## HARDSHIP VARIANCE FINDINGS

In accordance with M.G.L. 40A and the Somerville Zoning Ordinance, the Board may grant a hardship variance only upon finding all of the following for each hardship variance:

Hardship Variance Criteria:

1. *Special circumstances exist relating to the soil conditions, shape, or topography of a parcel of land or the unusual character of an existing structure but not affecting generally the High Rise (HR) zoning district in which the land or structure is located.*

The Board finds that special circumstances exist related to the shape of the parcel due to the impacts that the Somerville/Cambridge municipal boundary, which runs through the parcel.

2. *Literal enforcement of the provision of this Ordinance for the district where the subject land or structure is located would involve substantial hardship, financial or otherwise, to the petitioner or appellant, Somerbridge Hotel, LLC, due to said special circumstances.*

The Board finds that literal enforcement of the façade build out requirement, subject to this parcel, creates a substantial hardship to the petitioners.

3. *Desirable relief could be granted without causing substantial detriment to the public good and without nullifying or substantially derogating from the intent and purpose of the High Rise (HR) district in this Ordinance or the Ordinance in general.*

The Board finds that desirable relief can be granted without causing substantial detriment to the public good and without nullifying or substantially derogating from the intent and purpose of the High Rise (HR) district in this Ordinance or the Ordinance in general.
