RE: Staff Memo Correction Memo

HPC MEETING DATE: July 21, 2026

Members of the HPC,

The staff report dated July 14, 2026, regarding application HP26-000032, site 9 Brastow Avenue contains the following scrivener's error:

On page 1, the Legal Ad reads "The Applicant seeks a Certificate of Appropriateness to alter an LHD property by adding a shed to the backyard of the property visible from the public street." This Legal ad should be listed as "The Applicant seeks a Certificate of Appropriateness to alter an LHD property by rebuilding the existing rear deck in the same location, no changes to the existing configuration are proposed" as correctly advertised on the Public Hearing Notice posted on July 2, 2026, and the Historic Preservation Agenda posted on July 17, 2026.

This memo serves as the correction of this scrivener's error.
