Re: RFP 26-25 Networked Geothermal Systems Financing and Operations Study
Notice of Rejection of All Proposals

Pursuant to M.G.L. c. 30B, Section 9 and Section 1.5 of the Request for Proposals (RFP) (General Terms; Right to Cancel/Reject Bids), the City of Somerville is rejecting all proposals it has received in response to RFP 26-25 Networked Geothermal Systems Financing and Operations Study.

The City of Somerville has determined that rejecting all proposals is in the best interest of the City at this time. The City will be exploring different opportunities for promoting networked geothermal outside of the scope contained in this RFP, as well as re-evaluating what other options are available for pursuing and promoting green energy through different means.

The City of Somerville appreciates the time and effort it takes to prepare and respond to an RFP. Should there be any opportunities in the future that are similar to this nature of work, the City welcomes you to submit a proposal.

Thank you for your interest in working with the City of Somerville.

Sincerely,

Jordan T. Remy
Deputy Chief Procurement Officer
