for a virtual community meeting to discuss

Holland Street & College Avenue Mobility Improvements

Thursday, August 13, 2020

6:30 pm - 8:00 pm

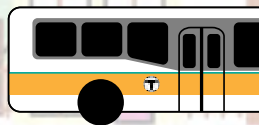

Register for the meeting at:

While the sidewalk and pavement maintenance on Holland St and College Ave has been deferred until Spring 2021 due to the COVID-19 crisis, the design process for mobility improvements has continued.

At this webinar-style virtual meeting, staff will briefly summarize the information presented at the last meeting, review the feedback that has been collected to date, and present a conceptual street design for each corridor.

Participants will have the opportunity to ask questions and respond to the presentation material via live chat.
