper should call 911 if heard. ONLY campers trained in emergency or medical procedures should respond. Three blasts on the horn requires ALL people to leave dock and water, except those responding to the emergency.

## **LAST DAY OF WATERFRONT ACTIVITIES**

- \_\_\_\_\_ Assist the Waterfront Director in returning waterfront equipment to the Storage Closet. Be sure all equipment is bone dry.
