## **Addendum No. 7 to IFB 25-31**

Dear Bid Holders,

The City of Somerville has issued addendum #7 for IFB 25-31 Repair & Maintenance of Door Systems. This addendum, #7 was issued to provide answers to the questions received by email and during the Site Visit of 1/24/25.

### **Questions and Answers - email**

- Q1. Would it be possible for you to send me a copy of Somerville's most recent executed contract (within the past 5 years or so)? I am just trying to get a better understanding of overall scope.**  
**A1.** This is the first time the City has procured a contract for door repairs. Historically, door repairs were performed by DPW employees or procured off-contract.

### **Questions and Answers - Site Visit 1/24/25**

- Q1. What are the issues with the doors at Somerville High School (SHS)?**  
**A1.** Common problems are insufficient hinges and door closers. DPW has replaced 3- or 4-hinges with continuous hinges on some doors. There is also sometimes damage caused by students or cleaning machines.
- Q2. What doors are installed at SHS?**  
**A2.** Please see attached door schedule for SHS.
- Q3. What lock hardware does the City use?**  
**A3.** Depends on the building, but most common are Best and Medeco.
- Q4. Are there Dormakaba automatic door closers in all the City buildings and schools?**  
**A4.** No, only SHS has Dormakaba closers.
- Q5. Which buildings have aluminum storefront doors?**  
**A5.** The three library buildings have aluminum storefront doors. No other buildings have them.
