Somerville Public Schools - School Committee Goals 2023 - 2025

In order to address the root causes of systemic inequity in our schools, the Somerville School Committee and SPS commit to the following goals, knowing that these can only be achieved through ensuring meaningful partnerships with Somerville families, district staff, city government, and community partners. Our goals attempt to address deep-rooted systemic barriers that have prevented us from achieving our district vision of equity and excellence and ensure that all students, regardless of race or ethnicity, have the supports and resources they need to achieve educational success in our district now and in the future.

1. Whole Child Teaching and Learning... we will:

- prepare students to demonstrate strong literacy and mathematics foundation by grade 3, grade 6, and grade 10
- provide all students with integrated classroom lessons from a high quality social-emotional learning curriculum that helps students value and develop their ability to build relationships with other students, to be self aware and socially aware, to self regulate, and to make responsible decisions
- expand access to real-world learning experiences through students' participation in Early College, Advanced Placement courses, CTE, and/or other learning experiences that help students build critical 21st century skills, meeting with their college and career counselor in their junior and senior year, and students graduating with a defined post-secondary plan.

2. Equitable Access to Programming... we will conduct a district enrollment study to understand the prospective future population of the district and create and begin implementing a strategy for school building development, school assignment, and programming that aligns with the district's equity policy, and which is based on results of the enrollment study and the projected 10+ year plan for school facilities.

3. Workforce Diversity... we will increase the percentage of support staff of color, teachers and counselors of color, and administrators of color by 6% per group compared to SY22 rates through evaluating and strengthening all elements of our personnel system – recruitment, processes, training, retention, development, advancement, and staff data collection systems on which we base and measure our improvement efforts.

4. Equitable Resource Allocation... we will design, evaluate, and partially or fully implement student-based budgeting by 2025, or identify alternative mechanisms to more equitably allocate district resources.

ORDER OF BUSINESS
