Re: OPEN PHONE BANK INSTRUCTIONS

This is an easy and simple way to help get voters engaged.

- You can do it from home in your own time.
- You can access the Open Phone bank 7 days/week between 9am-8pm EST.
- All you need is the weblink (below) and the code (also below)
- Once you log on, it will ask for a 2-step verification process (you'll be texted a code on your phone to enter)
- You then enter your Zip code.
- Your browser will open to the same script that we are using in our canvassing efforts.
- Just follow the script, ask the questions and fill in the answers.
- Please ask them to verify their email addresses.
- Go on to the next name on the list.

This is an easy and cost-effective way for us to connect with like-minded voters. Please find time to do this as we will all win if we do the work now in advance of November 2026.
