

Balletone™

by BAPPE above®

Balletone™ is a program for the Non-Dancer and everyBODY.

Ballet techniques provide a foundation for healthier posture, body alignment, improved balance, and control of the body. Balletone™ is influenced by Pilates, with centering and flowing transitions that are gentle and slow. It fuses the best of fitness to improve range of motion and coordination, while also focusing on strength, aerobic endurance and flexibility. Enjoy moving to music and getting into the flow while feeling both elegant and energized.
