Date: Mon, Jun 5, 2023 12:14 pm

Hi Tanya and Kendall, Anne, Rich,

Perhaps it needs to be said that there are no trees being planted as part of the project, and there will be no de-paving happening. We are adding planters at the face of the building, and replacing a strip of asphalt with unit pavers to upgrade the appearance along the front. That is all. No trees.

Our plan shows the planters and the plant schedule/list, and the plan is stamped and signed.

Thank you,

Katya Podsiadlo
