

Penguin

Waddle, waddle, belly slide.
Across the ice the penguins glide.
Wiggle the tail and flap the wing.
March to find what Mommy brings:
Fish for breakfast, fish for brunch,
Want to guess what is for lunch?
Time for a nap on Daddy's feet,
Cozy, warm, so soft and sweet.

TOOLS AND MATERIALS:

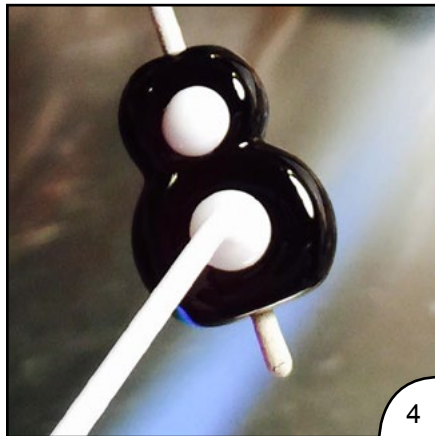

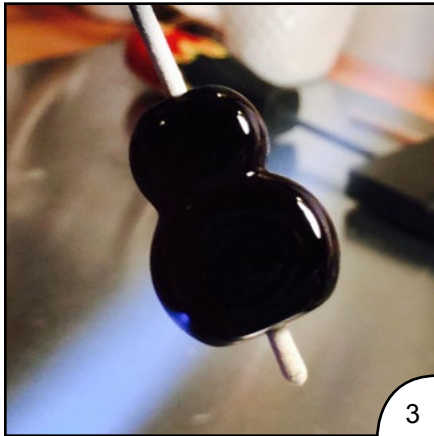

- ▣ 3/32-inch dipped mandrel
- ▣ CiM Hades
- ▣ Effetre 408 Yellow Lemon Medium
- ▣ Effetre 422 Orange
- ▣ Effetre 204 White Pastel
- ▣ Stainless steel shaping/paddle tool
- ▣ Pointed piercing tool
- ▣ Mashing tool
- ▣ Tweezers for pulling stringers
- ▣ CG Snowman Beadroller

Step 1: Using a 3/32-inch dipped mandrel, create a double bead or snowman shape from Hades. The CG Snowman Beadroller is perfect for this project.

Step 2: Flatten the bead using mashers.

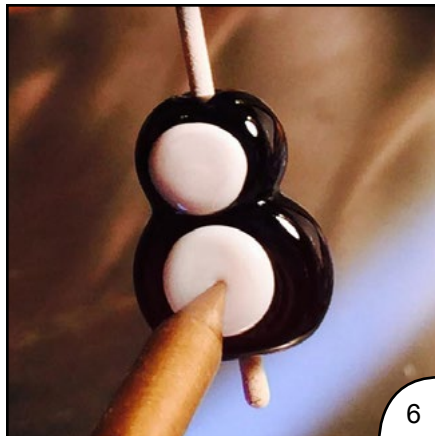

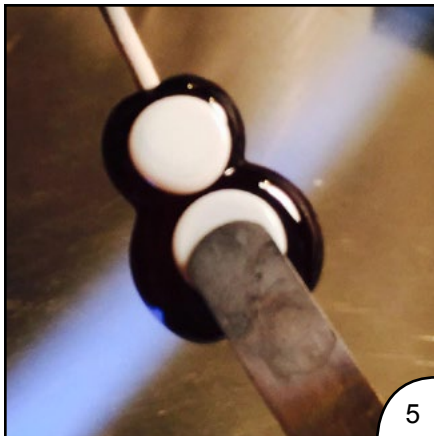

Step 3: Gently heat the bead to remove any tool marks from the mashing process.

Step 4: Using white, add a dot for the face and a second dot for the tummy.

Step 5: Flatten the dots with a smooth paddle tool.

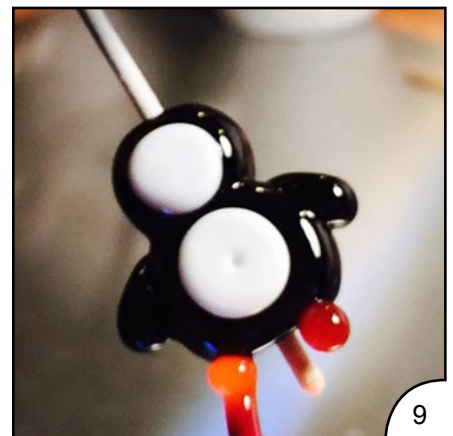

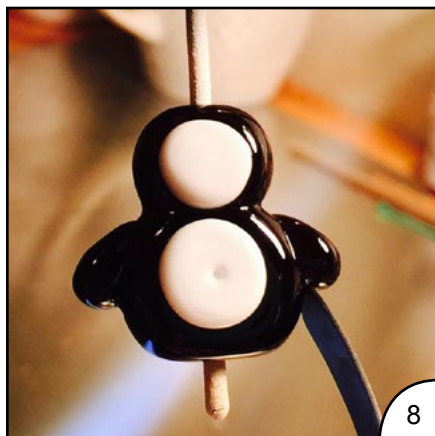

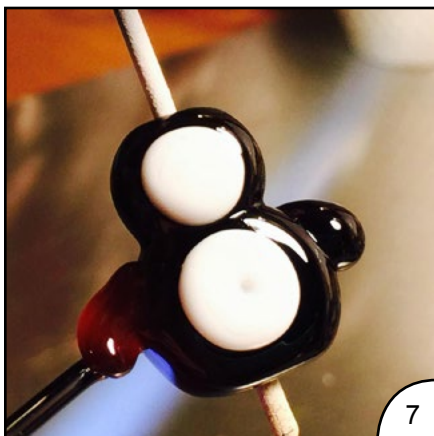

Step 6: Create the belly button detail using a pointed piercing tool.

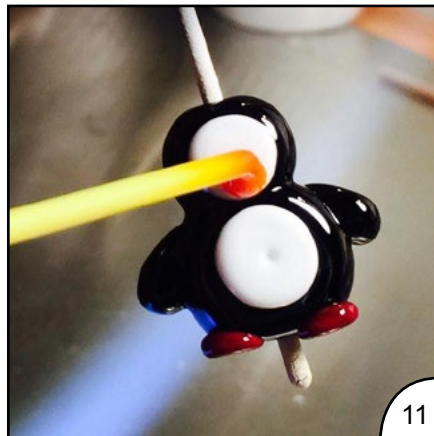

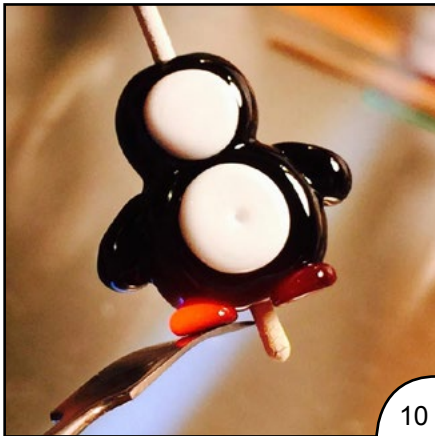

Step 7: Using Hades, add two gathers for the penguin's wings.

Step 8: Heat and check the wings for proper adhesion. If needed, use a tool to shape.

Step 9: Add two gathers of orange for the feet.

Step 10: Flatten the feet onto the bottom of the body with a smooth paddle tool.

Step 11: Add a gather of yellow to create a beak.

Step 12: Gently shape into a triangle by using the edge of a paddle tool. Flatten.

Step 13: Using a fine stringer of Hades, add two small dots for the eyes.

Step 14: Flatten the dots to ensure a secure connection.

Step 15: Flame polish the final bead, then place the finished bead into a preheated kiln.
