

Broadway Magoun Reconstruction Updated Design Open House

Come learn about the updated design!

When: Wednesday, November 4, 6:30 – 8:00 p.m.

Where: Arthur D. Healey School, 5 Meacham Street

- The City of Somerville is planning to reconstruct sidewalks, repave, and redesign Broadway between Winchester Street and Central Street to improve safety, accessibility, and sustainability.
- In the spring, we published concept designs that included protected bike lanes in both directions, raised crosswalks, new crosswalks, upgraded bus stops, and three options for the Magoun intersection.
- Shaped by the community input we heard, we've developed an updated design with one option for the Magoun intersection.
- Join us at the open house to learn more about the design and share your feedback! Food and refreshments provided.

Other opportunities to engage:

Online survey (11/4 – 12/4)

Street Outreach - Subject to weather changes (11/12, 11/18)

Virtual Office Hour (11/13)
