F	Christian Living	Ankerberg, Dr. John (Ankerberg Theological Research Institute) Show	How Can God Help You Deal With Chronic Pain, Disability, and Illness? John Ankerberg, Joni Eareckson Tada, Michael Easley In this series of 3 programs, you'll experience the inspiring stories of Joni and Michael, along with what the Bible shares about the reasons for suffering and how God helps in our time of pain. God doesn't not allow pain in our lives without reason. He also doesn't leave us without hope or His presence. The question is not "Why?" but "How can we live with the sufferings of this life?"

Gray IV, takes you through the history of the American Railroad. From the very early years of steam to the First and Second World Wars to the age of diesel, learn how the American railroads forever changed the face of the United States. <b>Last of the Giants</b> - In 1941 the Union Pacific Railroad put into service the world's largest and most powerful steam locomotive "Big Boy". Built to haul heavy loads up mountain grades, it become one of the major workhorses during WW II. This film describes advancements in technology that brought the railroads of America into the modern age. The 225,000 miles referenced in the title was the entire American railroad network of the 1950's. Vol. 1
O	Educational Video (VHS)	Marathon Music & Video	<b>American Railroads - The Steam Train Legacy - <u>Flight of the Century</u></b> - The 20th Century Limited was the height of class and style and the only to travel between Chicago and New York in the 1930's. The 20th Century Limited, operated by the New York Central, used the famous 4-6-4 Hudson-class locomotives, able to reach speeds topping 70 miles an hour. <b>Science Rides the High Iron</b> - This film looks at the science behind the control systems, communications, data processing, integrated shipping and automated freight yards of America's railroads. From containerization to diesel engines, we will see the industry experts work to improve each part of train commerce and travel and finally experience the triumphs of their efforts as we ride aboard modernized passenger trains.
