Licensing Board

Re: ZP26-000008

To Whom It May Concern:

We are requesting approval for a 24-hour operating license to meet demonstrated late-night demand from shift workers, visitors, and local residents. Our establishment is prepared to operate responsibly with trained staff, security measures, and noise-mitigation practices in place. We believe extended hours will provide a safe, well-managed environment that supports the local economy while minimizing neighborhood impact.

We are currently open daily from 5am to 8pm.

Thank you,
Mark Pesce
