LEGAL NOTICE

Artisan Builders seeks to further extend the existing nonconformity for the required rear setback in the Neighborhood Residence (NR) district, which requires a Special Permit Finding.

SUMMARY OF PROPOSAL

Artisan Builders is proposing to modify the rear massing of the building and add a covered porch. The proposed modifications will extend the existing encroachment into the required rear setback from 0.3ft to 5.3ft.

Pursuant to M.G.L. Chapter 40A, Section 6, the Inspectional Services Department (ISD) has determined that this application does not qualify for a Hardship Variance because the request is for further extension of the existing nonconformity on a single- or two-family structure, which can only be granted through a Special Permit Finding.

BACKGROUND

10 Perry Street is located in the 0.5mi Transit Area in the Neighborhood Residence (NR) zoning district southwest of Union Square, represented by Ward 2 Councilor J.T. Scott. If the Board makes the Special Permit Finding, the proposal will be by-right. The Zoning Board of Appeals is the decision-making authority for all discretionary or administrative permits required for the Neighborhood Residence (NR) district.

ANALYSIS

The Applicant is proposing to modify the rear massing of the property to (1) enclose an existing porch and stoop, (2) add a new covered porch and steps, and (3) create a bump-out for a new entrance to the basement. The existing rear of the property encroaches 0.3ft into the rear setback. The proposed modifications will encroach an additional 5.0ft into the rear setback, resulting in a rear setback of 14.7ft where 20ft is required as outlined by the SZO Article 3.1.8.b.d.

Upon analysis of the material submitted by the Applicant, PPZ Staff does not believe that the granting of the requested Special Permit Finding would cause a substantial detriment to the public good or nullify or substantially derogate from the intent and purpose of the Neighborhood Residence (NR) district, copied here:

Intent

- To implement the objectives of the comprehensive plan of the City of Somerville.
- To conserve already established areas of detached and semi-detached residential buildings.

Purpose

- To permit the development of one-, two-, and three-unit detached and semi-detached residential buildings on individual lots.
- To permit contextual modifications to existing detached and semi-detached residential buildings.
- To permit the adaptive reuse of certain existing nonconforming buildings for arts & creative enterprise and retail uses compatible with residential areas.
- To create dwelling unit types, sizes, and bedroom counts ideal for larger households in houses, semi-attached houses, duplexes, and triple-deckers.
- To create dwelling unit types, sizes, and bedroom counts ideal for smaller households in cottages and backyard cottages.

CONSIDERATIONS & FINDINGS

In accordance with the Somerville Zoning Ordinance and M.G.L. Chapter 40A, Section 6, the Zoning Board of Appeals may grant a Special Permit Finding only upon deliberating and finding the following at the public hearing:

Special Permit Finding Consideration

- Pursuant to **M.G.L. Chapter 40A, Section 6**, “pre-existing nonconforming [single or two-family residential] structures or uses may be extended or altered, provided, that no such extension or alteration shall be permitted unless there is a finding by the permit granting authority or by the special permit granting authority designated by ordinance or by-law that such change extension or alteration *shall not be substantially more detrimental than the existing nonconforming use to the neighborhood.*”

Should the Board approve the required Special Permit Finding to further extend the existing nonconformity for the required rear setback, PPZ Staff recommends the following conditions:
