"THE FINEST HOURS" (PG-13)

"In 1950, in Cape Cod, Massachusetts, the US Coast Guard Station in Chatham receives a distress signal from the oil tankers SS Pendleton and SS Fort Mercer. Commander Daniel Cluff assigns the crew formed by Bernie Webber, Richard Livesey, Andy Fitzgerald and Ervin Maske to rescue the crew of the SS Pendleton in a small rescue boat. Cluff is warned about the intensity of the storm by Bernie and also by his girlfriend Miriam but he keeps the order. Meanwhile the SS Pendleton has broken and lost his forward part and his skilled and experienced engineer Ray Sybert assumes the command of the survivors. He uses his abilities to steer the stern in a safer position, grounding it on an unstable bank of sand to avoid sinking." Based on the incredible true story.

This movie stars Chris Pine, Casey Affleck, Ben Foster and Eric Bana. This movie runs approximately 1 hour and 57 minutes.
