## **CITY OF SOMERVILLE, MASSACHUSETTS COMMUNITY PRESERVATION COMMITTEE FY22 FUNDING CYCLE APPLICATION & REVIEW PROCESS**

In this next section you will find instructions on how to complete the CPA application packet. If you have questions or would like to see examples of past applications, you can visit [www.somervillema.gov/cpa](http://www.somervillema.gov/cpa) or contact the CPA Manager at [ospcd@somervillema.gov](mailto:ospcd@somervillema.gov) or at 617.625.6600 x 2539.

### **Eligibility to Receive Funds**

In order to receive CPA funds, at least one of the applicants for each project must fall in one of three categories:

1. City of Somerville department or division
2. Organization legally registered in Massachusetts (such as a 501c3)
3. Individual proposing a CPA eligible project on property they own themselves

If you are interested in applying for CPA funding but do not fall into one of these categories, you will need to apply with a co-applicant that fits into one of these categories who will be able to manage the project finances.

The Community Preservation Committee has established two separate application processes: one for community housing projects and one for historic resources, open space, and recreational land projects.

### **Community Housing Projects**

The [Affordable Housing Trust Fund](http://www.somervillema.gov/departments/affordable-housing-trust-fund) (Trust) serves as the administrative body responsible for managing the affordable housing allocation of CPC funding in Somerville. As such, applicants with community housing project proposals should apply directly to the Trust. You can learn more on their website at: <https://www.somervillema.gov/departments/affordable-housing-trust-fund>. Please contact the CPA Manager with questions.

The CPC encourages projects that combine two or more of the CPA focus areas (blended projects). Applicants with blended projects that include a community housing component must apply to the Trust for funding for the community housing component and use the process outlined below to apply for funding for the historic/open space portion of their project.

### **Historic Resources, Open Space, and Recreational Land Projects**

The City of Somerville will award Community Preservation Act funding for historic resources, open space, and recreational land projects on an annual basis according to the process outlined below:

## Pre-Applications

The Community Preservation Committee (CPC) requires all community members proposing a project on public land have the property owner signed on as a co-applicant. To help facilitate this process for projects being proposed on City of Somerville land, these applicants must submit a pre-application to the Community Preservation Act (CPA) Manager. Through this process, the relevant City department will review your application and will opt to sign on as a co-applicant, work with you to develop the idea further to be submitted at a future funding round, connect you with an existing effort on the property, or decline to sign on as a co-applicant. Once the FY22 pre-applications are completed; only applications that the city decided to be a co-applicant can proceed to project eligibility determination phase.

## Step 1: Determine Project Eligibility

The Community Preservation Committee (CPC) requires all applicants to submit a project eligibility form as the first formal step in the CPC's application process. Applicants must submit an electronic copy of the form (fillable PDF [available online](#)) to Alan Inacio at [ainacio@somervillema.gov](mailto:ainacio@somervillema.gov) no later than **4:30pm on Monday, July 12, 2021.**

**Note:** Be sure to download the fillable PDF file and save it before you start typing, otherwise your changes will not save.

The CPC will review project eligibility forms at its July meeting (scheduled for July 21) and will inform applicants as to whether their proposed project is eligible for CPA funding in the week following that meeting.

The CPC reserves the right to notify applicants as to their proposal's eligibility for CPA funding after the deadlines established above in the event it requires a legal opinion to definitively determine eligibility.

To help applicants prepare their eligibility forms, a CPA virtual application workshop is being offered. Meetings details to be published on the city web. Applicants are **strongly** encouraged to attend one of the following sessions:

- Thursday, July 1 at 6:30pm

## Step 2: Submit Funding Application

Applicants whose projects are deemed eligible for CPA funding will be invited to submit a full proposal. The completed funding application is due no later than **4:30pm on Monday, September 6, 2021.**

Applicants must submit an electronic copy of the application and 1 paper copies to:

Community Preservation Act Manager  
c/o Office of Strategic Planning and Community Development  
City of Somerville  
93 Highland Ave.  
Somerville, MA 02114  
ainacio@somervillema.gov

If you need language support as you are developing your application, contact the CPA Manager at ospcd@somervillema.gov or 617-625-6600 x2539.

## Off-Cycle Applications

Under highly extraordinary circumstances, the CPC may vote to accept applications that, because of market opportunities or other deadlines, require consideration outside of the normal funding cycle. Applicants who believe their circumstances call for such unusual action should email Alan Inacio, the Community Preservation Act Manager, with a description of their proposed project and why it merits emergency funding. This will be shared with the CPC Chair who will determine if the project will be invited to apply for off-cycle funding.

## Step 3: CPC Evaluation of Applications & Public Comment

1. **Application review.** The CPC will review all project applications and evaluate them against the priorities established in its [Community Preservation Plan](#). The CPC may request additional information from the applicant during this process and may request that the applicant attend a CPC meeting in addition to the public comment session to respond to questions in person.

2. **Public comment session.** The CPC will also hold at least one session to gather public feedback on proposed projects. Applicants will be informed of the details of the meeting in advance and will be required to give a brief presentation to the public on their proposed project and to respond to questions from the CPC. The meeting is tentatively scheduled for October 27.
3. **Notification.** The CPC will notify applicants once it has decided which projects to recommend to the City Council for funding. The CPC will strive to do so by the end of December, but the timeline will depend on the number and complexity of project proposals received.
4. **Recommendation.** The CPC will submit its final recommendations for funding to the Mayor, who must submit them to the City Council for approval. The CPC may recommend:
  - a. A project as proposed by the applicant
  - b. A modified version of the project
  - c. Partial funding or funding for only a portion or phase of the proposed project.

The CPC reserves the right to attach conditions, such as conservation or preservation restrictions, to its recommendations and to include any specifications the CPC deems appropriate to ensure CPA compliance and project performance. Please note it is the practice of the CPC to require all applicants who receive funding for the historical preservation or rehabilitation of a building to place a perpetual preservation restriction on the building as a condition of receiving CPA funding. The CPC also has the practice of requiring a public access agreement where relevant. Applicants who request funding for internal improvements to historic buildings should plan on public access being included in the perpetual preservation restriction. All property acquired with CPA funds must be perpetually preserved for the purpose for which it was acquired.

#### **Step 4: Grantee Review of Recommended Funding and Conditions**

The CPA Manager will share the funding recommendation of the CPC with the applicant before it goes before the City Council to ensure that the conditions are acceptable to the applicant. Any substantial changes requested to the funding recommendation will need to be approved by the CPC.

#### **Step 5: Mayoral Submission and City Council Vote**

The Mayor will submit the CPC's recommendations to the City Council. Projects must receive approval from the City Council to receive funding from Somerville's Community Preservation Act Fund. The Council has the authority to approve a CPC-recommended project, approve the project at a reduced funding level, or reject the project. Should the Council vote to reduce funding for or reject a recommended project, the CPC will have an opportunity to respond and/or to adjust the scope or terms of the project prior to a final decision by the Council, as established in the Somerville [Community Preservation Committee Ordinance](#).

#### **Step 6: Grant Agreement, Disbursement and Monitoring of Funds**

##### **Non-City Organizations**

The CPC, acting through the City, will execute a grant agreement with each non-City organization that is awarded CPA funds ("Grantee"). The grant agreement will govern the use and disbursement of the funds. It will be tailored to each project but will include the Standard CPA Grant Agreement General Conditions included at the end of this application packet. The applicant will need to submit an up to date

Certificate of Good Standing, 501(c)(3) certification, proof of insurance, and other documents as applicable as attachments to the grant agreement. The City's CPA Manager will monitor project progress and compliance and will coordinate disbursement of CPA Funds according to the CPA Funds Disbursement Guidelines, also included at the end of this application packet. The City can establish a phased disbursement system with the Grantee to forward fund project phases with the exception of the final 10% of the project funds, which will be released upon completion of the project.

### **City Departments**

The CPC will execute a Memorandum of Agreement (MOA) with each City department that is awarded CPA funds. The MOA will govern Departments' use of the funds.

## **CITY OF SOMERVILLE, MASSACHUSETTS COMMUNITY PRESERVATION COMMITTEE FY22 FUNDING CYCLE INFORMATION FOR HISTORIC RESOURCES PROJECTS**

### **Project Eligibility Requirements**

The Community Preservation Act defines a historic resource as “a building, structure, vessel, real property, document or artifact that is listed on the state register of historic places or has been determined by the local historic preservation commission to be significant in the history, archeology, architecture or culture of a city or town.” If you are unsure whether your property is on the State Register of Historic Places, please see the [Massachusetts Cultural Resource Information System](#); note that properties in Local Historic Districts are automatically added to the State Register. If your proposed project is for a historic resource that is not listed on the State Register of Historic Places, you must submit the project proposal to the Somerville Historic Preservation Commission (HPC) for a determination of significance.

Private homes that are in Local Historic Districts should apply for funding to the City of Somerville Office of Strategic Planning and Community Development, Planning Division’s Local Historic District Property Owner’s small grants fund. This fund is in the process of being established.

To receive a determination of significance from the HPC, complete all sections of the FY22 [Eligibility Determination Form](#) and submit to the CPA Manager at [ospcd@somervillema.gov](mailto:ospcd@somervillema.gov). The CPA manager will review the form for completeness and forward it to the City’s historic preservation staff. You do not need to receive a determination of significance prior to CPC review of your Eligibility Determination Form.

If your building is not already a designated historic site or has never been surveyed, you will likely be asked by the Historic Preservation Commission to submit “explanation of significance.” See following page for more information. If you need to identify a preservation professional to assist you, you can find contact information for experts at [www.preservationmass.org/preservation-directory](http://www.preservationmass.org/preservation-directory).

### **HPC Guidelines for Determining Historic Significance**

At the request of the Community Preservation Committee, the Historic Preservation Commission created a document explaining the guidelines it uses to determine historic significance; please see pages 11-12.

### **Compliance with the U.S. Secretary of the Interiors Standards for Rehabilitation**

The CPA legislation requires that all CPA historic resources projects comply with the [U.S. Secretary of the Interior’s Standards for Rehabilitation](#). Contractors proposed for historic resource projects should have

experience completing preservation projects using these standards. This experience should be detailed in the narrative section of your application.

# **Guidelines for a Determination of Historic Significance**

For Historic Resource Projects Funded through the Community Preservation Act

Adopted August 19, 2014

*To be determined eligible for Community Preservation Act (CPA) funding, a historic resource must either be listed on the state register of historic places or be determined “significant in the history, archaeology, architecture or culture” of Somerville by the Historic Preservation Commission (HPC). The CPA defines a historic resource as a building, structure, vessel, real property, document or artifact. The HPC has established two processes and sets of guidelines for making significance determinations: one for buildings and structures, which have traditionally been under the purview of the HPC, and one for vessels, real property, documents, and artifacts.*

## **Buildings and Structures**

**Process:** Staff will recommend a significance determination to the HPC using the guidelines below, and the HPC will vote on a final determination.

**Guidelines:** The HPC will determine the significance for buildings and structures based on: 1) construction date; 2) cultural or historic association; 3) architectural/design quality; and 4) integrity.

### **1. Date of Construction**

The historic resource must be at least 50 years old.

### **2. Cultural or Historic Association**

The historic resource must either:

- a. Be the site of an important historic event;
- b. Be identified with a person or group of persons who have impacted the community; or
- c. Exemplify the cultural, economic, industrial, social, or political heritage of the City. This type of association is often related to historic integrity; refer to item 4.

### **3. Architectural/Design Quality**

The historic resource must either:

- a. Embody distinctive characteristics of a type, period, or method of construction;
- b. Represent the work of a master craftsman, architect, or builder;
- c. Possess high artistic values;
- d. Represent a distinguishable entity whose components may lack individual distinction; or
- e. Represent an established or familiar visible feature of the neighborhood or City due to its singular characteristics or landscape.

### **4. Integrity**

The National Park Service defines historic integrity as the ability for a historic resource to convey significance. A historic resource should possess sufficient integrity to convey, represent, or contain the values and qualities for which it is judged significant.

## **Vessels\*, Real property\*\*, Documents, and Artifacts**

*\*The Community Preservation Coalition has stated that, in the context of the CPA, a vessel refers to a ship or large boat.*

*\*\*The CPA legislation defines real property as “land, buildings, appurtenant structures and fixtures attached to buildings or land, including, where applicable, real property interests.”*

**Process:** The HPC recommends that applicants submit an “*Explanation of Significance*” written by a professional in the field associated with the resource type and a brief statement of the professional’s credentials and/or expertise.

Staff will review this explanation, and the extent to which it satisfies the guidelines below, and recommend a significance determination to the HPC. The HPC will then vote on a final determination.

**Guidelines:** The HPC recommends the explanation of significance address: 1) level of completeness; 2) the historic scope that is conveyed through the object or record; and 3) integrity.

**1. Level of Completeness**

Typically, this pertains to completeness of records, but can also apply to other resources if they are composed of multiple pieces or materials.

**2. Historic Scope**

The resource must convey the scope of history with which it is associated. The scope of history represented may be identified by the cultural association or design quality. The resource may:

- a. Illustrate the site of an important historic event;
- b. Identify a person or group of persons who have impacted the community;
- c. Exemplify the cultural, economic, industrial, social, or political heritage of the City;
- d. Embody distinctive characteristics of a type, period, or method of creation;
- e. Represent the work of a master craftsman, artist, etc.
- f. Possess high artistic values; or
- g. Be used to inform an area of scholarship.

**3. Integrity**

The National Park Service defines historic integrity as the ability for a historic resource to convey significance. A historic resource should possess sufficient integrity to convey, represent, or contain the values and qualities for which it is judged significant.

For records, the Society of American Archivists defines integrity as the principle that a body of records resulting from the same activity must be preserved as a group, without division, separation, or addition, to protect the evidential and informational value that can be discerned from its context.

FY22 FUNDING CYCLE  
INFORMATION FOR PROJECTS PROPOSED ON PUBLIC  
PROPERTY**

**Proposing Community Projects on Public Property**

**The Community Preservation Committee requires that the City of Somerville is a co-applicant on all projects proposed on City property**, including schoolyards and City leased property such as the Community Path. A representative from the relevant City department must sign onto the project's Eligibility Determination Form to confirm the City is a co-applicant.

It is up to the discretion of the relevant City department to agree to be a co-applicant on the proposed project. City departments will make the determination of their participation on the project based on the alignment of the project with City priorities and planning documents such as SomerVision and the Open Space and Recreation Plan, connections with already planned work, funding availability, and staff availability to serve as project partners. Please contact the relevant department as early in your idea generation process as possible. At a minimum, proposers must submit a pre-application form. For FY22, these forms were due June 10 at 4:30 p.m. Sign up for CPA News at [www.somervillema.gov/cpa](http://www.somervillema.gov/cpa) to receive updates on the FY22 deadlines.

The Community Preservation Committee also requires the relevant state institution sign on as an applicant for any projects on state land. If you are considering proposing a project on state owned land, please contact the relevant authority. A letter from the relevant governmental body confirming they are a co-applicant on the project must be submitted along with the Eligibility Determination Form. If you have a question about who owns the land or need assistance in contacting the relevant state officials, please contact the CPA Manager at [ospcd@somervillema.gov](mailto:ospcd@somervillema.gov) or 617-625-6600 x2539.

**Procurement Requirements for All Projects on Public Property**

The Community Preservation Act requires that all projects implemented on public property, whether implemented by the City or a community group, follow state procurement and prevailing wage laws. Community groups proposing to manage a project on City property must have the capacity to follow these laws. More information is available in an [article on the CPA and procurement laws](#) from the Community Preservation Coalition and [summary charts](#) prepared by the Office of the Inspector General.

**CITY OF SOMERVILLE, MASSACHUSETTS  
COMMUNITY PRESERVATION COMMITTEE  
FY22 FUNDING CYCLE  
ENSURING ACCESSIBILITY FOR ALL RESIDENTS**

**City of Somerville General Accessibility Requirements for All Projects  
Intended for Public Use**

Under the Americans with Disabilities Act (ADA), the City is required to operate all of its activities, services and programs so that, “when viewed in their entirety, they are readily accessible to and usable by qualified individuals with disabilities.”

Any project intended for the public’s use that is built on City property, any project built with City funds, or any project where the City is a co-applicant must comply with state and federal building codes regulating access for individuals with disabilities including the 2010 ADA Standards for Accessible Designs (28 CFR §35) by the United States Department of Justice, and the Massachusetts Architectural Access Board (MAAB) Regulations (See 521 C.M.R.), or the latest promulgated state and/or federal regulations. The resulting construction must meet all ADA/MAAB requirements and must provide equal access to individuals with disabilities.

Any construction, reconstruction, remodeling, alteration, or change of use of a building or facility that is open to the public will likely trigger this compliance obligation. Further, all new construction must fully comply. The City and the State’s building inspectors must and will enforce the MAAB regulations which are outlined in a “specialized” section of the Massachusetts Building Code (see 780 C.M.R.).

Application of the ADA Standards is not required where it would be “technically infeasible.” Technical infeasibility is defined as having “little likelihood of being accomplished because existing structural conditions would require removing or altering a load-bearing member which is an essential part of the structural frame; or because other existing physical or site constraints prohibit modification or addition of elements, spaces, or features which are in full and strict compliance with the minimum requirements for new construction and which are necessary to provide accessibility.” If compliance is technically infeasible, the alteration must provide accessibility to the maximum extent feasible.

Please confer with your design professional or architect on whether to seek a variance from the MAAB for technical reasons. There is no procedure for seeking variances under the ADA. However, ADA Title II has some exemptions for inaccessible buildings constructed before the law went into effect (ie for historic resource projects). For questions or additional information, please contact the CPA Manager at [ospcd@somervillema.gov](mailto:ospcd@somervillema.gov).

The Grantee shall cooperate with the Project Liaison, including providing access to the project site at reasonable times and with reasonable notice. The Project Liaison shall serve as the agent of the Community Preservation Committee ("CPC") for the purpose of monitoring project compliance with the terms of this Grant Agreement and shall periodically report to the CPC regarding the progress of the Project and the compliance of the Grantee with the terms of this Grant Agreement.
5. Records and Monitoring. The Grantee agrees to maintain such records with respect to utilization of the grant funds and income derived therefrom as are kept in the normal course of business and such additional records as may be required by the City. The City may periodically evaluate the performance of the Grantee and may make a determination as to whether the Grantee has conformed to this Agreement and has a continuing capacity to carry out the funded activities in the manner required pursuant to this Agreement.

Said records shall be available for inspection by the City during normal business hours and as often as the City may deem necessary. The Grantee shall make available all such records and documents as requested by said parties for audit and/or monitoring. The City shall be entitled to examine and make copies of such records and may audit all contracts, procurement records, invoices, materials, payrolls,

6. Deed Restrictions. Pursuant to Massachusetts General Law Chapter 44B, Section 12 every project that involves the acquisition of any interest in real property with CPA funds shall be bound by a permanent deed restriction that meets the requirements of M.G.L. c. 184, limiting the use of the interest to the purpose for which it was acquired. The CPC may also require, as a condition of a CPA funding grant, that real property which is benefited by grant funding be bound by a permanent deed restriction. Where applicable, the Grantee agrees to the imposition of such deed restriction in a form acceptable to the CPC.
7. Community Preservation Committee Conditions. The Grantee shall comply with all additional conditions placed on the grant offer by the CPC.
8. Compliance with Laws and Agreement. The Grantee understands and agrees that projects funded through this Grant Agreement are made pursuant to and must comply with the requirements of the Community Preservation Act, M.G.L. c. 44B. The Grantee also agrees to comply with all requirements of this Grant Agreement. The Grantee shall comply with all applicable federal and state laws and city ordinances and regulations, including but not limited to the Americans with Disabilities Act and Massachusetts Architectural Access Board regulations, which in any manner may affect the performance of this Grant Agreement.
9. Permits and Licenses. It is the obligation of the Grantee to obtain all permits and licenses necessary for implementation of the Project. No local permit or license is waived by awarding this grant.
10. No Liability of City. By making this grant, the City does not accept any liability whatsoever for any acts, omissions or errors associated with the Project. Nothing in this Grant Agreement shall be construed to render any elected or appointed official or employee of the City, or their successors in office, personally liable for any obligation under this Grant Agreement.

The Grantee shall indemnify, defend (with counsel acceptable to the City, whose acceptance shall not be unreasonably withheld), and hold harmless the City of Somerville, its officers, agents, employees, and representatives from and against any and all claims, suits, actions, liabilities, losses, damages, costs and expenses (including attorney's fees and expert's fees) of any nature arising from or in connection with any act or omission resulting in any way from the performance of Grantee, its agents, officers, employees, contractors, or subcontractors under this Agreement.

The extent of this indemnification shall not be limited by any obligation or any term or condition of any insurance policy. The obligations set forth in this paragraph shall survive the expiration or termination of this Agreement.

11. Insurance Requirements. Unless exempted, the Grantee shall provide the City with a Certificate of Insurance in the amount of \$1,000,000 or greater covering General Liability including Bodily Injury,

Property Damage, and Personal Injury. The City shall be named as an additional insured on this certificate.

12. Community Preservation Act Awareness. Upon commencement of the Project, and when required by the CPC or its Project Liaison, the Grantee agrees to post a sign stating that the Project was funded through the City of Somerville's Community Preservation Act program. A temporary sign may be used during construction, but a permanent sign, plaque, or similar marker is ultimately required upon completion of construction. Payment, design, and location of the sign will be agreed upon by the Grantee and the Project Liaison. The Grantee shall also identify that the Project was funded through the City of Somerville's Community Preservation Act program in its written materials about the Project, including press releases, brochures, etc.

To this effect, they shall consult and negotiate with each other in good faith, and recognizing their mutual interests, attempt to reach an equitable solution satisfactory to both parties. If the parties are unable to reach such a solution and the CPC alleges that the Grantee has failed to fulfill its material obligations set forth under the terms of this Grant Agreement and is in breach, the CPC shall deliver written notice to the Grantee indicating such breach. Upon the Grantee's receipt of said notice, the Grantee shall immediately cease to incur any additional expenses in connection with this Grant Agreement, and the Grantee shall have ninety days, or a reasonable time as agreed by the parties, to cure the breach. In the event the Grantee requires further time to correct the breach and demonstrates a good faith effort to do so, the Grantee and the CPC may extend the time to correct in writing by mutual agreement. If the Grantee fails to correct the breach, the CPC shall have the right, in its sole discretion, to terminate this Grant Agreement upon reasonable written notice to the Grantee. Notwithstanding the foregoing, upon immediate notification to the CPC, the Grantee shall not be deemed to be in breach for failure or delay in performance due to Acts of God or other causes factually beyond its control and without its fault or negligence.
15. Return of Funds.
  - a. Upon completion of the Project, any funds granted to the Grantee under this Grant Agreement and not yet expended shall be returned forthwith to the City without further expenditure thereof.
  - b. If the City determines that funds have been spent on purposes not included in the Grantee's application for CPA funds or otherwise not authorized by the CPC or under the CPA, the Grantee shall be liable to repay these funds to the City.
  - c. In the event this Grant Agreement is terminated pursuant to the provisions of Section 14 hereof, any funds granted to the Grantee under this Grant Agreement and not yet expended

shall be returned forthwith to the City without further expenditure thereof.

## CITY OF SOMERVILLE, MASSACHUSETTS COMMUNITY PRESERVATION COMMITTEE FY22 FUNDING CYCLE CPA FUNDS DISBURSEMENT GUIDELINES

The CPC, acting through the City, will disburse CPA funds to non-City organizations (“Grantees”) according to the guidelines below. The CPC reserves the right to change these disbursement guidelines prior to grant agreement execution and will notify all interested persons should it do so.

### Requirements for Disbursement

The City requires the following for disbursement of CPA funds:

1. **Appointment of Grantee Contact.** Grantees must appoint a single point of contact to be responsible for the CPA grant and to interact with the City.
2. **An executed grant agreement.** Grantees will receive CPA funds in the form of a grant from the City of Somerville, which will be governed by a grant agreement with the City. The grant agreement is a contractual document that will be signed by the following individuals: the Grantee’s authorized representative, the CPA Manager (on behalf of the CPC), the Purchasing Director, the City Solicitor, the City Auditor, and the Mayor.
3. **A disbursement schedule.** The disbursement schedule will identify project phases and a disbursement amount for each project phase and will be included in the grant agreement. The City will reserve 10% of each grant as the final disbursement for every project.
  - a. Unless otherwise agreed to by the CPA Manager and Grantee, the default phase length will be three months, with disbursements released quarterly.
4. **Project-specific deliverables or milestones.** The CPA Manager and the Grantee will also identify a set of deliverables or milestones tied to each project phase, and disbursement will be tied to the completion of them (see below). These phase-specific deliverables/milestones will be agreed upon ideally prior to the execution of the Grant Agreement and at the latest prior to the commencement of each phase.
5. **An invoice and grant report for each project phase.** Grantees must submit an invoice for each disbursement of CPA funds and append to this invoice a grant report, using the CPA Grant Report Form provided by the CPA Manager. The invoice shall include the following information: Grantee name, Grantee remit address, invoice date, invoice number, purchase order number, and grant disbursement amount. The City will not release a disbursement unless the CPA Manager has approved and signed the corresponding invoice and Grant Report Form.
6. **Photos.** Grantees must submit at least three high-resolution photos of their project with each invoice and grant report. Grantees must submit photos of the project before work commences with their first invoice and grant report and photos of the completed project with their final

invoice and grant report. All photos must be submitted to the Somerville CPA flickr page:  
<https://www.flickr.com/groups/2845933@N21/>.

7. **Periodic on-site meetings.** The CPA Manager will visit the project site on a periodic basis to meet with the Grantee Contact and other relevant project staff to discuss and monitor progress.

## Disbursement System

The City will disburse funds to Grantees using either a phased disbursement system or a reimbursement system. Each Grantee will select its preferred system.

1. **Phased disbursement system.** Under a phased disbursement system, the City will forward fund each phase of the project. The City will only release disbursements for Phases 2 and beyond after all deliverables and milestones for the previous phase have been successfully completed (i.e., once the previous phase's deliverables/milestones have been reconciled). The following chart summarizes this system using an illustrative example:

| Phased Disbursement System Example |                   |                      |   |  |

**CITY OF SOMERVILLE**

# **TRUCK SIDE GUARD ORDINANCE**

The ordinance applies to large motor vehicles that are Class 3 or above with a gross vehicle weight rating (GVWR) exceeding 10,000 pounds, except for an ambulance, fire apparatus, low-speed vehicle with a maximum speed under 15 mph, or an agricultural tractor.
