Ornamental Grass

- (1) Leaves will be picked up starting the 3rd week of October continuing through the 1st week of December when raked to the curb.
- (2) Recycle your grass using a mulching mower or by cutting your lawn frequently and leaving the grass on the lawn. This does not contribute to thatch and provides an excellent fertilizer. You can place your grass out for the regular trash collection but this is not recommended by the Township or the Department of Environmental Protection (DEP).

Yard waste is only picked up where residents place refuse and recycling curbside for collection. If you have questions, please contact the Township @ 610.866.1140.

This schedule is subject to change based on weather conditions and Township operational needs.
