In my professional opinion, I certify to Anthony Depazo and the City of Somerville that as a result of a survey made on the ground to the normal standard of care of professional land surveyors practicing in Massachusetts, I find that the property falls outside of the special flood hazard area as shown on the F.I.R.M. for Middlesex County, Massachusetts, Map #25017C0439E Dated: June 4, 2010 and that the location of the improvements are as shown hereon.
