DESCRIPTION:

The proposal is to install a door in the rear on the second floor to access the second level of an existing one-story rear porch and to install a new railing system.

FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. **Information Supplied:**

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. **Compliance with Standards:** *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

The structure is currently nonconforming with respect to the following dimensional requirements: lot area, front yard setback, left side yard setback, right side yard setback, and the number of parking spaces.

The proposal will impact the nonconforming left side yard setback. The current dimension is 3.1 for the current porch and the proposal will maintain that distance. The requirement in the district is 8 feet. This alteration to a nonconforming structure requires the Applicant to obtain special permits under §4.4.1 of the Somerville Zoning Ordinance (SZO).

Section 4.4.1 states that “[l]awfully existing one-and two-family dwellings which are only used as residences, which are nonconforming with respect to dimensional requirements, may be enlarged, extended, renovated or altered by special permit granted by the SPGA in accordance with the procedures of Article 5.”

In considering a special permit under §4.4 of the SZO, the Board finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure. The proposal has been designed with setbacks that minimally impact the neighbors and the requirements for lot area per dwelling unit, ground coverage, landscape area, pervious area, floor area ratio (FAR), building height, rear yard setback, and street frontage will continue to be conforming to the requirements of the SZO.

3. **Consistency with Purposes:** *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promote the health, safety, and welfare of the inhabitants of the City of Somerville; to protect health; to provide adequate light and air; to conserve the value of land and buildings; to adequately protect the natural environment; to encourage the most appropriate use of land throughout the City; and to preserve and increase the amenities of the municipality.

The proposal is consistent with the purpose of the RA district, which is, “to establish and preserve quiet neighborhoods of one- and two-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts.”

4. **Site and Area Compatibility:** *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

The proposal will not have an impact on the site design. The improved railing system will enhance the aesthetics of the existing rear porch.

5. Housing Impact: Will not create adverse impacts on the stock of existing affordable housing.
6. SomerVision Plan: The proposal will allow for upgrades to the property that are in keeping with the character of the neighborhood.

DECISION:

Present and sitting were Members Orsola Susan Fontano, Pooja Phaltankar, Elaine Severino, Danielle Evans, Josh Safdie, and Anne Brockelman with Richard Rossetti absent. Upon making the above findings, Danielle Evans made a motion to approve the request for a Special Permit. Elaine Severino seconded the motion. Wherefore the Zoning Board of Appeals voted **5-0** to **APPROVE** the request. In addition the following conditions were attached:
