FOREWORD

THE GLOMERATA of 1932 is our contribution to the enduring record of Alabama Polytechnic Institute. It is an illustrated story of events that have made this year different from any other. The purpose underlying this volume has been to preserve a record of the days spent at Auburn, that the memories of the past may not be lost in dreams of the future. If you should glance through these pages again and they should refresh the pleasant memories of your college days spent on this campus, we will consider our purpose accomplished, our work a success.

BENJAMIN MEEK MILLER

GOVERNOR OF THE STATE OF ALABAMA

Unperturbed by demands and determined in his policies, Governor Benjamin Meek Miller is guiding the destiny of the State of Alabama during one of the most trying periods in its history. Although he has been the State's chief executive for less than two years, he has dealt with a multitude of problems far-reaching in importance and difficult to solve.

But he has not wavered from his determination to put the State's finances on a sound basis, to go forward with education, to continue highway construction, and to proceed with other necessary state functions.

And Governor Miller has demonstrated that he is a real and genuine friend of the Alabama Polytechnic Institute in all of its divisions—teaching, research, and extension. Here his problems are understood, his noble character and excellent policies appreciated, and cooperation with him assured.

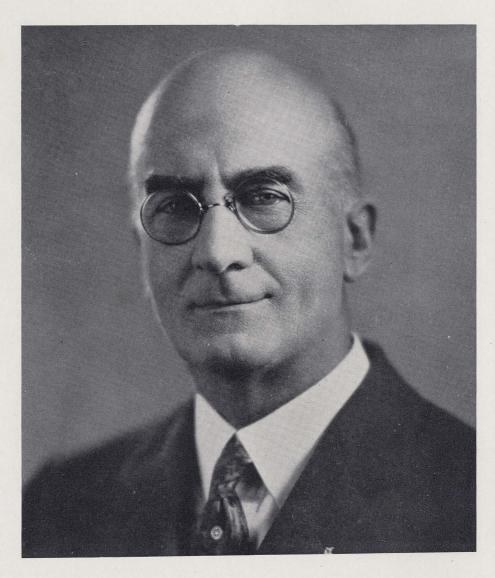

DR. BRADFORD KNAPP, B.S., LL.B., D.Agr.

Directing affairs at the Alabama Polytechnic Institute is Dr. Bradford Knapp, who, with this commencement, completes his fourth school year at Auburn. His scholarly, wide comprehension of educational affairs, coupled with a long executive experience, fits him admirably as one of the outstanding college presidents in the country.

Under the leadership of Dr. Knapp, the number of students has increased and the physical equipment of the institution has been enlarged.

Though always tremendously busy with vast administration duties and constantly pressed with the necessity of meeting many speaking engagements, "Prexy" is never too busy to confer with any student who desires his counsel. Because of his sympathetic concern and wise leadership, Dr. Knapp merits and holds the profound admiration of Auburn men.

PRESIDENT OF ALABAMA POLYTECHNIC INSTITUTE

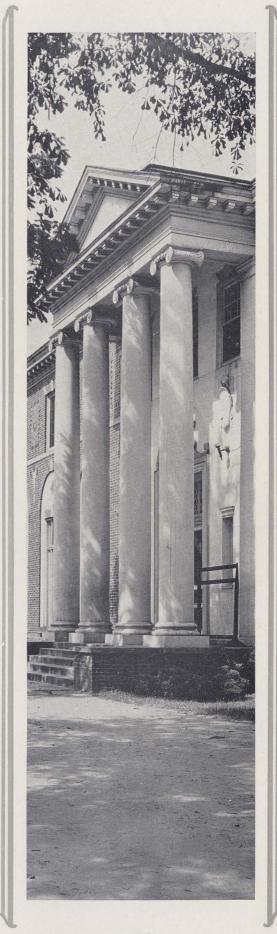

What Auburn Is

An instrumentality of the State and not just a college, Auburn has her three broad fields of usefulness in the work of Alabama. First, the Alabama Polytechnic Institute, familiarly known as Auburn, is an institution of learning where young men and young women may obtain a college education but with special emphasis upon Agriculture, Engineering, the sciences and the preparation for the fundamental and related vocations constituting the surrounding rural life, industrial and business life and the fundamental training in citizenship necessary for the development of the individual in his relation to his fellow citizens and the State. The second great function of this institution is research, the finding out of facts, the development of knowledge, the study and determination of those scientific, economic and social factors the knowledge of which is necessary for the people of the state in meeting their problems in an advancing civilization. No institution can teach well without thirst for knowledge, nor can an institution be prepared to advise wisely on matters affecting the people without the acquisition of knowledge in advance of the times. The third great purpose of Auburn is the dissemination of knowledge to all the people of the state, particular emphasis being laid upon the agricultural or rural population of Alabama. Through representatives of the institution residing and working in the various counties, Auburn deals more intimately with the lives and the work of thousands of its citizens than any other institution in the State.

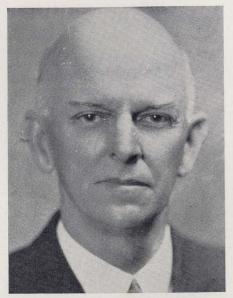

Accomplishing

The student body has increased from 1,615 in the regular session of 1927-28 to 2,007 in 1931-32, an increase of more than 24 per cent. Including the summer school and the short courses, the total number coming to the campus each year for instruction is more than 5,300. The research work in Agriculture has been greatly extended to meet the needs of the State in the new day when cotton becomes less dependable as a source of income. Five branch experiment stations and ten fields are used to study soils, crops, livestock, cost of production, farm management and many other problems affecting farmers. Chemistry, Physics and Engineering branches are also undertaking lines of work the results of which are attracting scientists, business men, farmers and citizens generally to Auburn as a source of information. The outstanding accomplishment in the scientific world is the discovery of a new element by Doctor Allison and the naming of that element after the great state of Alabama. Last, but by no means least, the tremendous effort of the Extension Work in Agriculture and Home Economics working diligently with the organized farmers of Alabama and with the citizens everywhere to establish a better and more dependable farm life on a new plane of economic independence and resourcefulness. A conservative estimate of the number of people reached in this way by effective work would be 100,000 and through these the work of Auburn is felt in every home in the rural sections of Alabama.

Graduate School

GEORGE PETRIE A.M., Ph.D., LL.D. Dean

The Graduate School coordinates the work of all divisions of the institutions in courses above the Bachelor's Degree. Higher training with much emphasis upon research and higher standards of scholarship are essential for the Master's and Professional degrees.

0

School of Engineering

Engineering Experiment Station

John Jenkins Wilmore M.E.

Dean and Acting Director

The School of Engineering has to do with the material phases of our civilization. It deals with construction, with materials, with machinery, and all the processes of manufacturing. The Auburn School of Engineering occupies an enviable place not only in Alabama but in the entire nation. Its graduates are in demand in all the industries and engineering activities because of their character and attainment, initiative and resourcefulness.

0

School of Agriculture

Agricultural Experiment Station

Marion Jacob Funchess

B.S., M.S.

Dean and Director

The School of Agriculture has as its function training in all branches of agriculture from the farmer to the specialist and the scientist. The field service is rapidly being extended. It cooperates with the School of Education in the Training of Teachers of Vocational Agriculture.

Through the numerous and expensive investigations of agricultural problems, the Experimer? Station, with its outlying fields and branch stations, is giving the people of the State of Alabama new, useful and practical information for the solution of agricultural problems.

School of Science and Literature

John Winfield Scott B.S., M.A., Ph.D.

Dean

The School of Science and Literature is a service school for the institution. In it are contained the fundamental scientific, cultural and literary subjects necessary for the proper training of men and women in all schools of the institution. Particular emphasis is laid upon the rapidly developing department of Economics and Business Administration, which serves all divisions as the supreme importance of economic questions has dominated every industry.

0

School of Chemistry and Pharmacy

CLIFFORD LEROY HARE
B.S., M.A.
Acting Dean

The aim of the School of Chemistry is a thorough preparation of chemists and chemical engineers for the many opportunities now opening in industries where chemistry is fast becoming the dominant factor. As chemistry is fundamental to agriculture, engineering, and many technical courses, this school does the basic work in chemistry for all schools of the institution.

The School of Pharmacy is a standard accredited school of the American Association of Colleges of Pharmacy for the training of pharmacists and pharmaceutical chemists.

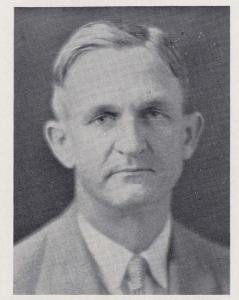

0

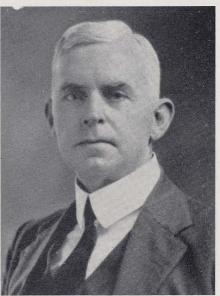

School of Education

ZEBULON JUDD
Ph.B., A.M.

Dean

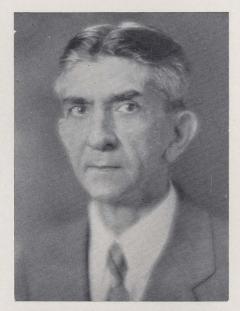

The School of Education has for its objective the training of teachers in the professional courses in education to fit them as elementary teachers, junior and senior high school teachers, and teachers of general academic subjects, teachers of vocational agriculture, vocational home economics, vocational manual and industrial arts, and the special training of principals, supervisors, and superintendents. This school cooperates with the other divisions of the institution in which students receive the fundamental training in subject matter.

School of Architecture and Allied Arts

FREDERIC CHILD BIGGIN B.S., M.S.

Dean

The School of Architecture and Allied Arts offers degree courses in Architecture, Architectural Engineering, and Applied Art. It is a member of the Association of Collegiate Schools of Architecture and recognized by the American Institute of Architects.

The course in Applied Art provides opportunity to specialize in commercial art, design of furniture, costumes, textiles, wall paper, material designs, and landscape architecture.

0

School of Veterinary Medicine

CHARLES ALLEN CARY

B.S., D.V.M.

Dean

The School of Veterinary Medicine prepares you men for the profession of veterinarian, livestock disease inspector, governmental and army employee along veterinary lines, and as bacteriologists. Graduates of this school are eligible to membership in the American Veterinary Medicine Association as well as for appointment to governmental positions for which a course in Veterinary Medicine is a prerequisite.

0

School of Home Economics

Louise Phillips Glanton B.S., M.A.

Head

The School of Home Economics offers courses leading to the degree Bachelor of Science in Home Economics and trains young women as home managers, child welfare workers, dietitians, and other positions open to graduates in Home Economics. It cooperates with the School of Education in the training of teachers of Vocational Home Economics.

Extension Teaching

BENJAMIN ROSCOE SHOWALTER

A.B., M.A., Ph.D.

Director

The Division of Extension Teaching carries on instruction in study centers, organized classes at other points than Auburn, correspondence courses, and through lectures. It gives courses of instruction for college credit conducted by regular members of the faculty to those who are unable to come to the campus.

0

School of Textile Engineering

EDMON WEYMON CAMP

B.S. Head

The School of Textile Engineering is the newest school on the campus of the Alabama Polytechnic Institute, and has for its object the training of young men as textile engineers, textile administrators, specialists in textile design, and in textile chemistry. It is well equipped with a new and modern plant where both theoretical and practical instructions are given. The great growth of the textile industry in Alabama makes the work of this school in education, research and extension important.

0

Agricultural Extension Service

LUTHER NOBLE DUNCAN

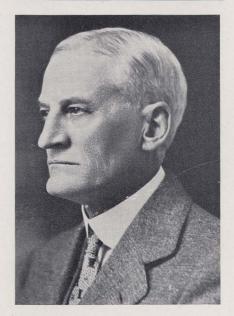

M.S.

Director

The Extension Service is the medium through which useful and practical information on subjects relating to agriculture and home economics is disseminated among the people of Alabama through county agents, county home demonstration agents and specialists. It assists the rural people of the state in solving their difficult problems by educational means and practical instruction on the farm and in the home. It disseminates information through practical demonstrations, publications, meetings, and through the broadcasting station WAPI, owned in part by this institution.

Agricultural Extension Service

BERNER LEIGH SHI

M.S., C.E.

Executive Secretary and Registrar

The Executive Secretary is assistant to the president and secretary to the Board of Trustees. The registrar's office keeps the scholastic and personal records of all students and furnishes information concerning entrance requirements. Information regarding students' records are furnished to executive officers of the institutions, members of the faculty and student organiza-

0

ZOE DOBBS

A.B., M.A. Dean of Women Social Director

The Dean of Women is general adviser to women, and through this office a personal contact is secured for them. A close rela-tion is insured which gives increased incentive for higher scholarship as well as a desire for a more active participation in college

activities.

The Social Director exercises indirect supervision of the dances and other social events through the Social Committee.

School of Military Science

MAJOR GUSTAV H. FRANKE

F.A., D.O.L.

Commandant

The School of Military Science was established at Auburn at the very inception of the institution under the provisions of the original Land Grant of Congress accepted by the State of Alabama. It comprises a Field Artillery and an Engineering Unit of the Senior Division of the Reserve Officers' Training Corps. This school has received the highest rating awarded by the War Department for the past nine years. It offers courses which not alone train the student for the army, but which are valuable as a part of their general education.

Senior Class History

OUR long, eventful, worth-while years have passed since the Class of 1932 arrived at the Cornerstone to pursue a higher education. Over six hundred of us filtered through the Main Gate in that hot September sun, to step upon the campus long known as the home of the South's greatest educational institution.

The first year proved one of the trials and tribulations, filled with many inconceivable surprises and disappointments, but what a great feeling it was to be a member of that innumerable herd of orange tops, better known as "Auburn Rats."

Our sophomore year came only too slowly but not too soon. The robes of the neophyte were shed, habits peculiar to a first-year man were done away with, and a broader vision of true college life was obtained. One might say the Auburn spirit did not take hold until the second year. As our knowledge increased, so did the institution show signs of expansion. Many new departments and buildings were annexed.

At the beginning of our junior year, Langdon Hall did not appear quite so cold as it had during the freshman quizzes. All realized that two years were behind with only two to go. The first pleasant transaction with Uncle Sam took place when he gave us that first War check.

We saw evidence for the first time of that vicious Auburn Tiger, who was throwing away the hide of a conquered one and assuming the role of the victor. "Chet" Wynne had taken over the duties as commander-in-chief of the gridiron and other athletic activities. His football machine was recognized by the sports scribes as a formidable one and the prevailing comment in barber shop and legislature was, "Auburn is coming back."

The baseball nine, under the newly acquired mentor, Coach Sam McAllister, brushed aside all opposition and annexed both the Southern Conference title and the Dixie League pennant. The thin clad warriors romped at will in the A. A. U. at Atlanta and only influenza subdued the hardwood five. Yes, Auburn is back and "War Eagle" can again be acclaimed the National Anthem.

Vacation after this past glorious term did not mean a thing. It only brought that long-awaited period of hardships, toil, and labor. The R. O. T. C. camp, under Commandant Major J. T. Kennedy of Auburn, filled up the first six weeks of this supposedly period of rest and recreation. Who will forget K. P. duty, horses, bridges, and five-o'clock risings? A great time was had though, and all returned none the worse, but much the better after our horrifying escapade in Georgia's fair city on the Chattahoochie.

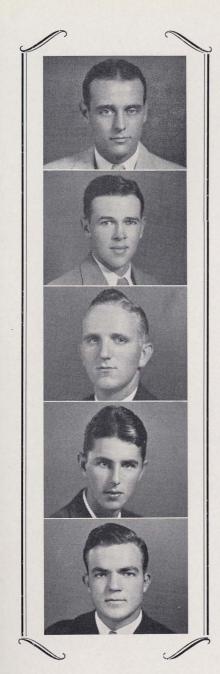

J. D. Bush was elected to steer the class during this, our final year. After reviewing our time spent at A. P. I., we find that the first year was the greatest and the last the saddest. Most of us bid "au revoir" to life-long friends and face the most cruel world since the Ice Age.

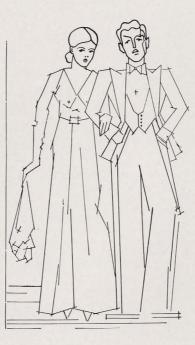

Every movement, song, and history must come to an end. This chronicle must finish as the curtains are drawn on our four-year play in Auburn. We hope that every member of our class will reflect credit on his home, the South, and Auburn.

JOE E. JENKINS, Historian

Junior Class History

URING the early part of September, 1929, when Alabama Polytechnic Institute opened her doors for another school year she found some five or six hundred lively youngsters bidding entrance.

We had said farewell to our parents, friends, and hair-oil rather reluctantly, as we knew not what kind of life an Auburn "rat" would have to live; but our goals had been set, our ambitions were high, so to Auburn the college of our choice we came.

How disappointed the girls must have been when we came home with all our hair still intact! We were the first class given the privilege of keeping the old curls. The other great change, much to our happiness, was the new uniforms which awaited us and not the old wrap leggins and khaki uniforms.

We received our first taste of college politics when we chose Jimmie Hitchcock the president of our freshman class, after having made himself known on the freshman football team. Our sophomore year, Cecil Carrol was honored by being president and this year Bob Greer is our leader.

Last year, when Jimmie Green furnished the rhythm for the mid-term dances, the Juniors thought the affair would never be equalled; but as time passes records fall. This year we think the same of the gallant frolic, as Bernie Cummins caused us to move merrily from one side of the Gym to the other with the fairest of the "fair" sex.

When we came to Auburn three years ago, our standing in the Southern Conference was very low, but we found the War-Eagle last year and look at the football team now. It is feared by every team in the Conference. The baseball team won the Southern Conference championship, and the track team carried on the good record of not being defeated in dual meets. Our Class of '33 has made many of the contributions that has caused the success to be so great in the different sports.

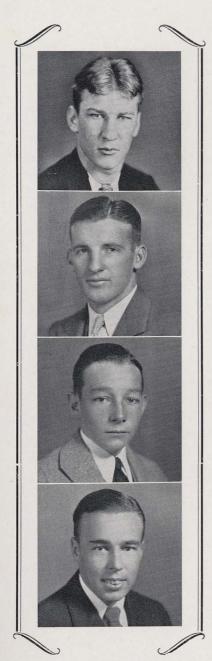

Now we are on the last lap, getting ready for the final straight-away. We have our spirits on a high plane and are ambitious to start the final year so we can carry on for our Alma Mater.

Sophomore Class History

T the time when the mighty Auburn Tiger was being awakened from an extended nap and instilled with new life, over eight hundred ambitious young men and women became members of the Class of '34. Hand in hand with the mammoth feline as it climbs the grade known everywhere as "a come-back" now trudges this same class.

It was this group of students who, as "Rats," saw Auburn win its first Southern Conference football game in several years. It was a part of this group of students who, as members of the Freshman football team, had the advantage of starting a new system on the gridiron under a new set of coaches. It was this same group of students that welcomed the arrival of May and rejoiced in the realization that the far-famed "Rat" year was over.

When the members of the football squad reported last fall, some of the most promising material was found among the newly titled Sophomores. During that memorable engagement in the biting cold of a bleak, rainy day far from the sunny Southland, six students from the Class of '34 were fighting their hearts out as a part of the "iron thirteen" that battled the University of Wisconsin to a 7-7 deadlock. Throughout the entire football season, members of this same class comprised the backbone of that everthreatening Tiger and helped give the Plainsmen a decided start toward supremacy in this sport.

The Sophomore Hop at the beginning of the year was declared a tremendous success by the crowds that attended. This affair brought many beautiful young ladies from all parts of the South to the loveliest village of the plains and ushered in the social season of 1931. The best of dance music was rendered by Blue Steele and his popular orchestra under the unique circus top that formed the theme for the decorations.

Examinations and the end of the first semester saw a number of the members of the class drop from the ranks of their fellows and turn to different fields. Those who were more fortunate returned to continue the drive for that inevitable goal, the diploma.

During the year, the Sophs were led by Allen Rogers, who was re-elected president after the initial year. Marion Talley was vice-president, with Horace Shepard serving as secretary, Hugh Cottle as treasurer, and E. O. Batson as historian.

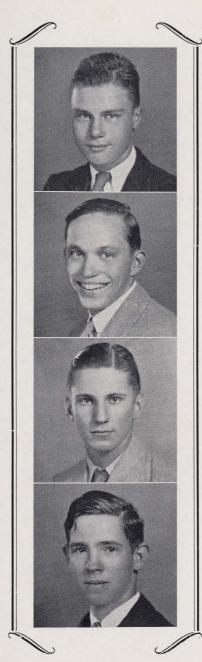

Spring seemed to arrive before winter had half begun, and with the arrival of warm weather, second-year men were hard at work on the cinder path and the baseball diamond. Both Coach Hutsell's harriers and Coach McAllister's star performers on the diamond were materially strengthened by the newcomers to varsity ranks.

It will be a determined group of students who will leave the plains in May to wander far and wide during the summer months, intent upon the idea of returning in September to continue the upward pull alongside of that fast-recuperating Tiger to the final reward of athletic and intellectual supremacy.

MILITARY

Major Gustav H. Franke, F.A.

Commandant R. O. T. C.

ALABAMA POLYTECHNIC INSTITUTE

To take over command of the R. O. T. C. unit, a distinguished officer in the person of Major Gustav H. Franke arrived in Auburn last July. Major Franke holds the respect and admiration of the entire unit, not only for his efficiency as an officer but because of his excellent qualities as a man.

Graduating from the United States Military Academy in 1911, he served with marked proficiency in a number of Army assignments prior to the World War. In France his was the first American battery to fire at a definite German target. He later was promoted to the war-time rank of lieutenant-colonel. The French rewarded his valor with the Croix de Guerre.

At West Point, Major Franke was a star on the gridiron and since graduation has played polo with the best of the Army teams. In addition, his services as a football official are in constant demand by members of the Southern Conference.

Pistol Team

Auburn's Pistol Team firing the 22-Pistol has, at the time of this writing, had its most successful season. The record of the team so far shows seven wins and no losses. The teams won from are: University of Wisconsin, Culver Military Academy, Cornell University, Iowa State, University of Chicago, and the University of Florida.

Phillip Appleby, T. W. Clarkson, H. L. Cottle, J. A. Greer, B. B. Gregory, C. E. Howard, G. S. Sanford, W. E. Scarborough and F. N. Williams fire on the Upperclassman Team and A. O. Blackman, R. C. Brewer, J. O. Carnell, E. E. Casson, J. H. Greene, C. J. Judkins, W. W. Nelson, L. R. Thompson, and J. L. Tucker on the Freshman Squad for 1932.

Rifle Team

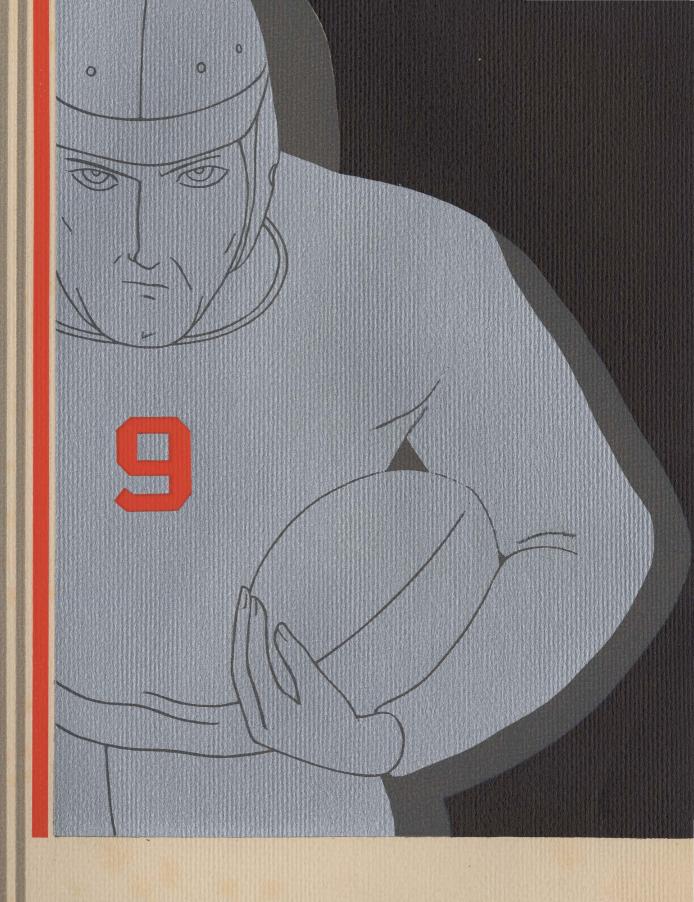

The 1932 Rifle Team has had a most successful season, showing a marked improvement over the teams of former years. The team shot fifty-four matches, winning twenty-nine and losing twenty-five. The men winning letters this year were: F. J. Wullenbucher, C. P. Irwin, M. Freret, J. M. Reynolds, R. C. Brewer, E. E. Cason, J. Scherer, A. McKinney, W. B. Crane, L. C. Polk, and B. B. Gregory. The following men constituted the Rifle Team: F. J. Wullenbucher, C. P. Irwin, M. Freret, J. M. Reynolds, R. C. Brewer, E. E. Casson, J. Scherer, A. McKinney, W. B. Crane, L. C. Polk, S. Wittle, T. Sparrow, A. Zachry, B. B. Gregory, and C. Copeland.

ATH LETICS

WYNNE

McAllister

Coaches

The guiding force behind the Tigers this year was headed by "Chet" Wynne, a great fullback at Notre Dame during his playing days, who was assisted by Roger Kiley, All-American end at Notre Dame, in 1921, also by Sam McAl ister, an outstanding three-sport star at St. Viator Co lege and Earl McFaden and "Red" Harkins, erstwhile Plainsman stellarites. Coach McAllister also won fame as coach of the varsity basketball and baseball teams. Coach Wilbur Hutsell, one of the greatest in the United States, tutored the track team for the eleventh season.

Coach Wynne had already established a brilliant reputation in Dixie as he steered the 1930 football team to its first Southern Conference victory in four years, but this year he has proven, not only to Auburn, but to all the south his worth as a coach and a man. Wynne played fullback at Notre Dame under the late Knute Rockne and was very successful the past season in transferring knowledge gained while playing on the gridiron to his pupils on Drake Field. The team showed marked improvement over last year and were able to finish the season with a record of five wins, three losses and one

Ki'ey, one of the greatest ends ever turned out at Notre Dame, who was selected on the All-American eleven, rendered invaluable service in teaching the linemen the intricacies of the Notre Dame system. He is one of the leading coaches in the United States, and Auburn was only able to have his services because of his friendship for Wynne.

McFaden, an outstanding lineman during his collegiate days at Auburn, did wonderful work with the new system of coaching and is again expected to be one of

the most valued members of the staff next year. McFaden also coached the plebe basketball and baseball teams and produced wonderful teams in both sports. Much of the success of this year's team was due to McFaden, because of the excellent basic training he had given the men from the freshman ranks.

McAllister, after producing winning teams at St. Viator since 1926, took over a veteran cage squad and turned out one of the leading teams in the Southern Conference. He has already won fame as the coach of Auburn's 1931 baseball team which walked away with the Dixie League pennant and the Southern Conference championship.

"Red" Harkins, one of the greatest centers that Auburn has had to boast of in a good many years, during his days as a student at Auburn, proved to be one of the most able assistants to comprise the formidable coaching staff of Head Coach Wynne. "Red" had charge of the frosh footballers and turned in a most successful season, which should prove to be of much help to Wynne next year in selecting his varsity squad.

Wilbur Hutsell, one of the greatest track coaches in the world, again had charge of Auburn's track team. Hutsell has been a member of the Plainsman coaching staff for e-even years, and during that time his tracksters have made the incredible record of losing only two dual meets. Hutsell was assistant coach on the 1928 United States Olympic team and is recognized as one of the leading field coaches of all times. When better dual track teams are turned out in the south, Wilbur Hutsell will undoubtedly be head mentor. Besides serving as track coach Hut-ell is trainer of the football team.

"A" Club

The Auburn "A" Club is composed entirely of varsity athletes. To be a member of this organization is cherished by every student who has received an "A".

The main purposes of the club are: To bring athletes in close touch with each other; to promote and keep all campus athletics on a higher plane; to foster the Auburn spirit; to aid in all student activities pertaining to athletics and social functions.

JENKINS

LEWIS

Managers

The football team was under the very capable management of Aubrey Lewis. Lewis was a very hard working and competent manager, the successful season that the football team experienced helps to show that he is one of the best managers that the Auburn football team has had the pleasure of having in a good while.

The basketball team was not in want of an expert in his line either, since they had "Red" Williams to look after their affairs. Williams is only a junior. However, the way he looked after the basket men proved his ability as a very capable manager.

The management of the baseball team is being taken very good care of by Joe Jenkins. Joe is one of the most able and hardest working managers we have seen in many a year. With the team under his care, we predict another close race for that much coveted pennant.

The track team is under the care of "Pat" O'Rourke. "Pat" is one of the best liked students in school and through his hard work and his ability to encourage and raise the moral of any team, we believe he will have a most successful year as the "busy man" of the track team.

Cheer Leaders

The cheer leaders this year, under the noble leadership of "Bull" Stier, did a wonderful bit of work. "Bull" was very ably assisted by Harry Davis, Bill Ham and "Red" Jenkins. These men all worked hard to help Auburn uphold the old reputation of having more college spirit than any other college in the country and we are glad to say that their work was not in vain.

Next year the cheers will be led under the capable direction of Bill Ham. Bill is one of the best known and best liked boys that ever attended Auburn, and with men of his type back to lead the student body, we predict a most successful year for this school in every field of sport.

STIER

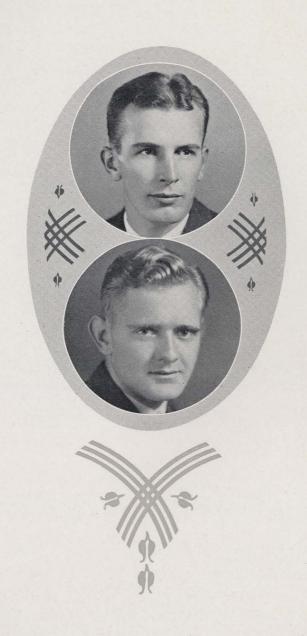

DAVIS

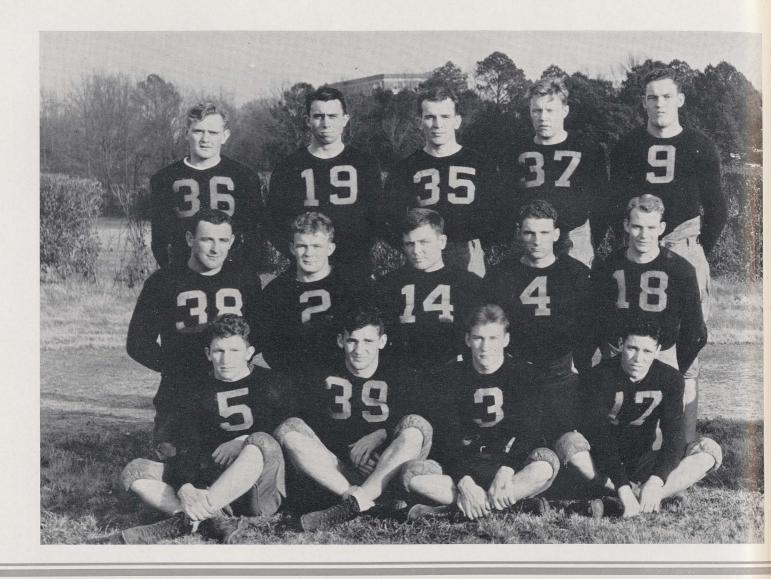

FOOTBALL

The Auburn Tigers of 1931

The Tigers of 1931 rightly deserve the name of "iron men", given to them after that memorial engagement with the University of Wisconsin, which was played in the biting cold of a bleak, rainy day, against a much heavier and more reserved team. Due to the lack of reserves, Auburn was not able to make a single substitution in her line during this game, against the many fresh reserves of Wisconsin. This truly great team of Auburn's, litterly fought their very hearts out, to startle the universe by making the game history with a score of: Auburn 7, Wisconsin 7.

These men, who comprised the team of 1931, have earned all of the praise and credit that we can possibly give them. They have opened the way to a new era in football for Auburn, an era in which Auburn has become recognized as one of the most formidable contenders in the Southern Conference. With men of this caliber to show us the way, there shouldn't be anything to stop Auburn from reaching the heights in every field of sport and every walk of life.

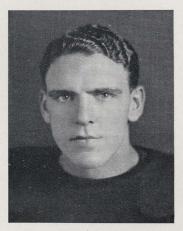

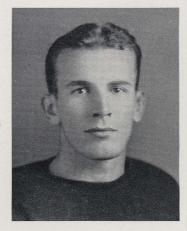

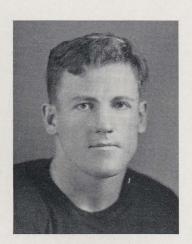

McCollum

Bush

HATFIELD

"Buddy" McCollum, Tackle

McCollum spent the first part of the season trying to find a suitable position for him to play. After trying center and one other position, Coach Wynne finally placed him at tackle. Here he remained a fixture for the rest of the season. This Ensley boy made himself known throughout the season by his ability to crash

through the line and break up opposing plays. Although he was only a sophomore this year he looked like a three-year man while on the field. "Buddy" is tall and rangy, which accounts for his defensive ability. We are expecting great things of him next year.

J. D. Bush, Tackle, Co-Captain

J. D. is the type of player who inspires his teammates, not with his talking, but with his superlative playing. He was a great leader and played a big part in Auburn's comeback last year. He received honorable mention on several All-Southern selections. "Gentleman of the gridiron" is the name that should be given

to J. D. "The cleanest tackle we have ever played against," say his opponents. He is a clean sport, both on and off the football field. As this is J. D.'s last year on the team, his loss will be keenly felt next year. We expect to hear from this man in the years to come because his kind always gets to the top eventually.

LINDLEY HATFIELD, Halfback

Although held on the bench a great part of the season on account of injuries, Lindley made his last year on the Tiger team one of his greatest. During the 1929 and 1930 seasons he was noted for his playing as an offensive back. During the past season he went down on the books as a great money player, both offensively and defensively. Although "Lindy" gave an excellent account

of himself in every game in which he played, we believe his greatest game during the past season was the final game of his career—South Carolina on Thanksgiving Day. His great offensive work, and his play in backing up the line in this game will make him long remembered by Auburn fans,

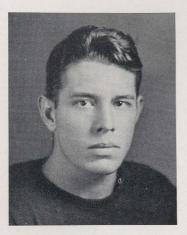

JORDAN

DAVIDSON

HOLDCROFT

RALPH JORDAN, Center

There wasn't a harder fighter or a more likable man on the Tiger squad than Ralph Jordan. Although basketball is "Lefty's" first love, he is mighty hard to beat on the football field. Light, but aggressive, he was a real pivot of strength in the line. Although his play could not be called spectacular, he was as dependable a center as any team in the South could boast of. His past years on the squad as understudy to "Red" Harkins gave him an edge on the other centers on the squad through the line of experience. According to the records, not one bad pass to the backs is recorded against him in his last year of play.

"CHATTIE" DAVIDSON, Quarterback, Co-Captain

"Chattie" shared the honors of captaining the 1931 Tigers with J. D. Bush during the past season. How can we say more of him than did last year's editor who said: "'Chattie' is a wise general, never seeming in doubt as to what play to run and when to run it. He has all the qualities which go to make up a good quarterback, among which is that of a leader. 'Chattie'

should and will make an ideal captain. He has played good football for the past two seasons and should be even better next season." "Chattie" has made a great leader. His plays were well chosen. He was an excellent kicker, second only to Jimmie Hitchcock. We are quite sure that his last year as a Plainsman was his greatest.

George Holdcroft, Tackle

This husky senior was another of Coach Wynne's men who made good his last year on the varsity squad. His play at all times was characterized by keen, deadly tackling and an ability to take advantage of every break in the game. From this aspect his work was especially notable since we see few linesmen taking

advantage of their opponents miscues. He was truly one of the hardest working men on the squad. When Coach Wynne calls the roll next season he will find George missing from the ranks and Auburn will have lost another fine tackle. Luck to you, George.

EGGE

Molpus

BROWN

GEORGE EGGE, End

George is another fine end who rounded out his career as a Plainsman this year. He played at this position many times the past year with the reserves. His work gave them increased power, both offensively and defensively. He was fast in getting down under punts and was a sure, crushing tackler. On receiving passes,

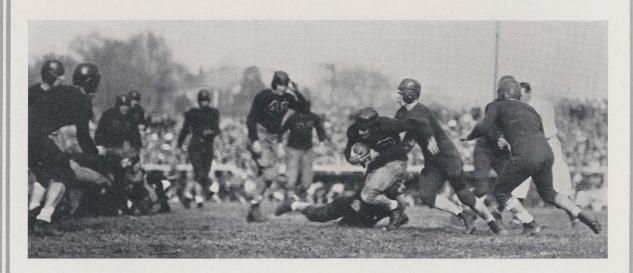

there were few who could surpass him. When plays were directed against his side of the line, they were always stopped, that is, if there was any possible chance at all to stop them. After he bids adieu to his Alma Mater this spring when he receives his diploma, Auburn will lose another fine end.

"SLEEPY" MOLPUS, Tackle

One year before this one had given "Sleepy" plenty of experience which, when added to his natural ability and aggressiveness, proved trouble to his opponents. "Sleepy" played in a regular capacity at tackle, and a play he was not in was not hard to find. Molpus' tackles were sure-fire. They were well directed and netted the desired results in almost every case. Many an offensive end found "Sleepy" hard to handle. He is fast, and a fighter throughout. The team next year will welcome him to his regular berth because his style of football play would strengthen any line.

Tom Brown, Fullback

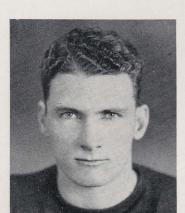

Tom rounded out his second year as a varsity man on the Plainsman squad this year. Although he is rather small for a fullback, he makes up in fight what he lacks in weight. Part of the season saw Brown playing from the bench because of injuries received in one showing the same old fight. His brawn, coupled with his past experience, made him an even more vicious tackler than ever, and his ball carrying ability, especiof the earlier games. However, as soon as his injuries were mended, we saw him right back in the lineup

GRANT

Нітенсоск

PARKER

PORTER GRANT, End

"One of the greatest ends for his size I have ever seen," says Roger Kiley of Grant. Many critics rated him second to the All-American Dalrymple of Tulane as the best end in the Southern Conference. Those of you who have seen Porter perform are convinced that Porter knows his stuff. He has the reach, speed, and

stamina that all aid in making him a perfect wingman. He is surely the answer to any coach's prayer. Although he is one of the smallest men on the squad, this does not seem to hinder him in the least. Porter is no "fair weather" performer, either. He has one more year on the team.

JIMMIE HITCHCOCK, Halfback, Captain-Elect

Here is the lad who made Auburn followers forget about the days when John Shirley and Ed Shirling ran rampant over all opponents the Tigers happened to meet. The "galloping ghost of the Plains"! that's what they call him. He runs, he passes, he blocks, he tackles, he kicks, and all of them he does to the superlative degree. His punting is classed up to par with the best of any in the country. Zipp Newman, writing in the

Birmingham News, said of him: "Just give Jimmie Hitchcock a line in front of him like the one Tulane has and he will sew up any football game in five minutes." In selecting Jimmie to captain the 1932 eleven his mates could not have chosen a better man. He is well liked by the players as well as all who know him, and he is fully qualified to lead the team next year.

"IKE" PARKER, Quarterback, Alternate Captain-Elect

One of the greatest improvements shown by any man coming up from last year's team was the playing of "Ike" Parker, diminutive quarterback. He was truly one of Auburn's most valuab'e performers last year. This boy proved that he has the ability to carry out instructions and to remain cool under the stress of difficult situations. His brainy generalship paved the way

to pull Auburn out of many a tough spot. He showed his ability to return punts when in the Springhill game he gave the fans a thrill they will never forget when he returned a punt 70 yards through the entire Springhill team for a touchdown. "Ike" is alternate captain next year.

CHAMBLESS

Jones

PRIM

"Boots" CHAMBLESS, Guard

This former G. M. C. star continued his expert playing after coming to Auburn and developed into one of the leading guards in the Southern Conference during his first year as a Plainsman warrior. Boots always seemed to sense when a play was coming around his

side of the line and was always in there stopping them with a bang. With two more years of playing lying ahead of him, we expect him to make many of the leading all-star picks during the next two seasons.

Donald Jones, Guard

Donald was a capable relief man for Molpus and Chambless. Throughout the season Jones found his way into a majority of the games. Anybody who is capable of filling "Sleepy" Molpus' or "Boots" Chambless' shoes must be good and so Donald should find himself into a majority of the games next season. He is fast and aggressive. Many of the games saw him com-

ing out of the line to lead interference on the offense, or knifing through the line to smear opposing plays on the defense. Because of the experience Donald has received this year, some first string linesman will certainly have to watch his step or he will find Donald holding down his job next year.

Hannis Prim, Tackle

"Red" is one of those heavy, silent players that goes about his work seriously. Prim weighs a good bit over two hundred pounds. Although he was seldom mentioned in the headlines, he was a big factor in smearing opposing plays in all of the games he participated. He was a power with his ferocious tackling. "Red" takes his football seriously and distinguishes himself by a characteristic ability and willingness to work. Bright predictions are being made for his final year at the

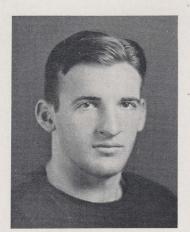

WILLIAMS

PHIPPS

MARION TALLEY, Fullback

Marion is one of the most promising men sent up by Coach Earl McFadden's 1930 freshman aggregation. Talley came to Auburn from Decatur, Georgia, after receiving his prep training at Darlington. Under the careful guidance of Coaches Wynne and Kiley, he turned out to be one of the outstanding men on the team. With several men fighting for the fullback post,

Marion developed into the most capable understudy to Tom Brown. This year's experience improved him wonderfully, and he is certainly going to make somebody scrap for that fu'lback post next year. We will bet our last dollar that it will be no setup for the other boys who have their eyes on this position.

RIPPER WILLIAMS, Quarterback

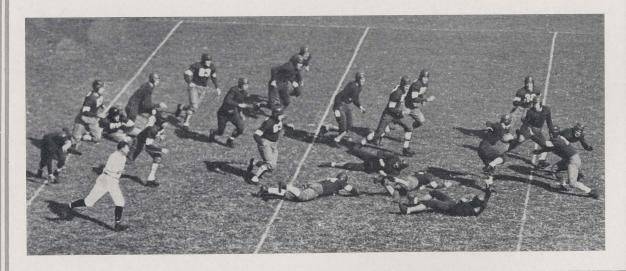

Here's the boy from Tuscumbia who barks signals so loud you can hear him all over the lot. He is another of the promising sophomores sent up by Coach McFadden last year. In many of the games this season, Ripper received first call over the other quarterbacks to start at this position. He is famous for his sweeping

end runs. Oh boy! How he can carry that ball. Give the Ripper a little more experience under the guidance of our expert coaches and he is going to show us just how this old game of footbal! should be played. Everyone is counting on you to crash the headlines next season, Ripper!

WILLIS PHIPPS, Halfback

In Phipps we have a boy who made himself a place in the hearts of all Auburn followers with his marvelous forward passing. How many of you remember the Georgia Tech game? Of course you do. How could you ever forget how Phipps threw passes all around the Georgia Tech players? They say he can place one

on a dime at fifty yards almost any time. This boy is some stepper, too. He can carry that ball around the ends and through the line with the best of them. He is just the man any coach needs to rush in for that last minute passing attack when a touchdown is badly needed. Luck to you, "Firpo".

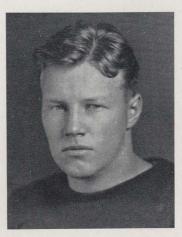

CHRIETZBURGH

SENN

DAVID ARIAIL, End

"Gump" was one of the reasons why Auburn's end material was classed as the best in the conference. He was only a sophomore this year but had little trouble landing a first string position on the varsity squad. When it comes to developing end material, Coach Roger

Kiley is no slouch, and he certainly proved this in Ariail. When "Gump" came to Auburn he was rated just another end, but under Kiley's instructions he developed into one of the best in the conference. Watch for David's name to appear on the all-star picks in the next two years.

WILL CHRIETZBURGH, Center

Chrietzburgh is the tall, rangy type of center who is especially good at breaking up passes and smearing opposing plays. After substituting for almost half the past season, his willingness to work and his improved ability won him a position with the first string team. The latter part of the season found his name listed in the starting lineup. He was undoubtedly as dependable a center as any in the conference, and, although the publicity he received for his great work was comparatively small, Will has the satisfaction of knowing that he was one of the main cogs in the 1931 grid machine of the Alabama Polytechnic Institute.

CAREY SENN, End

"Shot" as his teammates know him, turned out to be one of the "big shots" of the 1931 outfit. He did some wonderful work at boxing the tackle and smearing interference when opposing plays came around his flank. Although he was only a reserve, he proved himself a

great substitute for Grant and Ariail. Cary has been working hard for a first string end assignment and if he improves next fall as much as he did the past season, we wouldn't be surprised to see his hopes come true next year, which will mark his last season as an Auburn Tiger.

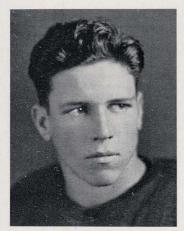

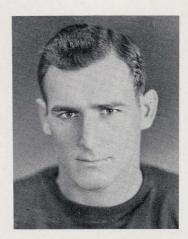

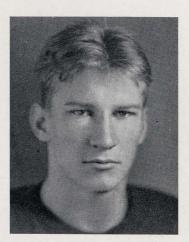

SHACKELFORD

ROGERS

STERLING DUPREE, Fullback

Here's a hard working reserve who made himself popular the past season. He was kept off a regular position with the varsity because of more experienced and heavier men who were out for the same position. Everyone who remembers the Florida games will recall that "Dupe" was almost the whole attraction on the Auburn side during the first half. The first time he

carried the ball in this game he ran deep into Florida territory to place the ball in scoring position for Auburn. We also recall the Thanksgiving game in Montgomery when he accepted Hitchcock's pass for Auburn's second score of the game. He was a wonderful player this year and if he gets any better—Oh, boy!

Tom Shackelford, Fullback

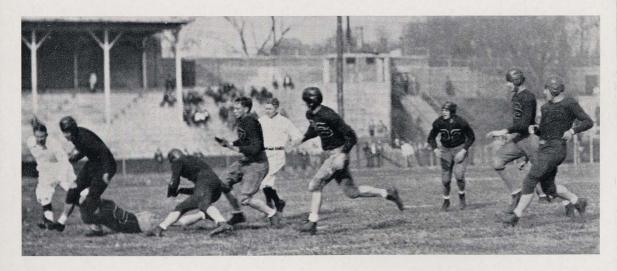

This season saw Tom playing his second year as a Plainsman. He has shown that he is a clever fullback, and he has the weight and speed to account for this. The fullback post is one of the most important positions on a football team, and with such men as Brown, Talley, Shackelford, Dupree, and Whitten, from this

year's freshman team to pick from, Coach Wynne should find his fullback position well fortified next season. Shackelford substituted at the fullback post this year, but it will be hard to deny him a regular birth in the backfield next season.

ALLEN ROGERS, Halfback

Allen hails from Greenville and he certainly gave the home folks plenty to talk about this year. He was the only capable substitute Coach Wynne could find for our "galloping ghost" Hitchcock. Allen's fierce tackling, coupled with his fine ball carrying ability, stamped him as one of the best backs on the team. In the

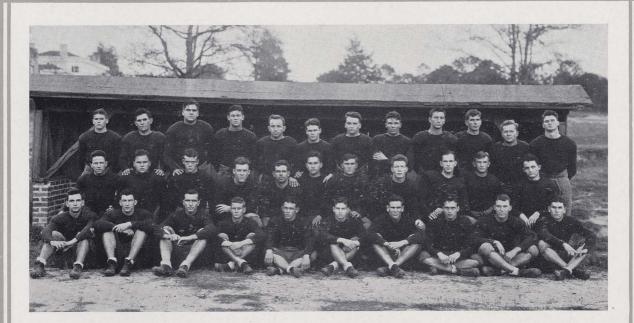

Tulane game, especially, do we remember his fine defensive work. On numerous occasions we saw him bringing down Tulane runners from behind who were headed for sure touchdowns. Besides his many other good points, he can kick that ball like nobody's business. Allen has two more years on the team.

Football

Finishing the season with a record of five wins, three losses and one tie, the 1931 Auburn gridders finished with the best mark made by a Plainsman football machine since 1922. The victories were over Birmingham-Southern, Georgia Tech, Spring Hill, South Carolina and Sewanee, the tie was with Wisconsin and the losses were received at the hands of Florida, Georgia and the mighty Tulane Green Wave.

Undoubtedly the highlights of the season were the tie with Wisconsin and the triumph over Georgia Tech. The Badgers were the heaviest team encountered by the Plainsmen during the year, all of their players being well-proportioned and adapted physically for the game of football. Sports critics doped Coach Chet Wynne's charges to lose by a three or four touchdown margin, but the universe was startled when the game was history with the score reading: Auburn 7, Wisconsin 7. This was Auburn's first intersectional game in close to a decade and did considerable toward adding to the South's prestige in football.

The triumph on Grant Field was the initial time since 1919 that the wearers of the Orange and Blue had vanquished the Yellow Jackets. Several deadlocks resulted from the meetings on the gridiron since 1919, but it remained for the 1931 outfit to trounce the Golden Tornado. Even though the final score was 13 to 0, the Plainsmen were checked from making an additional pair of of touchdowns by time and were complete masters of the game for every minute of the sixty played.

Auburn dominated the play from the opening to the final whistle. This was the best game played by the team during the season, although other creditable contests were fought.

The Tigers also turned in splendid games against Tulane and Georgia, but the more experienced Bulldogs and Greenies outscored the Bengals in the final half, but failed to outfight or outsmart the Orange and Blue moleskinners.

Auburn was not a favorite over Florida, losing this tilt, 13 to 12, but it is believed that since the Wynnemen performed wonderfully under adverse weather conditions, and with two regulars unable to see action, and another first-stringer able to play for only a quarter on account of injuries received in the Tech conflict, if these men had been in there the 'Gators would have been given a harder battle. The final score tells the tale, but the game was about evenly fought and was one of the most thrilling played in the South during the 1931 campaign.

The leading players were: Co-Captains James Bush and "Chattie" Davidson, Captain-elect Jimmie Hitchcock, Alternate Captain-elect Ike Parker, Will Chrietzburgh, Ralph Jordan, Boots Chambless, Donald Jones, Ernest Molpus, Buddy McCollum, Porter Grant, David Ariail, Carey Senn, Ripper Williams, Tom Brown, Sterling Dupree, Casey Kimbrell, Lindley Hatfield, Firpo Phipps, Hannis Prim and Allen Rogers.

BASKETBALL

STEWART

LUMPKIN

KALEY

RALPH JORDAN, Forward

"Lefty" is truly one of the greatest forwards ever to don an Auburn uniform. His left-hand passwork has constantly proved a stumbling block for all Tiger opponents. In 1929 he was high scorer of the conference and last year was high point man for the Auburn team. This year has found him among the leaders in scoring points. "Lefty" is a man who would make the first string five on anybody's team.

JACK STEWART, Captain, Center

Jack's height coupled with his excellent ability made him one of the most feared centers in the conference. He has not been outjumped by any opposing center all season. His excellent playing at the key position for the Tiger defense has made him lauded by all sports critics who have seen him play. Jack will be sorely missed next season when Coach McAllister calls the roll for his 1933 team.

TOM LUMPKIN, Forward

"Papa's" uncanny ability at looping goals from any angle has made him high scorer for the Plainsmen this year. Although he is one of the smallest performers in the conference, he is one of the best. He was always in the thick of every combat. His willingness, his readiness, and his all-round ability has won him a place in the hearts of all Auburn followers. Auburn is going to miss you next year, "Papa".

CHARLES KALEY, Guard

In spite of an injured foot, which held him back during a greater part of the season, Kaley again made himself a star by his excellent work at guard. Few opposing forwards found themselves able to make a basket when guarded by this fine, level-headed player. His ability to sense the direction of opposing plays saved many a couple of points being scored against Auburn. Although seldom shooting a basket himself, he was instrumental, many times, in bringing the ball up the floor to a shooting position.

HATFIELD

JENKINS

LAWSON

MASON

LINDLEY HATFIELD, Guard

Changing from football toggery into a basketball uniform, Hatfield again gave an excellent account of himself. His dazzling speed and his ability to take the knocks made him an invaluable man for the Tiger defense. He was good offensively too, as one will readily see upon observing individual scores during the past season. Lindley's loss will be a severe blow to the team next year.

Harbin Lawson, Guard

Anybody who could substitute so excellently for Charles Kaley must be good, and "Red" proved that he was. Although he did not play as much as some of the others, he always delivered when called upon. Whenever he did get an opportunity to display his ability, the final score always found him listed among the high scorers. His willingness and his love for the game has won for him the reputation of an excellent basketball player.

"RED" JENKINS, Forward

Although Jenkins was forced to do most of his playing from the bench this year, several games found him in the Tiger lineup. "Red" is rather small in height but he makes up for it in speed and fight. He has a keen eye for ringing points, and since he is only a junior, we are expecting him to display his wares in great style next year. Luck to you, "Red".

SAM MASON, Forward

Sam is another reserve who played well for Auburn this year. This lanky Tallassee youth is going to make a star of himself before he graduates from Auburn. Sam has the uncanny ability to take the ball away from opponents if he can only get so much as one finger on it. He undoubtedly knows how to handle that ball, and we are expecting him to show us some great stuff next year.

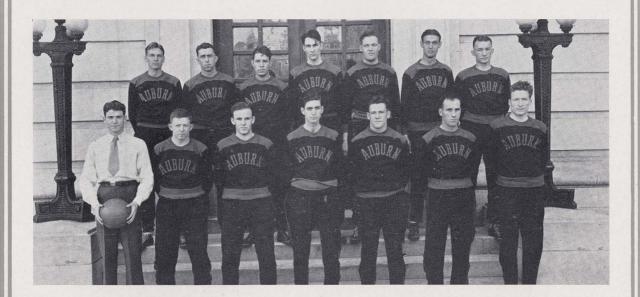

Basketball, 1932

Nine games won and two lost is the Southern Conference record held by Coach Sam McAllister's 1932 Auburn Basketballers at the time this copy goes to press. Vanderbilt, Florida, and L. S. U. have fallen twice before the onslaught of the Plainsmen, Georgia has fallen once, while Tulane and Georgia Tech hold an even break with the Tigers, Auburn having won and lost one game each to the two.

After meeting Georgia on the local court, Auburn will journey to Atlanta to enter the Southern Conference Tournament beginning February 26.

With the entire last year's team returning intact, Coach McAllister had little trouble rounding his charges into shape this year. In Captain Jack Stewart, Ralph Jordan, Tom Lumpkin, Charles Kaley, and Lindley Hatfield, McAllister has five first string men that can stack up with the best in the conference. Nine games won to two lost is no record to be sneezed at, when one considers the stiff opposition the Tigers have met this season. We must admit that when Auburn enters the Southern Conference Tournament she will be no heavy favorite by any means. There are at least half a dozen teams in the conference that may pull the "dark horse" act and sweep through the tournament to a championship. However, we will say before the tournament has drawn to a close, somebody's team is going home knowing that they have met one of the classiest little teams ever produced in the South. If hard luck does not befall the Plainsmen, we would not be a bit surprised to see them come home bringing a Southern Conference championship banner with them.

BASEBALL

SMITH

KALEY

RILEY MASON

CLIFFORD "TCHULA" SMITH, Captain, Pitcher

"Tchula", who lost only one game and won nine as a junior last year and ended the season with a batting average of .371, heads the group of moundsmen for this year. Aside from being one of the most sensational players ever turned out by a college baseball team, "Tchula" holds a warm place in the hearts of all Auburn followers, since he is one of the most likeable fellows one ever saw.

DUCK RILEY, Second Base

Playing an excellent game at the keystone position, Riley proved to be an integral cog in the championship Plainsman machine last season. He was also selected on the All-Dixie League team. He has found no peers as a fielder and his excellent ability to hold down sack number two in major style assures him a berth on the Sam McAllister crew of 1932.

JIMMIE HITCHCOCK, Shortstop, Outfield

Jimmie alternated at short and in the outfield last season and played well in both positions. This season finds him with little competition at the infield berth and we expect him to hold down this position in fine style. Jimmie bats and throws right handed and many scouts have already picked him as major league material.

PORTER GRANT, Third Base

Porter will play his second year as a regular this season. His fielding ability is unexcelled, since he has developed a quick pickup and a deadly throw to first. Neither is he particularly weak with the stick. Several scribes who visited Auburn with the Philladelphia Phillies said he had the makings of a second Pie Traynor.

CHARLES KALEY, Catcher

Kaley is listed among the veterans who will form the nucleus for this year's team. It has been said that actions speak louder than words and this certainly holds true in the case of Kaley. Never saying much at any time, he lets his accurate hitting and his timely pegs to the bases speak for him on the baseball diamond. He was selected on the All-Dixie team last year and we are predicting another great season for him this year.

SAM MASON, First Base

Sam has all the qualities that serve to make a good first baseman. He is tall, has speed, and an excellent eye for throwing to the other bases. Mason also has ability to play the outfield and Coach McAllister may shift him to one of these positions.

HARRY LLOYD, First Base

Harry was rated as the leading first baseman in Dixie last year, since he led the league's first basemen in both batting and fielding. He was almost a unanimous choice for the All-Dixie first base position. His batting average for last season was .378. His batting this season will be needed to help pull the Tigers from many a hole, since such heavy hitters as Joe Burt and Phil Hodges have been lost via the graduation route.

IKE LEWIS, Third Base

Ike is expected to find his way into many of the games this season as a third baseman. He is a hustler and one of the most willing men on the team. What he lacks in batting power is made up by his splendid fielding. Although he was handicapped by a severe case of mumps during the first part of last season, he was in many of the latter games and did himself proud. Ike is a senior.

LLOYD

GRANT

LEWIS, I.

WEST

JORDAN

LEWIS, A.

PAYNE

CLARENCE WEST, Pitcher

West, who proved himself an excellent relief pitcher toward the latter part of last season, should again make himself distinguished this season. He possesses a slow breaking curve which is delivered in a like manner. He often made opposing batters look like "jokers" when he found a chance to serve them up last season. He bats and throws from the port side and is a senior this year.

AUBREY LEWIS, Catcher

Aubrey is slated to handle many of the catching assignments along with Kaley this season. He alternated with the latter almost all last season and proved himself a worthy receiver. He works the pitchers in excellent fashion and possesses a good peg to the bases. Somebody is going to have to step some if they keep this senior off a regular berth this season.

"JUICY" WOOD, Outfield, Third Base

Wood looked good as a freshman last year and he is expected to manage a regular berth on this year's team. He is known as a slugger and on several occasions last season hit for a round trip around the bases. "Juicy" possesses also a good throwing arm and would be a credit to any team at either an outfield or third base position.

"RIPPER" WILLIAMS, Pitcher

Williams, who was a brainy quarterback on the football team, looms as the best among the sophomore aspirants for a mound position on the 1932 McAllister aggregation. Should the "Ripper" get his fast ball and his curve working as he did in many of the frosh games last season he will be a big help to Smith when the coming season gets under way.

RALPH JORDAN, First Base

"Lefty", after another great season on the gridiron and basketball court, will be seen again wearing a baseball uniform. Although he saw little service last season on the diamond, he should be an invaluable man this season, since he is capable of pitching as well as first basing This year marks Ralph's last as a wearer of the Auburn colors, and Auburn will lose a fine athlete when he graduates this spring.

ARVIN PAYNE, Pitcher

Although Payne subbed all season, he was an asset to the team in the practice games. His ability at fooling the batters developed the name "slow death" for him. He is only a junior and we are expecting him to see much service during this year and the next.

"GUMP" ARIAIL, Catcher

"Gump" is another of the sophomores who is expected to shine on Coach McAllister's varsity crew this year. "Gump" had a great year on the court and the gridiron and only more experienced men in the catching line can prevent him from earning his letter on the diamond. We predict this lanky sophomore will develop into a wonder behind the plate before he leaves Auburn.

WILLIAM O'BARR, Outfield

At present O'Barr is listed as a ball hawk and possess-At present O'Barr is listed as a ball hawk and possessing the best throwing arm of any of the aspirants for an outfield position. His ability at shagging flies and snagging line drives robbed many an opposing player of hits for extra bases. If he can develop any hitting ability, he should be a fixture in one of the garden positions this

Wood

WILLIAMS

O'BARR

Baseball

Finishing the 1931 season with a Southern Conference record of fifteen wins and only four losses, the Auburn baseball team became undisputed Southern Conference and Dixie League champions. This marked the third baseball championship brought to the Plains within the past five years.

Besides winning these championships, Auburn placed the largest number of players on the All-Dixie League team, six; had the leading hitter in the league, the leader

in runs batted in, and the Babe Ruth of the circuit in Joe Burt; also had the leading pitchers, Clifford "Tchula" Smith and Dunham Harkins; led the league in stolen bases and double plays, and tied with Florida in making the least number of errors.

Sam McAllister was coach of the team for the first time and produced one of the greatest teams ever to represent a Southern school. Only two pitchers who could be called first string material were available and although they were a little free with hits at times, pitched as good brand of ball as any coach could ask

for. These two showed that only one day of rest was needed between games, as they pitched and finished seventeen games.

At the start of the season Coach McAllister found a wealth of material available for almost every position. This list included many experienced and capable baseballers. Smith and Harkins bore the brunt of the pitching; Charles Kaley and Aubrey Lewis held down the catching assignments in fine style; Harry Lloyd, Sam Mason and Ralph Jordan, all excellent performers, held down first base; Duck Riley managed the keystone bag in unexcelled

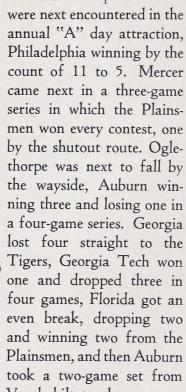

Baseball

fashion; Jimmie Hitchcock and Captain Frock Pate cavorted at shortstop; Porter Grant and Ike Lewis took care of the hot corner creditably; and Joe Burt, Phil Hodges, and Pete Harris took care of the outer gardens.

Smith, Harkins, Kaley, Riley and Burt were selected on the mythical All-Dixie League team, Smith being selected unanimously.

Opening the season with Fort Benning in a practice contest, Auburn easily outslugged the Soldier aggregation and won by a 12 to 0 score. The Philadelphia Phillies

Vanderbilt to close a most successful season.

Four first string players will be missing when Coach McAllister calls the roll this year, as Burt, Harkins, Hodges, Pate, and Harris received their diplomas last June. True, all these men will be sorely missed this year, especially since they played so important a part in helping Auburn annex her championship banner, but with so many capable reserves warming the bench through last season, who will step up and fill the shoes of these missing men, we can see nothing in store for Auburn this year except from the viewpoint of the optimist—another strong team and maybe another championship for Auburn.

Baseball, 1932

At the time this copy goes to press, predicting the outcome of the 1932 baseball season as far as Auburn is concerned, is about as hard a task as any writer could undertake, since six capable men from last year's team were found to be missing when the first call was sounded on Drake field early this week.

If Coach Sam McAllister can replace an entire outfield, and an undefeated pitcher from last year's team, Auburn will again be in the thick of the race when the 1932 Southern Conference and Dixie League race begins. However, it is not generally believed that this feat can be accomplished in so short a time, so this year's aggregation probably will not be so strong as the last year's Auburn club.

Men missing from last year's championship outfit are Joe Burt, All-American and All-Southern outfielder and now the property of the Birmingham Barons; Phil Hodges, Pete Harris and Roy "Frock" Pate, outfielders, and Dunham Harkins and Troy Hall, pitchers.

This year's team will be built around Captain Clifford Smith, pitcher, Charles Kaley and Aubrey Lewis, catchers, Harry Lloyd, first base, Duck Riley, second base, Jimmie Hitchcock, shortstop, and Ike Lewis and Porter Grant, third base. Reserves from last year include Sam Grubbs, Choctaw Creel, Clarence West, and Arvin Payne, pitchers, Sam Mason and Ralph Jordan, first base, and George Jenkins, outfield.

The outfield is the one spot McAllister will have to pay the most attention to. If a few gardeners can be found among last year's reserves and the sophomores coming up this year, Auburn should have another good team, but prospects at present are not so terribly bright.

TRACK

STEWART

BEARD

ROBERTS

KIMBRELL

JACK STEWART, High and Low Hurdles and High Jump

Aside from being one of the greatest basketball centers in the south, Jack is an All-Southern performer on the track. He won the Southeastern A. A. U. high hurdle championship and set a new record in the Southern Conference for the high jump at six feet, two

and three-quarter inches and tied for third place in this event in the National Intercollegiate meet in Chicago. Jack should undoubtedly eclipse these records again this year.

"JEFF" BEARD, Captain, High and Low Hurdles and Discus

"Jeff" should undoubtedly round out his last year as a Tiger by leading his team in scoring. Although he was held up somewhat last season by injuries, he was a consistent point gainer in all his events. Aside from being an excellent trackster, Beard is prominent as a student and is a member of the outstanding organizations on the campus.

CLARENCE ROBERTS, Two Mile

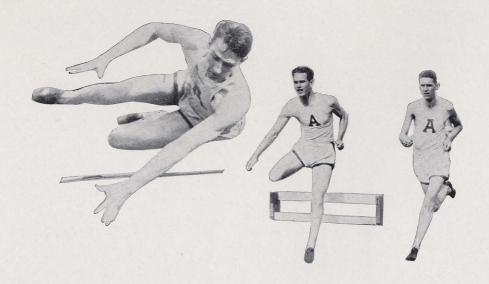

A veteran of two seasons, Roberts annexed points in four or five meets that he entered and is expected to have another winning season as a senior in 1932. He is

a distance runner who never knows when to stop. He is very popular among the students and will be greatly missed next year.

CASEY KIMBRELL, Broad Jump and 100-Yard Dash

After having an excellent year on the gridiron, Casey is out for the track team to show us some of the speed for which he was noted on sweeping end runs on the

football team last season. Casey possesses a world of ability and will undoubtedly pick up more speed as the season progresses.

CREIGHTON

JONES

O'HARA

HUFF

FELIX CREIGHTON, 100 and 220-Yard Dashes

Creighton is an energetic worker who is continually doing his best for the team. This season will mark his third and last as a wearer of the Auburn colors, since he will receive his diploma this spring. With two years experience behind him "T" should be the Tigers leading scorer in the 220 this year.

CLAY JONES, Quarter Mile and Half Mile

With Earnest Bell graduating last year, Clay will be counted on to win the points in the quarter mile this year. This former Bessemer luminary showed up exceptionally well last year in dual meets and Coach Hutsell is depending upon him as a mainstay this season. Clay will receive his diploma in June.

HAM O'HARA, Alternate Captain, 100 and 220-Yard Dashes and Broad Jump

Ham was hindered greatly last season because of injuries received earlier in the year, but will be back this season to conclude four years as an Auburn athlete. His

final year is expected to be his best, since he returned to school in tip-top shape to begin workouts for the 1932 season.

ZACH HUFF, Half Mile and Mile Runs

There isn't a more conscientious or harder worker on the squad than Zach Huff. He is a leading member of this year's cross country team and had a good year in the 880 and mile last season. He is back for his final season this year, which should undoubtedly be a good one

McQueen, E.

McQueen, R.

ELLIS

ALLEN ROGERS, Pole Vault and Javelin

Allen also was a star on the gridiron last fall and a numeral winner on last year's freshman track team. Besides the above named events, Allen could be a candidate for many others because of his speed for which he too was noted on the gridiron. Allen's job at present is a tough one, since he is aspiring to replace Sam Robinson, who graduated last year and was champion javelin thrower in the south.

EMMET McQUEEN, Two Mile

Little need be said about the ability of this bespectacled Tallassee youth, since he is holder of the Southeastern A. A. U. record and is rated as a veteran this season. As a sophomore he clipped several seconds off the existing Auburn record for the two mile event and was one of the most sensational second-year harriers Coach Hutsell has had in several years.

Ross McQueen, 880 and Mile

Like his brother Emmet, Ross is one of the most outstanding runners to enter Auburn in several years. At present he is Southeastern A. A. U. champion for the mile. His time for the 880 and two-mile events has

come close to eclipsing the Auburn records for these events several times and it would not be surprising to see him reach that goal before he leaves Auburn.

BOB ELLIS, 100-Yard Dash and Broad Jump

This season will mark Bob's second year to wear an Orange and Blue uniform. He did himself proud in both the 100 and broad jump last season and was awarded his letter at the close of the year. This season finds Bob working hard at both these events and the

sports writers say he is getting better every day. With a year's experience behind him we are expecting to see Bob develop into a champion before he leaves Auburn next year.

RICHEY

KILLEBREW

RUTLAND, R.

J. R. RUTLAND, Pole Vault

In spite of his lack of experience, Robert showed up mighty well as a pole vaulter last season under the watchful eye of Coach Hutsell. This was Robert's first try at a varsity position, and we need not prevaricate when we say he did his work well. Robert is back again this season for his final year as a Tiger trackster.

LLOYD RICHEY, High Jump and Hurdles

Lloyd is expected to go places this year in the hurdles and high jumping events. He is especially good at going over the hurdles. Since Bob Stacy, who was somewhat of a champion in both these events, did not

return to school this year, Lloyd has gone out to gain some honors for himself. This is his first year as a regular on the squad and we predict a bright future for him.

CLARENCE KILLEBREW, Hurdles

This elongated Cordele, Georgia, youth is rated as one of the leading aspirants for the hurdles position this season. He is only a sophomore this year and if

his willingness to work means anything, we can't help but predict his developing into another Weems Baskin or Percy Beard before he leaves the Plains.

RICHARD RUTLAND, Pole Vault

Richard is another one of the sophomores coming up from Coach Hutsell's 1931 freshman aggregation. A bit of drama is seen in Richard's try for the team, since he is aspiring for the same berth as his older brother, Robert. Richard shows beautiful form when he clears the bar and should develop into an excellent vaulter.

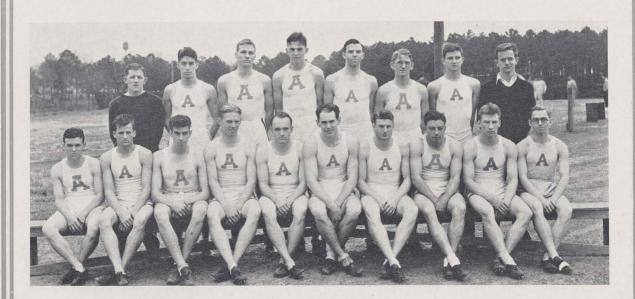

Track, 1932

Although pessimists have exclaimed that Auburn will not have as great a track team this season as in the past, all indications point to the contrary at present. It is true that the team has suffered the loss of such stars as Sam Robinson, Primo Coleman and many others, but there still remains a handful of experienced men to form the nucleus of a strong team.

First, there is Captain Jeff Beard who can be counted on to win points in the shot put and discus throw. Jack Stewart, Southern Conference champion high jumper and record holder, is back and rearing to go. Then there is Lloyd Ritchie and Bob Ellis, excellent performers in the hurdles and broad jump respectively. Ham O'Hara and Felix Creighton are both veterans in the 100 and 220 yard dashes. Several are trying their hands at the quarter and half mile runs but at present Clay Jones, veteran of past seasons, seems to have the edge.

Then there are the two McQueen brothers, both champions from last season, along with Owen Murfee, Zach Huff and Allison Kyser, all letter winners in cross country last fall who show much promise, along with Marshal Kaley, Stokes Johnson and Joe Plant. Dick Rutland looks good at the pole vault and Clarence Killebrew shows promise in the hurdles and discus events. Many others who, at this writing, are out for spring football will make their presence noted later on. Among these are Allen Rogers, Marion Talley, Casey Kimbrell, Buddy McCollum and Robert Arthur.

With so much excellent material with which to work and with so excellent a coach as Wilbur Hutsell who has worked wonders before with Auburn tracksters, Auburn should be well represented again this spring on Southern cinder paths.

TRACK SCHEDULE, 1932

Auburn Scenes ~

Here are a few scenes that are familiar to all Auburn students. When all of your ships have come in and you sit back enjoying the fruits of your honest toil, we hope that these pictures will remind you of your happy days spent at Auburn.

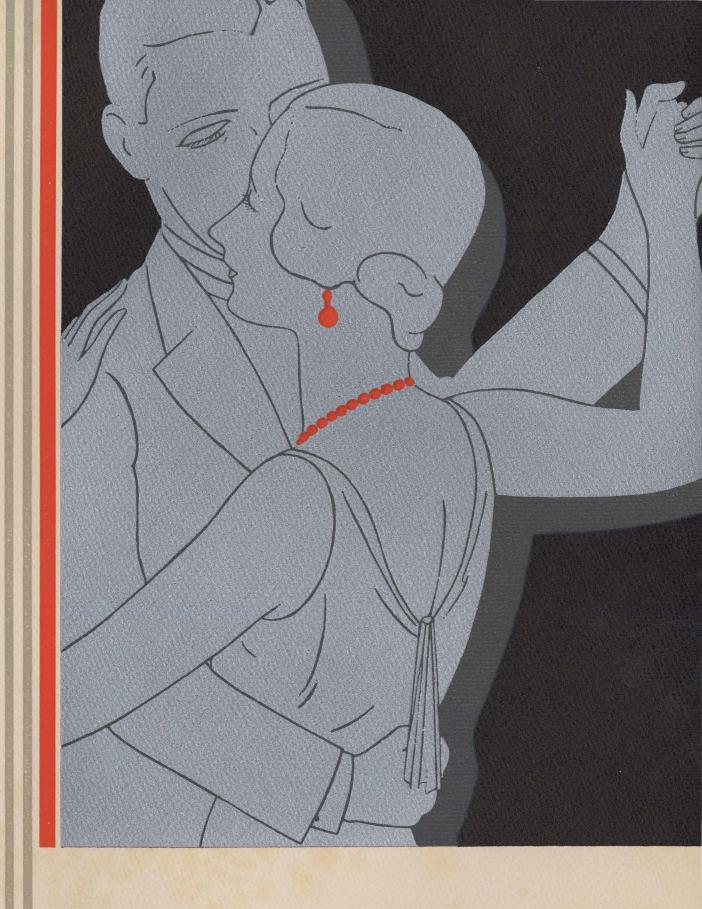

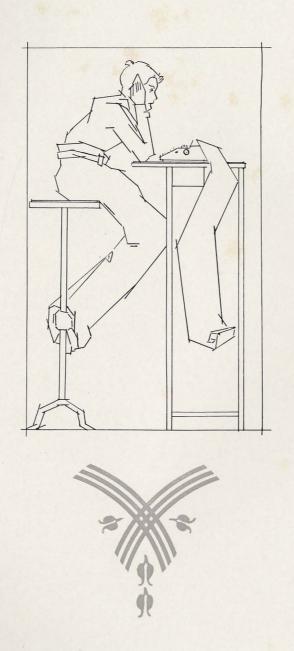

Camp Scenes ~

It was on June 6, at Fort Benning, when the Artillery and Engineer Units 'swung' into active participation in regular Army routine and in solution of their respective problems. However, not all was work, thank Gawd. Dances, swimming, baseball, golf, orchestra music, stunts and—look at those shady trees!!

ORGANIZATIONS

PUBLICATIONS

JOHN R. FARRIS, Editor-in-Chief

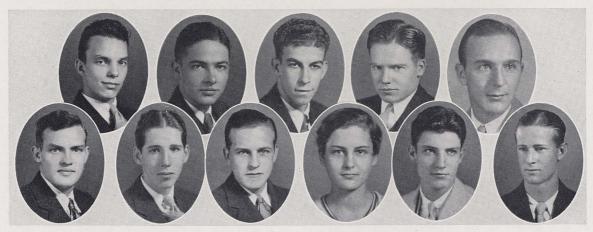

The 1932 Glomerata

The staff of the 1932 GLOMERATA presents this volume to you. Its contents have been made possible because of your presence and activity; to its composition we have given the best that is in us; we earnestly hope, and are sure, that you will appreciate the effort that has gone into it.

There is necessarily a certain similarity in all college annuals, but in this edition of the Glomerata the staff has endeavored to produce a volume differing from established forms as much as consistency permitted.

And we take this opportunity of expressing our deepest appreciation and gratitude to those few without whose co-operation our work would have been infinitely more difficult. To Mr. Kirtley Brown the sincerest thanks for the countless number of pages which he typed and his willingness to do us innumerable favors. To Mr. P. O. Davis we owe more than mere thanks for his capable assistance and pertinent suggestions, which were invaluable.

The reading of this book is easy, but as you read it is our wish that you will see, between the lines, the numerous complications which the preparation of such a comprehensive volume entailed. If we have pleasantly overcome most of them, we are pleased; the defects which you can find you will charitably bury in appreciation of the better points.

VICTOR WHITE

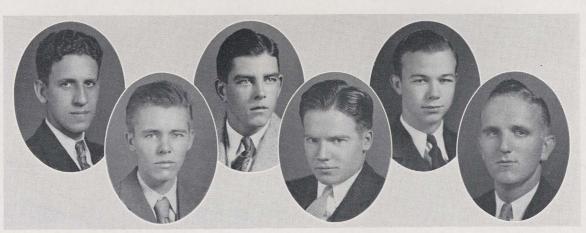

Under the skilled direction of Victor White, *The Plainsman* finished one of its most successful years, with the end of the 1931-32 session. During the course of the year, students found in *The Plainsman* a vehicle for discussion of all topics of undergraduate interest. The editorials were fearless and thought-provoking, and the news was up-to-date, written in clear, journalistic English.

The Plainsman

Much of *The Plainsman* success was due to the untiring efforts of a skilful staff, the most prominent of whom were Howard Moss, John Chadwick, Gabie Drey, J. W. Letson, Tad McCallum, and Horace Shepard. It was through these men that the routine work of the paper was effected, the general direction being in the hands of Editor White.

The financial success of the paper for the past year has been largely due to the keen business acumen and insight of Roy Wilder, the Business Manager. The advertisements for the paper were of the most modern, up-to-date type. Helping Wilder were James Backes, Robert Greer and Knox McMillan.

It is, then, with a feeling of satisfaction that the staff completes one of its most successful years, and it wishes to express its appreciation to all those who co-operated with it to bring the 1931-32 session to a highly satisfactory close.

R. A. MANN

The Auburn Engineer

The Auburn Engineer, published monthly by the engineering societies of the Alabama Polytechnic Institute, has in its seventh volume added greatly in a colorful way, to the status of the engineering school at Auburn. The editorial policy of this magazine has been, to bring to the attention of students, faculty and the world at large, the engineering achievements, experiences and developments of nationally prominent engineers, locally prominent engineers and the students.

This magazine is a member of the Engineering College Magazines Associated, a lively organization composed of technical magazines from many schools distributed widely over the country. Each year the editor and business manager are sent by the magazine to a convention of this association, from which many new ideas are obtained.

The purpose of this society is set forth in the following preamble of the constitution: "Whereas, feeling the need of some organization in the Senior Class of this institution which, wholly independent of the social and other relations, shall seek to gather together the most prominent and influential men of the class and to the institution, this society is organized."

Ten men are selected from the Junior Class in May of each year by the retiring members, and these ten men compose the active membership during the following year. To wear a Spade is a goal which all underclassmen may seek as the highest honor an Auburn man may obtain.

XI CHAPTER

Established 1920

Eta Kappa Nu, national honor fraternity of Electrical Engineering, was founded at the University of Illinois in 1904, the purpose being to bring into closer union for mutual benefit those men in the profession of electrical engineering who, by their attainments in college or in practice, have manifested a deep interest and marked ability in their chosen work.

Omicron Delta Kappa

Founded at Washington and Lee University, 1914

OMEGA CIRCLE

Established 1928

The purpose of the Omicron Delta Kappa Fraternity shall be threefold:

First: To recognize men who have attained a high standard of efficiency in collegiate activities, and to inspire others to strive for conspicuous attainments along similar lines.

Second: To bring together the most representative men in all phases of collegiate life and thus to create an organization which shall help to mould the sentiment of the institution on questions of local and intercollegiate interest.

Third: To bring together members of the faculty and student body of the institution on a basis of mutual interest and understanding.

Blue Key

The object of the National Blue Key Honor Fraternity, as set forth by the constitution, is:

To study, discuss and strive to further the best interest of the Alabama Polytechnic Institute; to promote the spirit of fraternalism among the students of the Alabama Polytechnic Institute; to foster intercollegiate relationship and develop a national collegiate spirit by placing the stamp of approval on all college leaders which makes it possible to recognize them wherever they may be found.

Block and Bridle

The Block and Bridle Club was organized at Chicago in 1919. The membership of animal husbandmen, students, and faculty members results from chapters located at twelve of the leading agricultural colleges of the United States. The purpose of the club is to promote the improvement and increase the interest among the students of animal husbandry and to bring about closer relationship among men pursuing animal husbandry as a profession.

Our Weekly Campus Tear

« « By WALLER WINCHA » »

And now—my deah, deah, gentle listener, you have, no doubt, become fatigued and in search of some hilarious, hour-easing humor, you have, with a simple twist of the wrist, concentrated on our station. Am I right or, am I right?

We are just beginning our tour of the campus with Waller Wincha in charge—"O.K. Walla Wincha."

"Well folks—we might as well begin at the beginning—you know what I mean. Our first

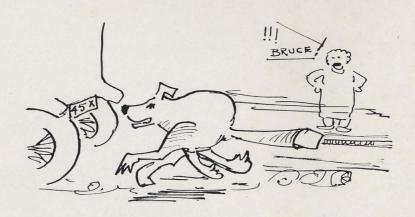

stop is the deah ole Smith Hall. What? the name unfamiliar?—Oh yes, it is called by some other name. What is it—Boo? No. Coo? No. Zoo—that's it—I would never have thought of it if that skirt over there hadn't come out with that collie dog. My, My, My—look at the dog go after that car.

Oh yes—I almost forgot our tour—"O.K. Zoo."

Chorus: "O.K. Waller Wincha"—and "O.K.'s" sound back and forth over the air with each one trying to get in the last word. Waller likes to have the last word—but you realize what he is up against.

Well, after half an hour of O.K.-ing is over, we now take you to the Boys' Dormitory. "O.K. Bo—Wheeee Bang—look out folks—the place is under fire.

Well-well-that was a run, My Gawd, look where we are-out of the frying pan into

the fire—as I live and other expressions of mental anguish—the Phi house. ************* (noises from without)—what's that noise?—Oh, just another maniac, he goes around foaming at the—er—mouth and giving everybody the razz—Bender Ross, I think his name is.

We will detour around the Sigma Nu house—I have just heard "Ton" Drawbridge was practicing on his banjo—and if there's anything I hate—it's practicing.

We will leave the Sigma Pi house out of this tour 'cause Fuzzy might be there—yes, that's the same Fuzzy—Fuzzy Bood.

We will now discontinue our tour for a few minutes as it is almost time for the night dance at the Gym. You will be entertained by a quartet on a gallontet made up of the faculty. Their first song is "We won't be sober in the Morning." Strike up the tune Asa—No, no, no—don't give us any of that parley voo stuff.

Here folks, is a bit of bad news for all of us—Papa Hulls, a dearly beloved civil prof—to-day dropped a piano on his toe—while attempting to lift it, standing on his head—that witty ole deah.

Now, my deah listeners, we will take you to the Gymnasium, where you will hear Burnt Goings playing for the mid-year brawls. "O. K. Gym" — "O. K., Burnt" — O. K. — what th—? Who was that little fuzzy-headed guy who came up to smell my breath? Oh — that was "Fuzzy". Look! He's fainting! No—he just pulled a fadeout — too much stimulant. He'll be up in an hour or so — in time to snoop around some more and find another drink.

What's this over here — looks like a calf rooting the paper off the wall — just another boy having his good, clean fun.

him.

You'd better watch ole Waller Wincha here folks—these dames might try to carry me off (noises from the floor) Boo, Boo *****. Well, if that's the way you feel about it I'll leave—Good-night, all — tick, tock (indicating space of five minutes' time).

Well, folks—this looks like a nice place over here next door at the Delta Sig—Ow—Ooooh, Halp! Frankenstein! Run for your lives! These doin's will kill ole Waller Wincha yet

—we'll have to hurry, 'cause the Lucky Bike quarter hour was up thirty minutes ago. Shall we go down to the Theta Chi —no? Why? 'Cause they're all sissies? Well —how about the Kappa Sig? We can go around to see "Chief Sit-in-the-Fire" and Snowbird.

"Violets—Violets"—Hi, ho, everybody! "Well, here we are at the Sleep and Eat house — No, we won't stay." O. K. — K. A. — I can't hear anything but "Bells of Ovaltine" and "Meatman" around here—les' leave. We needn't stop by the A. T. O. house—they have quite a few Bushes around there and a representative of the House of David — Beard.

Well folks, Waller Wincha speaking—I'm not being paid to say this much—so I can truthfully say that if you try Lucky Bikes your profanity will increase twenty words—no more—no less. Now ladies and gentlemen, we will pause for station announcements—(something like wedding announcements)—Blah, Blah, Blah, Blah, Blah, Blah, Blah

Now ladies, we have a great surprise for you all—we will now take you to the Pi K. A. house where a chicken supper is being prepared by Chief Chef Bromo Quinine with the help of all twenty-six pledges. They have quite a few shining lights down at the Pi K. A.

among whom is the greatly renowned Busted Bottom—I hope you'll like it.

We will now see what is going on next door at the S. P. E. house — "O. K. — S. P. E." What's this I hear — one of the boys seems to have put one over on "Fuzzy." "Fuzzy" it seems, was the chaperone at this lodge during the mid-terms. "Fuzzy" was quite taken aback when this man walked (?) in and announced himself as the most important man on the campus.

Here we are nearing a building which is all lighted up—hmm—boys love their work—SPLASH—Blurp—Phooie. Water from the window? This must be the Architectural Building—"Da de—Da Da Da"—and the child was saved.

At this point Waller Wincha passes out of the picture and has to be carried over to Uncle Billie's—and fed

two bags of popcorn for a nickle—five cents, one twentieth part of a dollar—which will neither make you, break you, or set you up in beezness.

Waller blurbs under his breath and asks for a "Camul"—it seems that he has exhausted himself trying to smoke and advertise "Lucky Bikes".

And so, ladies and gentlemen—we bring to a close our quarter hour (it may have taken you longer) of interesting experiences.

Now—the announcement you have been waiting for —Bla, Bla, Bla, Bla, Bla, Bla—and remember, some-body wins a new automobile every day—and thank you, until to-morrow night at this same hour—thank you. You have been listening to station G-L-O-M-E—aw, nerts.

You Answer Them??

What do you intend to do with your life? No? Yes? Why not? Throw it away? Who gives a damn? Who said that? Wot ya say? Have a camel? What do they mean by the "witching hour? How could you give it up? Why? Bluebeard? Drums? Soldiers? What kind of a story is this? Ain't that hell? Where is the bottle? Oh, Jack—how could you? Do they open on the side? Oh, 'spose Mamma should come in? Why did you park here? OUR son? By golly, where? Are you going to love me always? Are you going to make me? How did it go? Who says that all men are born free? Are you going a-fishing? What are you going to do about it? What can you do about it? What are your qualifications young Lady? Huh? Whereza purty collitch girl? Huh? Whereza shiney car? Rich guy? Whereza a big football guy? Wit ukelele? Who's crazy? You crazy? Me crazy? Everybody crazy? Whoopee? Vo do? Ah cha cha? Crackle? Snap? ???

She: "You remind me of Nero."

He: "Why?"

She: "Here I am burning down and you're just fiddling around."

She: "Promise to love me as long as you

live."

He: "Cross my heart and hope to die."

One: "Is your roommate broadminded?" Two: "Say, that's all he thinks about."

Then, of course, we have Prof. Burp—who teaches math so well, he teaches the sophomores analyt.—and gives the juniors calculus.

Speaking of embarassing positions—how about the firemen who answered an alarm from a certain fraternity on the campus, only to discover that the excitement was caused by steam escaping from the fraternities hotbox. Before they could get away, three firemen had been pledged and had signed house notes.

Little Willie (aged six): "Mamma, where'd I come from?

Mamma: "Why, the stork brought you, of course."

Willie: "And where'd you come from? Mamma: "The stork brought me, too."

Willie: "And where'd grandma and grandpa come from?"

Mamma: "The stork brought them, too."

Little Willie takes out his scrapbook and begins to write: "Insofar as I have been able to ascertain, the origin of my family for the past three generations has been of the most extraordinary nature . . ."

Senior: "You should place your hand over your mouth when you yawn." Frosh: "What, and get bit?"

Jack
And Mary
Went To Pick
Violets
But
Mary's Little Brother
Came Along
And So
They
Picked Violets.

"This being the day of your execution, you will now have an hour of grace."
"Okeh, Warden, bring her in."

"What do you do when you wear your bathing suit out?"

"I usually wear it back, if nothing happens."

My styles are the latest to be found,
My ties are loud, my socks hang down,
My suits possess the lines of grace—
They come from the most expensive place.
And cigarettes? Two packs a day;
I never study—doesn't pay;
Courses are the things I hate—
Say, Kid, I'm collegiate.

"I'm stork mad," said the father of fifteen children.

"Mother, will college boys go to heaven?"

"Yes, but they won't like it."

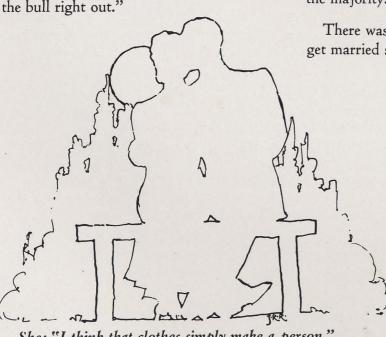

Harry: "I'm going to call you 'Sore Throat', because you're a pain in the neck." Hairy: "Very well, Whipping."

Farmer (at fair): "I've got about twenty children out here as would like to see the prize bull. Kaint you make me a special rate?"

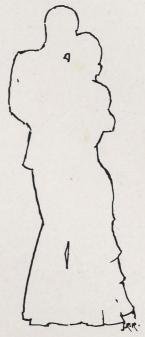

Show Man: "All your kids?"

Farmer: "Shore."

Show Man: "You wait here, I'll bring the bull right out."

She: "I think that clothes simply make a person."
He (glancing down): "I see you're still in the making."

"Baby, you shore can trot."
"Trot, hell, my bead string broke."

Here's to the man that refused to rock the baby because he couldn't throw straight enough.

Elmer says: "There are three kinds of women—the intellectual, the beautiful, and the majority."

There was once a freshman who tried to get married so that he could be a senior.

First: "Have a drink?" Second: "Sure." Gurgle Gurgle

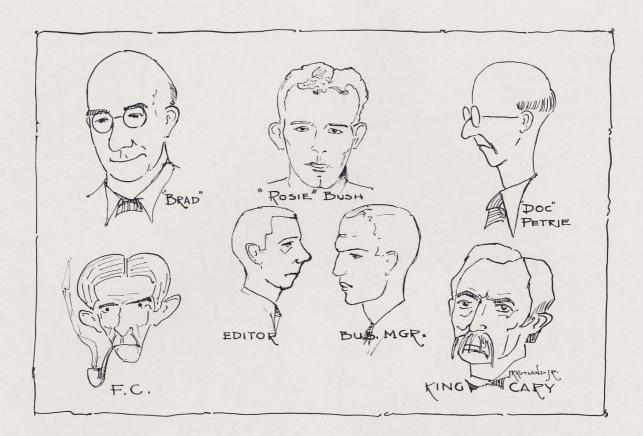

Gurgle Gurgle

Pause. Gurgle

Gurgle Gurgle

First: "Now open your mouth and let me wash my hands."

Stop.

Letter to the Editor

Dear Editor:

How are you to-day? I am fine—thanks. How are your folks? My folks are fine—thanks.

This ain't agoner be no letter like that one in the campus paper the other day—you know, the one what knocked the method adopted to stop cribbing around the block and then ending up by saying that something ought to be done but—he didn't know what.

I didn't mean there wuz any cribbing around the block—you know what I mean.

I jist heard too boys talkin' an' one of 'em tell the otherin' to go to hell an' the otherin' pops up an' sez: "Thanks fer axin' me to pledge but I'm already a Phi." Haw, haw—ain't that a good un'? He didn't aim to put that'n on 'im. Haw, haw, haw.

Well, Mr. Editor, the purpuss of this here letter is to accomplish nothin' whatsoever, so in it I'll be safe in sayin' enythin' I wanta say withoutafearing that I won't accomplish my purpuss. Now that we got that strait, naw we ain't talking about the strait of Gibralter, well ennyway we kin go on with our letter—can't we?

Well, ennyway—ain't this purty weather we're havin'?

Well, ennyway don't let the girls forgit that "Familiarity breeds attempt". An' Mr. Editor if theys ennything in this letter whut might be not perzackly rite—just consider the soarse an' pass over it 'cause the soarse is "fulla tricks." An' if theys ennybody else whut don't like it—just let them come to see the soarse pussonal.

Well, they's nothin' in site an' I can do no more than accomplish nothin' so I'll say nothin' more.

I'm yours fer the accomplishment of nothin'.

LOTTA BULLONEY.

1931-32 Catalogue of Students

KEY TO ABBREVIATION—The number immediately following the home address indicates the class of the student; 1—Freshman; 2—Sophomore; 3—Junior; 4—Senior; 5—Fifth Year; 6—Graduate; 7—Special.

Courses of Study: Ag—Agriculture; AgE—Agricultural Engineering; AgEd—Agricultural Education; AerE—Aeronautical Engineering; CE—Civil Engineering; EE—Electrical Engineering; EngAdm—Engineering Administration; HE—Highway Engineering; ME—Mechanical Engineering; TE—Textile Engineering; A—Architecture; AE—Architectural Engineering; CA—Commercial Art; ID—Interior Decoration; LA—Landscape Architecture; SL—Science and Literature; BA—Business Administration; PD—Pre-Dental; PL—Pre-Law; PM—Pre-Medical; Ch—Chemistry; ChE—Chemical Engineering; Ph—Pharmacy; Ed—Education; HEC—Home Economics; HECEd—Home Economics Education; VM—Veterinary Medicine.

In Appreciation

The Editor and Business Manager wish to thank:

HARRY BARNES for his excellent work in compiling the copy for the Athletic Section and his ever-willingness to co-operate with us at any time.

"RED" EADIE for his co-operation with the Art Editor in producing one of the most attractive themes for sub-design work.

JOHN FONVILLE for his constant and untiring efforts in securing the advertisements for this book, and his smiling countenance which he lent us in depressive moments.

"Bull" Rutland for his clever Humor Section, in which he so clearly expressed the lighter moods of the Auburn students. Okay, "Bull".

ELMER G. SALTER for the many courtesies which he extended to us in the compiling of copy for the Athletic Section.

"TIP" MATHEWS for his earnest desire to help us in whatever he might.

"Rosie" Bush, "Fizz" Beard, and "Grown-Up-Seed" Plant for their wonderful help in maintaining the cleanliness of our office. (See these boys for your picture.)

Messrs. W. A. Benson and Eugene Fitzgerald without whose many helpful suggestions and Herculean efforts this publication would have been an impossibility.

Stanley Paulger

PHOTOGRAPHER

9 Court Square
MONTGOMERY, ALABAMA

OFFICIAL PHOTOGRAPHER FOR

1932 GLOMERATA

The photographic work for the 1932 Glomerata was handled in an efficient manner by Mr. Stanley Paulger. He was ready at all times to help in any way possible, and his motto was one of Service. The quality of his work speaks for itself, and we can say that it has been a pleasure to work with him in putting out the 1932 Glomerata.

JOHN R. FARRIS

Editor-in-Chief

SAM B. FORT
Business Manager

Alabama Polytechnic Institute AUBURN

"The Corner Stone"

What will you do with your life? In what profession or calling are you interested? For what line of work do you wish to prepare yourself?
