#	Questions	Response
	DATA / INTEGRATION	
1	For the system integrations, is there a REST API available for these integrations?	GIS data will be consumable as REST endpoints via ArcGIS Portal feature services. Other system integrations may have a REST API or other types of APIs available.
2	The link provided for the Conflict of Interest Law does not work, http://www.mass.gov/ethics/laws-and-regulations-/conflict-of-interest-information/conflict-of-interest-law.html . What is the Conflict of Interest exam referring to on page 33 of the RFP under Proposer Conduct? Is this something a Signatory is supposed to do? Can we give a “no conflict of interest” statement in lieu of taking an exam?	Vendors may be asked under special circumstances which are found here, under “1b, Vendors and contractors”: https://www.mass.gov/info-details/conflict-of-interest-law-education-and-training-guidelines
