Against All Odds

A male resident, we will call him Alex was referred by New Beginnings Safe Parking Program to WillBridge Permanent Supportive Housing Program. Alex works in the hospitality industry, and became a resident of WillBridge in February 2025. Alex is originally from Brazil, and mentioned he was in the process of applying for his United States Citizenship. Alex goes to work daily, and enjoys his life. Clouded with the growing uncertainty of the current government administration, and the deportation of immigrants raised some concern. Alex maintained a positive attitude, and navigated the immigration process without incident. We are happy to announce in January 2026, Alex was sworn in as a United States Citizen, received his U.S. passport, and naturalization document. WillBridge housemates and staff celebrated Alex's perseverance, and this new chapter in his life.
