

Living Well with Hearing Loss

KATJANA BALLANTYNE
MAYOR

A TWO PART PROGRAM TAUGHT BY SPEECH-LANGUAGE PATHOLOGIST, CHERYL BAKEY.

Hearing loss can cause difficulty with communication for both the person who has hearing loss and the communication partner. Hearing devices (ex. hearing aids, cochlear implants) can help, but they do not completely fix the problem. Research supports that use of specific strategies, either alone or in addition to hearing devices, can help to improve participation and enjoyment in activities. *These classes will review strategies to use along with reviewing hearing technology to improve communication.* Family & friends are welcome to partake in this program with their loved ones. Presentation is in person, closed captioning available.

When: Monday, October 20th at 1pm & Monday, November 17th at 1pm

Where: Somerville Council on Aging, 167 Holland St, Somerville, MA 02144

RSVP by contacting Molly at 617-625-6600 ext 2318 or mpagliuca@somervillema.gov

This program has been implemented as a result of the Aging in Somerville Community Needs Assessment. It is thanks to feedback from our community that we are able to create programs to help older adults continue to age well in Somerville.

Persons with disabilities who need ADA accommodations to access this program, please contact 311 (617-666-3311) in advance.

The City of Somerville can provide you with an interpreter in your language for free. To request an interpreter, please contact us at languageaccess@somervillema.gov or call 311 (617-666-3311) at least 7 days in advance of this event.
