Good morning,

The Mayor's Office of Strategic Planning and Community Development will be working to update the City's Open Space and Recreation Plan (OSRP) in the coming months. This document will guide the next seven years of City work on parks, sports fields, open space, conservation land, and recreational programming.

It is important that we hear from YOU! Your participation will reveal what matters to the residents of Somerville. We want our goals to meet your needs. The OSRP "Action Plan" will emerge directly from community outreach, conversations with City staff, and data analysis. So, get involved! Stay informed! Share your thoughts!

Please click the link below to be taken to the Somerville Voice page which houses a survey + additional information about community visioning sessions regarding updating this plan:
