CITY CLERK'S OFFICE
SOMERVILLE, MA

This decision summarizes the findings made by the Historic Preservation Commission (HPC) or their designee regarding the **Local Historic District property at 53 Moore Street.**

SCOPE OF WORK

- Replace six (6) second story windows.

DETERMINATION

Under the Somerville Historic Districts Ordinance (HDO) proposed alterations of Local Historic District (LHD) properties must conform to specific criteria set out in the *Design Guidelines*. In the instance of **53 Moore Street**, the proposal does not meet the following criteria set out in *Design Guideline Section II.c.2* which reads as follows:

Whenever possible, repair and retain original or later important window elements such as sash, lintels, sill, architraves, glass, shutters and other decorative elements and hardware. When replacement of materials or elements are necessary, it should be based on physical or documentary evidence. If aluminum windows must be installed, select a baked finish that matches as closely as possible the color of the existing trim. Investigate weather-stripping and storm windows with a baked enamel finish as an alternative to the replacement of historic sash.

The Commission found that the applicant did not provide physical or documentation evidence that replacement materials or elements were necessary for window replacement.

Due to the description of the work, the images of the proposed replacement materials submitted by the Applicant, and the provisions set forth in the Historic District Ordinance (HDO) and related Design Guidelines, the Applicant is **denied** a **Certificate of Appropriateness**.
