

Next time you file a new business, try out our new Fast Track Filing system!

To file a UCC, first set up a **free** account at filings.sos.iowa.gov

Are there multiple users in your organization? Encourage **all** users to create their own account! All they need is an email address.

Logging in for the first time?

You will be required to set up a payment method. Your options are:

- 1) Credit Card
- 2) Debit Card
- 3) SOS Account

If you are an SOS account holder, multiple users may use the same SOS account as a payment method. They would need account number and PIN.

You're now ready to file UCCs online!

*Filing is real time (no human review).

We will continue to build on the filings we offer through Fast Track Filing. If you have any further questions or concerns, please contact our Customer Service Division at **515-281-5204**.
