HARDSHIP VARIANCE FINDINGS

In accordance with M.G.L. 40A and the Somerville Zoning Ordinance, the Board may grant a hardship variance only upon finding all of the following:

Hardship Variance Considerations

1. *Special circumstances exist relating to the soil conditions, shape, or topography of a parcel of land or the unusual character of an existing structure but not affecting generally the zoning district [Mid-Rise 4 (MR4)] in which the land or structure is located;*

The Board finds that special circumstances exist relating to the topography of the parcel in that the Somerville-Medford city boundary runs through the parcel with only a small portion of the land on the site being located in Somerville.

2. *Literal enforcement of the provision of the Ordinance for the district where the subject land or structure is located would involve substantial hardship, financial or otherwise, to the petitioner or appellant.*

The Board finds that literal enforcement of the ordinance would create a substantial hardship to the petitioner because of site conditions including the existing site sign.

3. *Desirable relief could be granted without causing substantial detriment to the public good and without nullifying or substantially derogating from the intent and purpose of a specific district [Mid-Rise 4 (MR4)] in this Ordinance or the Ordinance in general.*

The Board finds that desirable relief can be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent and purpose of the Mid-Rise 4 (MR4) zoning district or the Ordinance in general.

DECISION

Following public testimony, review of the submitted plans, and discussion of the statutorily required considerations, Acting Clerk Fullerton moved to approve the Hardship Variance for relief from the 2-foot front setback requirement in the MR4 district. Anne Brockelman seconded. The Board voted **5-0** to approve the Hardship Variance, subject to the following conditions:
