4150

Whereas by an order of this board approved by the Mayor January 11, 1912, prior to the offering of this order, it was adjudged and determined that certain public streets and ways, all as specified in said order should be sprinkled in the present municipal year at the expense in whole of the abutters thereon.

Now, therefore it is hereby ADJUDGED, ESTIMATED AND DETERMINED as follows, namely:

The expense of the sprinkling of said streets and ways, as in said order specified, for the present municipal year is estimated and determined to be the sum of thirty five thousand dollars; the proportion of such expense to be borne by the abutters upon such streets and ways is estimated and determined to be the whole of said expense; the rate to be assessed upon each linear foot of frontage of estates upon such streets and ways is estimated and determined to be five cents;

The expense determined as aforesaid of such sprinkling to be borne

Thursday, January 11, 1912.

by the abutters shall be assessed in the manner hereinafter provided upon the estates abutting on said streets and ways in proportion to the number of linear feet of each estate upon said streets and ways so sprinkled.

The amount of such assessments upon each such estate shall be determined in accordance with the foregoing provisions, and according to the law in such case made and provided, by George W. Perkins, he being the chairman of the board of assessors, and he is hereby designated as the officer to determine the amount aforesaid. He shall forthwith make a list of said streets and ways which the city has determined shall be sprinkled as aforesaid, which list shall specify each estate abutting upon each such street and way, the number of linear feet of each such estate upon each such street and way, the amount per such linear foot of the assessment authorized as aforesaid, and the amount of such assessment on each such estate, and certify and commit such list to board of assessors.

Read twice and adopted.

Approved by the mayor, January 12, 1912.

I, George W. Perkins, do solemnly swear that I will faithfully perform the duties incumbent on me under the foregoing order.

So help me God.

George W. Perkins.

Communication 4165

Received from the Commissioner of Public Buildings the following communication:-

City of Somerville, Massachusetts

Office of

Commissioner of Public Buildings

January 25, 1912.

To the Honorable Board of Aldermen
of Somerville, Mass.

Gentlemen,-

In compliance with your request of January 11, 1912, requesting a report in detail regarding the methods of egress in the public school buildings of this city, I respectfully submit the following:

The only school building in this city equipped with a special fire exit is the Bell School on Vinal Ave. This building is equipped with a "Kirker Bender" fire escape and with approaches leading to same at each floor level. I can not report as to the practical workings of this escape inasmuch as no formal tests by school drill or otherwise have been made.

All of the school buildings are provided with at least two interior staircases leading from the upper floors to the lower.

Of the twenty-seven buildings now used for school purposes twelve are more than two stories in height. The remaining fifteen are two stories in height. All of these buildings have been duly approved by the Building Division of the Massachusetts State Police

Thursday, January 25, 1912.

as to the methods of egress in case of fire.

This latter fact however should not prevent a careful consideration of this very important matter. The safety of hundreds of school children is of paramount importance and should be given the attention it deserves.

In the case of the two-story school buildings the element of danger in case of fire is to a large extent eliminated on this account.

If the buildings however which are occupied above the second floor were provided with means of egress independent of the present interior staircases an absolute feeling of security for the safety of the pupils would be assured.

If it should be decided to equip any or all of the above mentioned buildings with such means of egress as mentioned, I feel that the best design would be a safe, carefully planned stairway of iron or concrete, enclosed in a brick or concrete shell, sufficiently lighted and connected with the various floors by enclosed approaches of similar material. Providing certain interior changes were made in the buildings where these were installed, one staircase would be sufficient for the most of the buildings.

Regarding an estimate of cost for such changes as are above mentioned I find it difficult to give a careful estimate until I have studied the situation more in detail and made plans of same.

I feel, however, that a safe approximate estimate for such work would be \$2500.00 for each emergency exit as described.

Respectfully submitted,

Walter T. Littlefield,

Commissioner of Public Buildings.

Thursday, February 1, 1912.

Somerville in meeting assembled, do wish to call the attention of the Honorable Board of Aldermen to the recent re-appointments to the different Public Boards in the City as made by his Honor the Mayor, and do wish to show that the minority party in this City has not been recognized in these re-appointments, and while we have no criticism to offer against the personality of the citizens who have been appointed to the various Boards, still we feel that the Mayor of the City of Somerville has not recognized the minority Party in his appointments to all Boards, and therefore:-

Be it further resolved that as the Honorable Board of Aldermen has gone on record as favoring minority representation on all the Public Boards of this City, we, the Democratic City Committee, the chosen representatives of the minority Party, do hereby request that the Honorable Board of Aldermen stand by the resolution introduced by Alderman William T. McCarthy of Ward One, and passed by the entire Board of Aldermen without a dissenting vote, that the minority Party be recognized in the appointments to all the Public Boards.

Aldermen Coddington, Churchill, Glines, Draper, Perry, Brown, Wilson, Hodgdon, Jackson, Flagg, Hillson, MacLeod, Smith and Dunklee, present.

There being no objection, the reading of the records was dispensed with.

Received from his honor, the mayor, the following communication,-
City of Somerville, Massachusetts
Executive Department.

February 5, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

It becomes my sad duty to inform you of the death of our venerable city messenger, Jairus Mann, which took place early yesterday at his home on Porter street.

Too high a tribute cannot be paid to Mr. Mann. He had served every city government as city messenger since the establishment of the city in 1872, and before that time he had been officially connected with town affairs. To the faithful performance of his duty, all who have known him during these many years of service can testify. Honesty, true friendship and unflinching courtesy were among the many sterling qualities of his rugged character. His promptness and his attention to even the small details of his duties were apparent throughout his long career.

I wish to give my personal testimony of his loyalty to me and to every interest of the city since I have been connected with it.

The career of Jairus Mann is one which everyone who serves the city may well emulate.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

Order

Monday, February 5, 1912.

That a special committee of three members of this board be appointed by the president to submit resolutions on the death of the late city messenger, Jairus Mann.

Adopted and Aldermen Dunklee, MacLeod and Flagg appointed as the within named committee.

Report

4228

The special committee appointed to submit resolutions reported recommending the adoption of the accompanying resolutions.

Accepted.

Resolutions

4229

The resolutions submitted with the foregoing report were as follows,-

Whereas, this board has heard with profound sorrow of the death of

J A I R U S M A N N,

who occupied the office of city messenger continuously since the incorporation of the city, be it therefore

RESOLVED:- That the city of Somerville, through its Mayor and Board of Aldermen, recognizes to the fullest extent the distinguished public service he has rendered and the great loss sustained by the city by the taking away of him who was without doubt her best known public officer.

He was born in Charlestown, of which Somerville was then a part, in 1824. In 1853 he was appointed a police officer of the town of Somerville and in 1865 was promoted to the position of lieutenant of police, which position he held until the incorporation of the city in 1872. He was then appointed the first city messenger, in which position he continued until his death, an uninterrupted public service of fifty-nine years and a remarkable and honorable record. He was probably, in point of service, the oldest city messenger in the country.

The appreciation of his services by Mayors and City Governments, extending through his many years of office, was evidenced by his appointment and election, year after year, without a dissenting voice, and that this recurring endorsement was popular with our citizens none can doubt who have listened to the applause that always greeted his election at the inauguration exercises of the city government.

A trusted and capable official and a personal friend of all of Somerville's mayors and members of city councils, a man of staunchest fidelity, of wonderful tact and unfailing good nature, the ideal type of public servant,

"None knew him but to love him,
None named him but to praise,"

RESOLVED:- That these resolutions be spread upon the records and that a copy be sent to the family of the deceased.

Read twice and adopted.

Approved by the Mayor, February 6, 1912.

Resolve
and
Order

4230

Alderman Smith offered the following resolve and order,-

RESOLVED:-

That the members of the board of aldermen attend the funeral services of the late city messenger, Jairus Mann, in a body, meeting at the City Hall, on the afternoon of the funeral at 1.15 o'clock; and it is further

ORDERED:-

That carriages be provided for their use; the expense

so incurred to be charged to Contingent Fund account.

Read twice and adopted.

Approved by the mayor, February 6, 1912.

Alderman Wilson offered the following order,-

Ordered:-

That the city hall be appropriately draped as a mark of respect to the late city messenger; the expense incurred to be charged to Contingent Fund account.

Read twice and adopted.

Approved by the mayor, February 6, 1912.

Alderman Churchill offered the following order,-

Ordered:-

That all the departments in the City Hall be closed at twelve o'clock noon on Wednesday, the seventh instant, to remain closed for the remainder of the afternoon, as a mark of respect to the late city messenger.

Adopted.

February 8, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

In the estimates I have submitted for the annual appropriations the sum recommended for school teachers' salaries is \$303,500. which was the largest sum that it seemed possible to provide. If the sum of \$306,000 could be provided for this account, I am assured that the salaries of the teachers in the elementary grades could be increased fifty dollars per year at an early date, to be fixed by the school committee.

I believe in the justice of the teachers' request, and, that the sum of \$306,000 may be provided, I hereby recommend that the sum of \$2,500 be transferred from overlay and abatement account (from collections made on the supplementary tax warrant of December 20, 1911) to this account.

Respectfully,

Charles A. Burns,

To the Honorable the Board of Aldermen,

Gentlemen:-

I have the honor to transmit to your board the accompanying communication from Mr. Andrew Carnegie, in which he generously offers to give a certain amount of money for the erection of a public library building in this city, under certain conditions.

This offer is so unusual that I feel it deserves the immediate consideration of your board.

New York, February 6, 1912.

Mayor C. A. Burns,
and T. M. Durell, Esq., President of Library Trustees,
Somerville, Massachusetts.

Dear Sirs,-

In respons to yours of January 20th and other letters re a grant for a Library Bilding for Somerville, - Mr. Carnegie notes that the city is willing to take over the present Library bilding for general city offises and turn over the cost of same, Forty-five Thousand Dollars, for behoof of new Library bilding. Mr. Carnegie will be glad to add Eighty Thousand Dollars to such Forty-five thousand Dollars to pay for a Library Bilding to cost One Hundred and Twenty-five Thousand Dollars complete and redy to occupy. The city must pay over the Forty-five Thousand Dollars and expend it on the new bilding before drawing on Mr. Carnegie. It must plèdge maintenance of Library in new bilding at minimum of Twelv Thousand Five Hundred Dollars annually, in addition to the Twenty-five Hundred Dol-lars alredy pledged in connection with Branch Library. The city must also provide site for a new bilding and make the plans of structure such as Mr. Carnegie will approve.

Respectfully yours,
Jas. Bertram,
P. Secretary.

The communications transmitted with the foregoing communication are as follows:-

REPORT OF THE COMMITTEE ON SCHOOL ACCOMMODATIONS ADOPTED
BY THE SCHOOL COMMITTEE FEBRUARY 7, 1912.

4254

Communi-
cations

This Committee is of the opinion that the time has arrived when action in providing additional accommodations for the high school is imperatively needed. A plant designed for only 1200 pupils is being used by 1900 pupils. The resultant overcrowding causes conditions unfavorable to the work of the schools and unsatisfactory to citizens. To provide adequately for the present and future membership of the school will require a large increase of room. In order to secure relief from present overcrowding and to assure sufficient expansion for future needs this Committee recommends that the following steps be taken:

1. That a structure three stories high to connect the east and the west building so as to give a passage way between the buildings for each floor be built immediately.

2. That an addition be made immediately to the high school buildings large enough to provide sittings for 500 pupils, together with other facilities for the proper conduct of the work of the school.

3. That thereafter as soon as practicable another building be erected to provide sittings and other accommodations for a number large enough to make the total equal to the maximum membership of the school.

REPORT OF THE COMMITTEE ON SCHOOL ACCOMMODATIONS ADOPTED
BY THE SCHOOL COMMITTEE FEBRUARY 7, 1912.

4255

Owing to the limited space for playground at the Carr school it is the sense of this committee that land should be purchased for the use of that school. To this end the Committee recommends that a parcel of land on the northerly side of Cleveland street near the Carr school or a parcel of land adjoining the Carr school property on the east should be secured without delay for playground use. It is the sense of this Committee, also, that for similar reasons land should be secured near the Forster school and the Committee recommends that the property on Thurston street known as the Martha R. Hunt estate be purchased for this purpose.

Received a communication from the school committee, requesting a conference concerning the need of additional accommodations at the High school.

School Department

6 February 1912

To the Honorable, the Board of Aldermen,
of the City of Somerville,
Massachusetts.

Dear Sirs:-

I have the honor to transmit to you the following copy of a
resolution adopted by the School Committee Monday night, January 29th.

The Committee on Finance have considered the
matter of the petition of teachers of the elementary
grades for an increase of salary which was referred by
the School Board to the Committee on Salaries.

As a result of this consideration it is the
opinion of this committee that the salaries of all
elementary teachers below the rank of supervising
principals should be increased \$50. per annum begin-
ning February 1, 1912.

The Committee therefore recommends that the
Mayor and the Board of Aldermen be notified of this
desire on the part of the School Board and be asked
to provide funds to carry it into effect.

very respectfully,

Charles S. Clark,

Secretary.

Aldermen, City Hall, Somerville,
February 20, 1912- 8 P. M.

The president, Alderman Knox, presiding.

All the members present.

4264

Reading of records commenced; further reading dispensed with under a suspension of the rules, and records approved by yea and nay vote, Aldermen Coddington, Churchill, Glines, Draper, Perry, Brown, Wilson, Fulton, Maguire, Flagg, Hillson, Farrell, Toomey, MacLeod, Smith, Dunklee and the President, -17, voting in the affirmative; Aldermen Russell, McCarthy, Hodgdon and Jackson, -4, being absent at this stage of the meeting.

Hearing

4209

Due notice of the hearing having been given by the city clerk as required by ordinance, a hearing was given for all persons interested, on the petition of Leander D. Junkins for license for garage at 5 Billingham street.

No persons interested appearing and desiring to be heard, the hearing was closed.

Communication

4265

Received from his honor, the mayor, the following communication,-

City of Somerville, Massachusetts

Executive Department

February 17, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, a license granted by your honorable board February 8, 1912, to the Armor Concrete Construction Company to use a building for a garage in the rear of 86 Porter street.

I take this action because I am advised that the petitioner does not desire the license with the conditions specified, which cannot well be complied with.

Respectfully,

Charles A. Burns, Mayor.

Placed on file..

Flagg, Hillson, Farrell, Toomey, MacLeod, Smith and Dunklee-16, voting in the negative; Aldermen Russell, McCarthy, Hodgdon and Jackson-4, being absent; the President, -1, not voting.

Received from his honor, the mayor, the following communication,-

City of Somerville, Massachusetts

Executive Department

February 17, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, an order adopted by your honorable board February 8, 1912, granting a sixth-class liquor license to Patrick J. Flaherty at 406 Washington street.

I take this action for the following reasons:-

The license is granted to Patrick J. Flaherty because he is the registered pharmacist of T. H. O'Donnell & Company, Inc., of which he is also president. The business is controlled by T. H. O'Donnell, the treasurer of the corporation, who is the principal owner. On account of conditions which have existed since the latter has controlled the store, I cannot approve the granting of this license.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

The license to Patrick J. Flaherty for sale of intoxicating liquors at 406 Washington street, received back from his honor, the mayor, with the foregoing veto message, was

Thursday, March 7, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

In my recommendations for appropriations on Funded Debt account, submitted herewith, I have not included a recommendation for additional high school accommodations, as no definite plan has yet been decided upon. I am making a careful study of the situation, and I intend, at an early date, to recommend to your honorable board the appropriation of a sum sufficient to fully meet the requirements.

The needs of new police signal system, apparatus for the fire department, cells at the police station, and equipment for the highway department, sanitary division, are being carefully considered, and I expect to be able to recommend appropriations for these accounts in the near future.

Respectfully,

Charles A. Burns,

Mayor.

Resolution 4367

Alderman Toomey offered the following resolution:-

WHEREAS:- On a petition of the Boston Elevated Railway Company under date of January 5, 1912, for permission to transport freight and baggage through the City of Somerville, duly advertised public hearings were held by the Board of Aldermen on January 25, 1912 and on February 1, 1912, and

WHEREAS:- The petitioners were summoned to appear for further hearing before the Committee on Licenses and Permits of the said Board and did so appear on February 16, 1912, and

WHEREAS:- At the said hearings it did not appear from the representations of the Company and the case by them presented that there is a demand on the part of the citizens of the city that such service be established or that any benefit would be derived therefrom, or that there had been any plan formulated and worked out by the petitioners, by a consideration of which the Board might be guided in its consideration of the possible results of the introduction of such a system, and

WHEREAS:- On the contrary, it did appear that there is a very decided objection to the passage of freight cars over the rails of the Company in Somerville, and a conviction existing among the citizens that the petitioners are not entitled to any further rights in our streets until the privileges already enjoyed by them are made use of in a manner productive of better accommodations on existing lines; now then be it

RESOLVED:- That the petitioners be granted leave to withdraw, and that a copy of these resolutions be spread upon the records of this honorable Board and a further copy be transmitted to the Board of Railroad Commissioners of the Commonwealth as a memorial of the reasons impelling our Board to the present action.

Read twice and adopted.

Ordinance No.--

An ordinance relating to Junk.

Be it ordained by the Board of Aldermen of the City of Somerville
as follows;

Section 1. No junk collector shall directly or indirectly either
purchase or receive by way of barter or exchange any junk, old metals or
second hand articles of a minor or apprentice, knowing or having reason to
believe him to be such.

Section 2. The Fourth clause of section 1 of chapter XXVIII of the
Revised Ordinances of 1911 is hereby amended by striking out the words
"said keeper shall be sold by him until a period of at least one week" and
inserting in place thereof the words: such shop keeper shall be sold until
at least thirty days, so that said Fourth clause shall read as follows;

Fourth. That no keeper of such shop shall, directly or indirectly,
either purchase or receive, by way of barter or exchange, any of the arti-
cles aforesaid of any minor or apprentice, knowing or having reason to be-
lieve him to be such; and that no article purchased or received by such shop
keeper shall be sold until at least thirty days from the date of its pur-
chase or receipt has elapsed.

City of Somerville, Massachusetts

Executive Department

Communica-
tion

Thursday, March 28, 1912.

March 28, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I transmit herewith a communication which I have received from the mayor of Medford, relative to the widening of Main street.

This subject is now under consideration by a committee of your honorable board, and I respectfully urge that some action be taken on it at the earliest possible time, as building operations already under way seem to make it imperative, should it be deemed wise to secure land for such widening.

Respectfully,

Charles A. Burns,

Mayor.

City of Medford,

Mayor's Office.

Medford, Mass., Mar. 25, 1912.

Hon. Charles A. Burns,

Mayor of Somerville,

Mass.

Dear Sir:-

I noticed the other day that the property at the junction of Main street and Broadway, at the top of Winter Hill, has apparently changed hands and improvements of some kind are evidently under way. I wondered if it would be possible for the City of Somerville to secure from the present owners of the property land enough to permit the city to widen Main street from Broadway to the Medford line.

In addition to Main street being a teaming thoroughfare, the Boston Elevated Railway Company operates three lines of cars over the street. There is not room enough between the tracks and the side of the street at the present time, and conditions are serious.

Yours very truly,

Charles S. Taylor,

Mayor.

Referred to Committee on Public Works.

April 11, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I am advised by the commissioner of public buildings that the sum of ten thousand dollars is now required for the heating, plumbing, electric work and furnishings in the new schoolhouse in ward seven, in addition to the balance available.

As this sum must be available before contracts for this work can be executed, I respectfully recommend that said amount be appropriated on funded debt account at once.

Respectfully,

Charles A. Burns,

Mayor,

City of Somerville, Massachusetts

School Department

11 April 1912

To the Honorable, the Board of Aldermen.

Gentlemen:

The School Committee has taken under consideration the order of the Board of Aldermen, passed on March 14th and duly transmitted to the School Committee. This order was by the School Committee referred on March 25th to the Committee on High Schools, which, after due consideration, submitted its report to the School Committee at a special meeting held on April 9th. This report was accepted and adopted by the School Board and is herewith transmitted to your honorable body as the opinion of the School Committee.

Very respectfully,

Charles S. Clark,

Secretary.

CITY OF SOMERVILLE, MASSACHUSETTS

IN BOARD OF SCHOOL COMMITTEE

April 9, 1912

The Committee on High Schools having given careful consideration to the question of separate high schools for boys and girls referred to it at the last meeting begs leave to report that in its judgment it is not advisable to establish separate high schools for boys and girls.

In considering this question the Committee has made inquiry concerning the practice in other communities and has sought to discover what is the trend of thought concerning it. As a result of this effort the following facts were disclosed.

Thursday, April 11, 1912.

1. In twenty-five of the largest cities in New England not including the City of Boston the present practice is to maintain high schools for the co-education of boys and girls. In these cities no movement towards the segregation of the sexes in high schools was found. In all of these places the co-education of boys and girls in high schools has the support of public opinion.

2.. In the City of Boston where the policy of establishing special high schools is well-defined separate high schools for boys and girls are maintained. The Mechanic Arts High School for boys and the High School of Practical Arts for girls are illustrations of separate high schools for boys and girls maintained for a distinct educational motive. There are other separate high schools for boys and girls whereof the educational motive is not so plainly defined, but speaking in general terms the separate high schools for boys and girls in the City of Boston appear to be maintained solely for educational reasons and not for reasons involving moral considerations.

3. In some parts of the country outside of New England separate high schools for boys and girls are maintained, but the co-educational high schools are far more numerous.

A general high school for the co-education of boys and girls has been established and the development of its various activities is being carefully promoted. An opportunity for distinct vocational training for boys and girls has already been established in the two industrial schools.

Regarding the question of separate high schools for boys and girls for the purpose of promoting morality, this committee is strongly of the opinion that such a policy is not justified by the experience of the country or by the conclusion of educational authorities.

Therefore, the committee reports its unanimous opinion that it is not desirable to establish separate high schools for boys and girls.

Ordered:-

That a permit be issued to the Cambridge Gas Light
Company, a corporation organized under the laws of the Commonwealth of
 Massachusetts and having its usual place of business in Cambridge, in said
 Commonwealth, to lay gas pipes as follows:-

Thursday, April 11, 1912.

a 4" gas main in the easterly side of Hill street, 13' 4" out and extending from the 3" gas main in the southerly side of Fairmount avenue, to the 6" main in the northerly side of Broadway, all in accordance with a plan furnished the City Engineer.

Said company shall restore the streets in which said gas pipes are to be laid, immediately after the laying thereof, to good condition satisfactory to the commissioner of streets of said city, maintain said gas pipes and fixtures connected therewith at all times in a manner satisfactory to said commissioner, and save the city harmless from all loss and expense by reason of the laying or maintenance of said pipes and fixtures.

This permit is granted subject to the foregoing provisions of this order, and to all the provisions of law and of all existing and future ordinances of the city and orders of the board of aldermen, and upon the conditions that all said provisions shall be complied with by said company, and that said permit and all rights of the company thereunder shall, at the option of the board of aldermen, become null and void if any of said provisions of this order, or of law, or of said ordinances, or of said orders, shall not be so complied with.

Said company shall acquire no rights under this order until it files with the city clerk an agreement satisfactory to the city solicitor, to comply with the terms and conditions of this order.

Special meeting of the Board of Aldermen, called by the mayor to take action on the death of ex-mayor William H. Furber; all the members having been duly notified in writing; City Hall, Somerville, April 16, 1912 - 7.30 P. M.

The president, Alderman Knox, presiding.

Aldermen Coddington, Glines, Fulton, Hodgdon, Jackson, Hillson, Farrell Toomey, MacLeod, Smith and Dunklee present.

Reading of records dispensed with.

Received from his honor, the mayor, the following communication,-

City of Somerville, Massachusetts

Executive Department

April 16, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

It is my sad duty to inform your honorable board of the death of Honorable William H. Furber, the second mayor of Somerville, which took place at his home in Newton yesterday morning.

Mr. Furber was a man of sterling character and genial personality, and he exercised a great and lasting influence in the early years of Somerville's life as a city. He was a member of the first and second boards of aldermen, in 1872 and 1873, and was mayor in 1874 and 1875. He conducted the affairs of the city with wisdom, courage and energy, and his administration was marked by progress. Notable among its achievements was the construction of Broadway park, by which a large area of low land was converted into a beautiful and healthful spot.

Although he had not resided in Somerville for many years, he is remembered with pleasure by many of our citizens, and his interest in Somerville was always keen. This was shown by his presence nearly every year at the inauguration of the city government.

Out of respect to his memory the city's flags are displayed at half-staff. The funeral services will be held at his late home in Newton on Thursday afternoon. I recommend that such action be taken relative to his death and to provide for representation of the city at these services as your board may deem proper.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

Tuesday, April 16, 1912.

On motion of Alderman Smith, it was voted that a committee of three be appointed to draft resolutions.

Motion

The president appointed as such committee Aldermen Smith, Toomey and Jackson.

The committee appointed to draft resolutions submitted the following resolutions,-

4804

Resolutions

CITY OF SOMERVILLE.

In Board of Aldermen, April 16, 1912.

Whereas, this board has learned with profound sorrow of the death of

HONORABLE WILLIAM H. FURBER,

who passed away at his home in our neighboring city of Newton, be it therefore

Resolved: That the city of Somerville, through its mayor and board of aldermen assembled at this time as a special mark of respect to his memory, recognizing the ability and value of his service to the city both in legislative and executive capacity, expresses its appreciation of his achievements as a citizen and as a public official and its deep sympathy for his bereaved daughter.

He was born in Boston October first, 1828, and came to Somerville during its existence as a town. He was a member of the first board of aldermen of 1872 and of the board of 1873, and was mayor during the years 1874 and 1875. His administration was creative and in the list of our city's valuable assets are many public works for which he was largely responsible. Probably the best known of the many accomplishments of his municipal life was the laying out of Broadway Park. This tract of land, comprising about sixteen acres of low land, poorly drained and with a most undesirable class of buildings, was converted under authority of the legislature and mainly through his efforts into a well laid out and beautiful park which is today enjoyed by the people of our city and admired by the thousands of passers-by.

Though removed from our city for a number of years, he still retained his interest in her government, and his continued attendance at the annual inauguration exercises of city governments evidenced his loyalty to the city which has honored him and which he had done so much to honor,

Resolved: That these resolutions be spread upon the records and that a copy be sent to his daughter, Mrs. Edward Burbeck.

Read twice and adopted.

Approved by the mayor, April 17, 1912.

Alderman Dunklee offered the following resolutions,-

4805

Resolutions

Resolved:-

That the president and the vice-president of this board of aldermen represent the board at the funeral services of the late Honorable William H. Furber, ex mayor of this city, at his late residence in Newton, Massachusetts, on Thursday afternoon, the eighteenth instant, at 2.15 o'clock.

Read twice and adopted.

4922

Approved by the mayor, April 26, 1912.

Ordered:-

That a permit be issued to the Cambridge Gas Light Company, a corporation organized under the laws of the Commonwealth of Massachusetts and having its usual place of business in Cambridge, in said Commonwealth to lay gas pipes as follows:-

a six inch gas main in Conwell avenue, from the six inch gas main in the northeasterly side of Conwell avenue 13' 4" out, to the northeasterly line of Conwell avenue and parallel to the northwesterly line of West Adams street, 13'-4" out, as shown on plan furnished the city engineer.

Said company shall restore the streets in which said gas pipes are to be laid, immediately after the laying thereof, to good condition satisfactory to the commissioner of streets of said city, maintain said gas pipes and fixtures connected therewith at all times in a manner satisfactory to said commissioner, and save the city harmless from all loss and expense by reason of the laying or maintenance of said pipes and fixtures.

This permit is granted subject to the foregoing provisions of this order, and to all the provisions of law and of all existing and future ordinances of the city and orders of the board of aldermen, and upon the conditions that all said provisions shall be complied with by said company, and that said permit and all rights of the company thereunder shall, at the option of the board of aldermen, become null and void if any of said provisions of this order, or of law, or of said ordinances, or of said orders, shall not be so complied with.

Said company shall acquire no rights under this order until it files with the city clerk an agreement satisfactory to the city solicitor, to comply with the terms and conditions of this order.

A venire being received for the drawing of jurors, Aldermen Hillson and Maguire, being appointed by the president a committee for that purpose, retired with the city messenger and escorted his honor, the mayor, into the presence of the board.

Jurors

Received a venire for the drawing of four men to serve as traverse jurors at the Superior Court, now in session at Cambridge, the persons so drawn to appear and attend said court on Monday, the 13th. day of May, 1912, at 10 o'clock in the forenoon.

The box containing the names being shaken and the slips or ballots bearing the names being mixed, Alderman Jackson, being designated by the mayor for that purpose, drew from the box and read aloud names as follows:-

1. Michael L. Cotter, 11 Tufts street, Wrecking master.
2. George E. Young, 67 Grant street, Paper hanger.
3. George W. McFadden, 27 Berkeley street, Clerk,
4. Arthur H. R. Curtin, 15 Carlton street, Foreman.

The slips or ballots bearing the names were passed by the alderman to the mayor who verified the names and then passed the slips or ballots to the president who passed them to the city clerk, who also verified the names by reading them aloud from said slips which were then duly endorsed and returned to the jury box.

The purpose of his presence with the board having been accomplished, his honor, the mayor, retired, escorted by the city messenger and the committee above mentioned, to wit:- Aldermen Hillson and Maguire.

Received from his honor, the mayor, the following communication,-
City of Somerville, Massachusetts
Executive Department

May 9, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

In my recommendations for appropriations on funded debt
account I have included the sum of \$125,000 for an addition to the high
school buildings.

I believe that this addition should be made immediately and that
the buildings should be properly equipped, so as to bring the school up to
the highest standard of efficiency. I believe in enlarging the buildings
sufficiently to provide seating accommodations for the entire school at
one sitting, and also a suitable auditorium and a gymnasium. No municipal-
ity would think of constructing a high school nowadays without these two
important adjuncts, and by including them in an addition to the present
buildings the pupils from all parts of the city will be benefited equally.

In my opinion, the school should have but one session, to begin not
earlier than 8.45 o'clock. I am basing all my estimates on a one-session

Thursday, May 9, 1912.

plan. There are many things which the high school needs to make it more efficient. These have already been brought to your attention, and it is not necessary for me to enumerate them here.

The population of the city will continue to increase, and if an addition is constructed now to accommodate the entire school, the buildings will be none too large to meet future conditions. I have gone into the high school question with many of our citizens in different sections of the city and with educators, and I am of the opinion that, while the importance of our civic center on Central Hill should not be lessened, after this addition shall have been made, any further high school accommodations should be provided in the western section of the city, on account of the future increase of population there, and it would seem to be good judgment to set apart the city property on Holland street for schoolhouse purposes.

My object is to give all the pupils in the city equal advantages, and this can best be accomplished by making the addition as recommended. As the work on the addition should be started immediately, I trust your honorable board will give this matter early and earnest consideration.

I have also recommended the sum of \$5,000 for new equipment for the sanitary division of the highway department. This is for the purchase of an automobile truck for the disposal of ashes. After several demonstrations I am convinced that the city can save money by the use of motive power in this work, and I believe that the purchase of this truck will mark the beginning of a change in our method of collecting refuse.

The amount of \$6,000 recommended for fire department, additional apparatus, is for the purchase of an automobile combination hose and chemical. By installing this piece of apparatus in the central fire station we can do away with two other pieces and the maintenance of several horses, and provide for the placing of men in other houses where they are needed. It is being demonstrated to us more and more every day that motive apparatus for our fire department is not only desirable, but almost essential, for its proper efficiency.

I stated in my inaugural address that our police signal system is obsolete. After a more careful examination, I have become thoroughly convinced that we should have a new system. You will agree with me that this is a most important adjunct to our police department, and I have therefore recommended a sum which is sufficient for the installation of a new, up-to-date system, namely, \$8,000.

The sum of \$2,000 recommended for the Somerville Field is for the purpose of carrying on the work of development which is included in the original plan. We hope with this money to build some tennis courts and a running

track, so that our people of all ages may be further benefited.

The amount recommended for electrical department, underground construction, namely, \$3,000, is the usual appropriation for continuing the work of placing the municipal wires under ground.

Relative to the amount of \$5,000 recommended for school buildings, fire exits, it will take about \$2,500 for a fire exit at the Edgerly school. It seems to me important that we should construct such an exit on this building and also similar ones on other school buildings that are of the same type as this building as soon as possible. It will be necessary to transfer the balance of this appropriation, after the completion of the proposed work at the Edgerly school, to provide for other improvements not yet fully decided upon.

Respectfully,

Charles A. Burns,

Mayor.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, an order adopted by your honorable board April 25th. to locate an arc light at the corner of Dimick and Harold streets.

I am informed that an error was made in designating the location of this light and that another order will be presented making the proper designation. I therefore return the order, so that the correction may be made.

Respectfully,

Order

The vice-president, Alderman Dunklee, presiding.

Alderman Glines offered the following resolution,-

RESOLVED:

Whereas a large number of Somerville citizens, through a representative committee, have presented to this Board, facts, figures and arguments to substantiate their contention that the interests of the whole city would be best served by the erection in the near future of a new building for High School purposes in the Western part of the city, and whereas the Somerville School Board have publicly gone on record as coinciding with that opinion, therefore, Be it Resolved that this Board recommend that in its judgment the future city government which shall be called upon to meet this problem should do so by erecting a new building in the western part of the city on the so called "Ledge Lot" and that this Administration will reserve said lot for this purpose.

Laid on the table until the next meeting.

Communication	5093	Received from his honor, the mayor, the following communication,- City of Somerville, Massachusetts Executive Department May 16, 1912. To the Honorable the Board of Aldermen, Gentlemen:- I return herewith, without my approval, an order adopted by your honorable board May 9th. to pave Prospect street, from the Cambridge line to Webster avenue, with permanent pavement. I take this action for the reason that the reference to a committee of your honorable board of the decision, after conference with the mayor, the street commissioner and the city engineer, as to the kind of pavement to be placed in the street is not in accord with the provisions of our city charter. Respectfully, Charles A. Burns, Mayor. Placed on file.	
Order	5050	The order that Prospect street from the Cambridge line to Webster avenue be paved with permanent pavement of such kind as may be decided upon	

Thursday, May 16, 1912.

Laid on the table until the next regular meeting.

Later in the evening motion to lay on the table until the next regular meeting reconsidered. Motion withdrawn by unanimous consent.

Order reconsidered, and its adoption, notwithstanding the objections of the mayor, lost by yea and nay vote,- Aldermen Coddington, Fulton and MacLeod,-3, voting in the affirmative; Aldermen Churchill, Glines, Draper, Russell, McCarthy, Perry, Wilson, Hodgdon, Jackson, Flagg, Hillson, Farrell Toomey, Smith and Dunklee-15, voting in the negative; Aldermen Brown and Maguire-2, being absent; the President not voting.

Received from his honor, the mayor, notice from the board of railroad commissioners of hearing on May 16, 1912, on the petition of the West End Street Railway Company for extension of time for maintaining crossing of railway at grade with Boston and Maine Railroad at Davis square.

Placed on file.

Received the following communication,-

50 State St., Boston, May 14, 1912.

Mr. Frederic W. Cook,

City Clerk.

Dear Sir:

In reply to your inquiry in behalf of President Knox of the board of aldermen for an opinion as to whether the passage of the resolution offered at the last meeting of the board, relating to the "Ledge Lot" property, so-called, would create a restriction upon the use of the property which would operate to prevent its being used for any other purpose:

I think the passage of the resolution would not place a restriction upon the property in the sense of affecting the title, and I think it would not restrict the action of any future city government.

It seems to me, however, that the meaning of the last ten words is doubtful and that they might be so construed as to have the effect of taking the property at the present time away from the control of the highway department.

Yours very truly,

Frank W. Kaan,

City Solicitor.

Received from his honor, the mayor, the following communication,-

City of Somerville, Massachusetts

Executive Department

May 20, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:

I return herewith, without my approval, permits to transport liquor, granted by your honorable board May 9, and presented to me May 10, 1912, to Benjamin's Somerville and Boston Express, Dussault Brothers and John C. Kelly.

I take this action for the reason that I have already approved the granting of fifteen such permits, which is the number that I approved in 1911. I feel now as I did a year ago, that fifteen of these permits are enough.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

The permits to transport liquors to

Dussault Brothers,
Benjamin's Somerville & Boston Express, and
John C. Kelly,

received back from his honor, the mayor, with the foregoing veto message, were

Reconsidered and permission granted, the objections of the mayor to the contrary notwithstanding, Aldermen Coddington, Churchill, Russell, McCarthy Perry, Brown, Russell, Wilson, Fulton, Hodgdon, Jackson, Maguire, Flagg, Hillson, Farrell, Toomey, MacLeod, Smith and Dunklee-18, voting in the affirmative; Aldermen Glines and Draper-2, voting in the negative; the President-1, not voting.

Received the following communication,-

50 State.St., Boston, May 21, 1912.

To the Finance Committee of the Board of Aldermen,

Dear Sirs:

In accordance with an order passed by the board of aldermen May 16, I submit the following opinion in regard to a proposed amendment to an order making appropriations on funded debt account for a high school addition:

The proposed amendment directs how plans for the addition shall be ob-

tained and is an attempt to take part in executive work. This is contrary to the provisions of the city charter and beyond the powers of the board of aldermen, See sections 2, 44 and 49 of the city charter.

If the executive department undertook to comply with the proposed amendment I think its action would be in conflict with the city charter and therefore illegal. See the case of Goddard v. City of Lowell, 179 Mass. 496.

5213

Received from his honor, the mayor, the following communication,-
City of Somerville, Massachusetts
Executive Department.

June 3, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, a permit granted by your honorable board May 23, and presented to me May 24, 1912, to James Harper to transport liquor.

In my message vetoing the granting of three licenses for transporting liquor I stated that I felt the granting of fifteen such licenses was enough. I understand that some of your honorable board feel that this reason is not sufficient. I do not feel that if we grant to one we should grant to all who apply. The fifteen expressmen who had licenses in 1911 conducted the business, as far as I am able to learn, substantially in accordance with the law, and the liquor officer speaks well of them. Of course, there are exceptional cases where the drivers do not obey the orders of the proprietors, and these are the men whom the officer has to follow. Now, the more licenses we grant the harder it will be for the liquor officer, and his duties are numerous at the present time. We have already granted three more than were granted in 1911.

The transportation of liquor into the city is a most important and

Monday, June 3, 1912.

perplexing question, and I trust your honorable board will give the matter most careful consideration.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

Executive Department

June 3, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, a transfer of a license, granted by your honorable board May 23, and presented to me May 24, 1912, to Frank DiMarino to keep pool tables, from 311-A. Broadway to 316 Broadway.

The new location is on the opposite side of the street from where he has been located. I feel, upon investigation, that the locating of a poolroom at the place petitioned for will be a detriment to the community. There are now in operation two moving-picture theatres on Broadway, both near the corner of Marshall street. The granting of a poolroom license for a location on the same side of the street as these theatres and in close proximity to them would add to the already congested conditions which now prevail upon the sidewalk.

I have received a petition, addressed to the mayor and board of aldermen, which I herewith transmit, protesting against the transfer, signed by many people in the vicinity. I have also received a number of letters and telephone messages in protest.

I hope that your honorable board will give this matter serious consideration before taking final action.

Respectfully,

Charles A. Burns,

Mayor.

Jurors

A venire being received for the drawing of jurors, Aldermen Churchill and Glines being appointed by the president a committee for that purpose, retired with the city messenger and escorted his honor, the mayor, into the presence of the board.

Received a venire for the drawing of six men to serve as traverse jurors at the Superior Court to be holden at Cambridge on the first Monday of June, the persons so drawn to appear and attend said court on Monday, the 10th day of June, at 10 o'clock in the forenoon.

The box containing the names being shaken and the slips or ballots bearing the names being mixed, Alderman Dunklee being designated by the mayor for that purpose, drew from the box and read aloud names as follows:-

1. William A. Easter, 27 Milton street, electrician.
2. John S. Ryan, 37 Curtis street, bookkeeper.
3. Oscar F. Benson, 8 Boston avenue, builder.
4. Charles E. Goddard, 7 Wheeler street, manager.
5. Paul R. Valentine, 2 Bolton street, clerk.
6. Charles Symonds, 71 Ossipee road, paymaster.

The slips or ballots bearing the names were passed by the alderman to the mayor, who verified the names and then passed the slips or ballots to the president who passed them to the city clerk, who also verified the names by reading them aloud from said slips, which were then duly endorsed and returned to the jury box.

The purpose of his presence with the board having been accomplished,

June 29, and that of the thirty-ninth regiment on September 6, the fiftieth anniversary of the departure of the latter for the front.

I have been in conference with representatives of the regiments, and it would seem fitting that the city should cooperate in endeavoring to make the celebrations successful and helping to entertain the veterans who will attend. I therefore recommend that such sum of money be appropriated for the reunions as may be deemed proper by your honorable board to help defray the expenses of same.

Respectfully,

Charles A. Burns,

Mayor.

Communi-
cation

5259

Thursday, June 13, 1912.

Mr. Joseph S. Pike,
City Treasurer.

Dear Sir:

In regard to the sidewalk assessments against the Boston & Maine Railroad:

I have just now received word from the commissioner of real estate of the railroad company about this matter. I think it would be a good plan for the city government to abate all the assessments and to authorize bills in ordinary form to be rendered in place of the assessments. The commissioner did not definitely promise that such bills would be paid, but his letter seems to invite such action on the part of the city.

Yours very truly,

Frank W. Kaan,

Signed.

City Solicitor.

Received from his honor, the mayor, the following communication, - 5424

City of Somerville, Massachusetts

Executive Department.

July 8, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I return herewith, without my approval, an order adopted by your honorable board June 27, and presented to me June 28, 1912, by which the city assumes the assessment to Philip Eberle for the construction of a granolithic sidewalk on Stone avenue.

I find upon investigation that a certain strip of land was taken in 1902 from Philip Eberle and John W. Vinal for the purpose of extending Stone avenue at the entrance to Prospect Hill park. Edgestones were laid by the city, both inside and outside, and a gravel sidewalk constructed, according to agreements made with said parties. The board of aldermen of 1911 passed an order for the construction of a granolithic sidewalk on Stone avenue. This order was approved by the mayor and the work has been done. In the agreement conveying the land to the city I do not find any mention of the construction of a sidewalk other than a gravel one, and I see no reason why this administration should abate this assessment, which was made in accordance with the law. Mr. Kelley, who is now the owner of the Vinal estate, after a conference with me has paid his assessment, and, of course, if Mr. Eberle's assessment is abated, Mr. Kelley's should also be abated, although I see no justification of the abatement of either assessment.

Respectfully,

Charles A. Burns,

Mayor.

Later in the evening, taken from the table. Laid on the table until the next regular meeting. Received <u>from his honor, the mayor</u>, the following communication,- City of Somerville, Massachusetts Executive Department. July 8, 1912. To the Honorable the Board of Aldermen; Gentlemen:- I <u>return</u> herewith, <u>without my approval</u>, an <u>order</u> adopted by your honorable board June 27, and presented to me June 28, 1912, <u>to locate a police signal box in the vicinity of Forest, Beacon and Oxford streets</u>. Before I can approve the placing of a box in this vicinity, I feel that the chief of police should advise that a box is needed in the locality, and that the committee on electric lines and lights should be given an opportunity to state definitely the location. In discussing the order with the commissioner of electric lines ^{and light's} he states that nothing had been referred to him relative to the box. In the appropriation allowed the commissioner for the maintenance of his department no provision was made for the purchasing or installing of new boxes, and I think that before any expense of this nature is put upon the department money should be provided. If your honorable board feels that it can sustain this veto, I would suggest that this matter be referred to the committee on electric lines and lights, and the whole subject can be taken up with the commissioner and the chief of police and gone into thoroughly. Respectfully, Charles A. Burns, Mayor.

Referred to Committee on Legislative Matters.

Tuesday, August 20, 1912.

Received from the city solicitor the following communication,-

5574

Communica-
tion

Boston, August 16, 1912.

Mr. Frederic W. Cook, City Clerk,

Dear Sir:-

I reply as follows to your inquiry in regard to a proposed ordinance dated July 25, 1912, making several amendments to chap. XXXI of the Revised Ordinances of 1911, relating to the sale of newspapers.

The statute law on the subject appears to be contained in Revised Laws, chap. 65, sect. 13, and following sections.

Sect. 15 has been replaced by chap. 345 of the acts of 1906, and sect. 17 has been replaced by chap. 419 of the acts of 1910.

Chap. 419 of the acts of 1910 provides that "The mayor and aldermen may make regulations relative to the sale by minors of any goods, wares or merchandise the sale of which is permitted by section fifteen, and may require a minor to obtain from them a license therefor " etc. Newspapers are mentioned in said sect. 15, now chap. 345 of the acts of 1906.

It seems to me that, under the statutes above mentioned, the license which the board of aldermen may require of minors must be obtained from the board itself, and that the first section of the proposed ordinance would be invalid in respect to minors. I assume that the other proposed amendments would not be desired without the first.

The matter might be called to the attention of the legislature next year, and an amendment secured to the act of 1910.

Yours very truly,

Frank W. Kaan, City Solicitor.

Received the following communication,-

Office of the
Board of Health
Somerville, Massachusetts

September 12, 1912.

To the Board of Aldermen
of Somerville, Mass.,

Gentlemen:-

In response to an order passed by your honorable board dated August 20, 1912 relative to conditions at the foot of Charles street, I am instructed by the Board of Health of this city to state that this Board is at present and has been in the past, endeavoring to prevent the existence of any unsanitary condition at the location named.

We have the assurance, in writing, of the Boston & Maine Railroad that the business now carried on at this point will be very materially decreased if not entirely discontinued within a very short time.

Very respectfully,
Laurence S. Howard,
Clerk.

September 26, 1912.

To the Honorable the Board of Aldermen,
Gentlemen:-

I have received a communication from the board of health, a copy of which is transmitted herewith.

The amount estimated as revenue to be received, in the budget, is \$4,700. We have received, to date \$6,053.26. There will be further receipts on this account to be credited to revenue, and at the present time the sum of \$2,000 can be safely appropriated from revenue account to health department, contagious and tuberculosis hospital account, which will provide for the immediate expenditures. I recommend that an order be

adopted by your honorable board transferring this sum.

Respectfully,

Charles A. Burns,

Mayor.

Office of the Board of Health,
Somerville, Massachusetts.
September 12, 1912.

Hon. Charles A. Burns,

Mayor.

Dear Sir:

I am instructed by the Board of Health to inform you that an additional appropriation of not less than five thousand dollars (\$5,000.00) will be necessary for the Contagious and Tuberculosis Hospital Account for the balance of the current municipal year.

The statement of the account is as follows:-

Appropriation	\$12,000.00
Expended to September 1, 1912	<u>11,436.14</u>
Balance September 1, 1912	\$ 563.86

As shown by the accompanying table the number of patients and the weeks of treatment from Jan. 1, 1912 to Sept. 1, 1912 largely exceeded those for the corresponding time in 1911. It will also be seen that the average cost per week has been materially less during 1912 than during 1911.

Please give this matter your early attention.

Very respectfully,

(Signed) Laurence S. Howard.

One enclosure.

September 26, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:

I transmit herewith a communication from Domenico DeStefano relative to the incinerator plant, which he is now operating under contract.

It appears that the material is coming so fast that there is not room for storage, and the only proper way in which it can be handled is by an extension to the present plant, so that modern equipment can be installed. I place this matter before your honorable board so that it can be given consideration by the proper committee.

Respectfully,

Charles A. Burns,

Mayor.

Domenico De Stefano

August 26, 1912.

Mayor Burns,

Somerville, Mass.,

Dear Sir:

Referring to recent conversation regarding changes in your waste-disposal plant, I am willing to equip your plant with the machinery necessary for its proper operation, at my own expense, which I estimate would cost me from \$1500. to \$2000.

It would be necessary for the city to erect a second story on your present building, as a receiving room, to be reached by an elevated driveway or bridge from Cedar St., adjacent to the railroad.

I should then install a permanent steel conveyor and stell press, and an electric motor to furnish power for both, thus to overcome the difficulty I have had there on account of the present necessity in sorting the material, to bend so low as to cause the men to have great distress from indigestion.

Consistent with this outlay of money, I should want to sign a contract with the City for five years, agreeing to pay the same month-sum as

Thursday, September 26, 1912.

heretofore; at the end of the term the city to have the option of paying me a return of 50 per cent of my outlay on machinery, or to renew for a second five-year term, at the end of which time all my rights to the machinery should pass to the city free of charge.

Kindly let me hear from you regarding this, and greatly oblige

Yours very respectfully,

D. DeStefano.

Referred to Committee on Public Property.

September 26, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:

I am in receipt of a communication from Dr. T. M. Durell, the president of the board of public library trustees, calling attention to the condition of the appropriations for the East Somerville branch library and the Union-Square branch library.

The trustees estimated that it would cost to operate each of these branches \$2,815.00. This included the purchasing of books, music and periodicals, and the maintenance. The city government appropriated the sum of \$1,750.00 for each branch. In a conference with the president of the board of trustees to-day, he stated that if an additional sum of \$250.00 were appropriated for the maintenance of the East Somerville branch and \$150.00 for the Union-Square branch, these amounts would be sufficient to take care of the maintenance of the two branches for the remainder of the year.

I therefor recommend that your honorable board appropriate from revenue account the amounts above mentioned for such maintenance.

respectfully,

Charles A. Burns,

Mayor.

COMMUNICATIONS FROM HIS HONOR, THE MAYOR.Communica-
tion

5822

City of Somerville, MassachusettsExecutive Department

October 7, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:

I return herewith, without my approval, an order adopted by your honorable board September 26, and presented to me September 27, 1912, making a refund of twenty-five dollars to Addie Russell on account of sidewalk assessment on Lovell street.

The abutter signed a release to the city against all damages in the laying out and constructing of said street. When the street was made a public way by the city government the acceptance established the grade, and the order for the laying of edgestones with a gravel sidewalk compelled the highway department to grade the street according to the plan of acceptance. This necessitated the cutting down of the old sidewalk in depths varying from one-quarter inch to three and one-quarter inches at the property line. This is as small a change as could reasonably be expected in the grading of a sidewalk.

After a personal investigation of the premises, I should say that the estates of other abutters were affected more than this estate. I can see no reason why this refund should be made.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

Order

5485

The order, received back from his honor, the mayor, with the foregoing veto message, directing the street commissioner to approve in pay roll of Sidewalks Construction account a bill in the sum of \$25.00 in favor of Addie Russell, etc., (recorded in full on page 584 of these records) was

Reconsidered, and adoption, the objections of the mayor to the contrary notwithstanding, lost by yea and nay vote, Aldermen Churchill, Glines, Brown, Wilson, Maguire, Flagg, Toomey and Dunklee-8, voting in the affirmative; Aldermen Coddington, Draper, Perry, Hodgdon, Jackson, Hillson, Farrell, MacLeod and Smith-9, voting in the negative; Aldermen Russell, McCarthy, Fulton and the President-4, being absent or not voting.

City of Somerville, MassachusettsExecutive Department.

Thursday, October 10, 1912.

October 10, 1912.

To the Honorable the Board of Aldermen,

Gentlemen:-

I transmit herewith the report of the professional adviser, H. J. Carlson, on the competitive plans for the addition to the high school buildings.

In accordance with the provisions of the program relative to awards I have selected Harry E. Warren, with Louis E. Jallade, associate, of New York, N. Y., as the architect of the building.

It appears that none of the plans submitted by the eleven competing architects can be carried out to completion for the amount already appropriated by your honorable board, namely, \$125,000.

I would like very much to have your board meet Mr. Warren, the architect, and would suggest that a meeting be held as soon as possible, at which he will be present and go over in detail the plans which he has submitted. His plan is number 4 in the exhibit.

Respectfully,

Charles A. Burns,

Mayor.

89 State St., Boston,
October 7, 1912.

Hon. Charles A. Burns,
Mayor of Somerville,
City Hall, Somerville, Mass.

Dear Sir:-

As per your request, I have examined the eleven designs submitted in the Competition for the Addition to the High School, Somerville, Mass., and have placed the first six as follows:

- 1st. Harry E. Warren, Louis E. Jallade, Ass., New York,
- 2nd. Israel P. Lord, Codman & Despradelle, Ass., Boston,
- 3rd. Kilham & Hopkins, Boston,
- 4th. Brainerd & Leeds, Boston.
- 5th. W. H. and Henry McLean, Boston.
- 6th. George S. McLaughlin, Somerville.

Before taking up this matter, I would request that you read carefully the parts of the Competition Program that refer to acceptance or rejection of designs, especially as no design can be built for the appropriation of \$125,000.

A detailed report follows.

DETAILED REPORT.

1. In making the program as general as it was I hoped to receive more original suggestions than from a circumscribed program.

2. The designs seem to warrant this assumption, for they can be divided into five distinct solutions:

- (a) Addition behind English High.
(4 designs of this type).
- (b) Addition in front of English High.
(2 designs of this type).
- (c) Addition between English and Latin High to rear.
(3 designs of this type).
- (d) Addition behind both English and Latin High.
(1 design of this type).

Thursday, October 10, 1912.

- (e) A combination of wings behind English High and building in front of Latin High.

3. (a) The designs behind English High brought the building very far down the hill, and hurt the lighting of present buildings.

(b) The designs in front masked the beautiful front of the present English High.

(c) The addition between the two buildings and to the rear seems a logical solution, and if worked out more carefully might have stood a chance of winning.

(d) The design back of both buildings would obtain the maximum noise from the railroad and blanket the present buildings from air and light.

(e) This design is unique, and the longer it is studied the more its advantages are apparent. I cannot do better than to quote from the notes of the author of this design:

"GENERAL
AIMS OF
THE COM-
POSITION

"Artistic.-- First, Inasmuch as this very group of buildings has suffered in times past from the lack of a comprehensive plan foreseeing the extensive growth, it is the chief aim of the design herewith submitted to cover such a future increase. In such a rapidly growing city it is only a question of ten or twenty years when the old library building will give way to an extensive addition to the City Hall. This will probably take the form of a wing parallel to Highland Avenue. It might well be of similar size and design as, and on axis with the new Auditorium Building herewith shown. This consideration has been largely instrumental in placing the large Hall called for in the present program. The authors believe this suggestion worthy of most careful attention. It probably is the city's last opportunity to lay the foundation of a civic centre of dignified design on Central Hill.

"Second, to create a great auditorium which shall be ornamental to and accessible from one of the city's main thoroughfares. This will be used by the public as well as the scholars. The city has, at present, no commendable public hall to be used for inauguration of city government and public functions. This hall might take the form of a memorial, subscriptions being received from the public or various organizations, thus relieving the city of part of the expense. Rental of same might yield some revenue.

"Third, to mask the ugly East Building.

"Fourth, architectural style to harmonize with City Hall, West Building and New Library-- all to be connected by appropriate landscape treatment.

"Practical--First, to create isolated fire units, separated by fireproof doors, since all the buildings are non-fireproof.

"Second, to give adequate and direct circulation between the East and West Buildings.

"Third, composition such that scheme need not be carried out in its entirety at one period.

"NEW BUILD-
INGS.

"Divided into three separate units--auditorium, gymnasium and class rooms, with separate fan systems, to allow any one to be used while others are closed. Gymnasium admirably adapted to inter-scholastic contests, also adapted to class dances, etc., with foyer, coat rooms and direct communication to refreshment room. Basement toilets accessible from auditorium, gymnasium and East Building. Locker space for all pupils, dressing closets for two classes of girls, so that one may robe while the other is unrobing.

"STAGE OF
AUDITORIUM,

by removing scenery, is sufficient to seat graduating class.

"ADDITIONS
AND ALTER-
ATIONS.

"No class room has windows next railroad, from which noise would otherwise be objectionable. Much-needed sanitary arrangements in basement provided.

"Library increased in size, and dignified in form of plan.

"Manual training department practically isolated from rest of building. Central portion being only one story, may be higher in the clear than the existing basement, which is necessary for some machines.

"Hospital rooms and adequate teachers' rooms provided.

"Chemistry and physics accommodations are simply additions to present space instead of changed locations, so that much of

Thursday, October 10, 1912.

the existing piping, etc., may be used."

4. I realize that the auditorium and gymnasium are not central, but the hall is only used by the school once a week, and while the gymnasium is used daily, this walk can be considered a portion of the exercise.

5. The advantages of:

- (a) Having a convenient hall for the public;
- (b) Having it isolated from fire hazard;
- (c) Having it a distinct architectural feature, not a more or less cumbersome addition to a present building;
- (d) The possibility of building part of this scheme at a time;
- (e) The disposition of the additional rooms in such a way as to disturb the present buildings and their lighting as little as possible;

All these seem to me good and sufficient reasons for ranking this design first, but before doing so I called in first the principal of the High School (Mr. Avery) and later the Superintendent of Schools (Mr. Clark), and they both agreed with me that design No. 4 was the best suited for their purposes.

6. But please do not feel that Design No. 4 is perfect. I find the following faults:

- (a) Toilets not adequate or properly distributed.
- (b) I think the hall should seat 1500, not 1200.
- (c) I think that even if the manual training is kept as at present, it will be advisable to build the new manual training shops, as they will be valuable for other purposes.
- (d) The library should either be larger or, better still, have an additional and smaller room.
- (e) While the class rooms are shown in general to hold 30, I think a careful study of conditions will show the desirability of rooms of varying sizes, so as to accommodate several divisions at once.
- (f) In general, you have by this competition merely chosen an architect, and perhaps a scheme, but in any event from now on the plan as worked out should have scrutiny and study at every point.

7. In regard to cost, it is impossible to give exact figures because of the varying amount of interior changes, but in general I doubt, from the calculations I have made, whether any design could be built for much less than \$200,000. For purposes of comparison only (not accuracy), I have estimated that No. 4 would cost \$203,000, and No. 6 about \$194,000 to \$195,000.; but in spite of this price handicap of No. 4 I advise its acceptance on account of other already mentioned merits. Design No. 8 is an excellent design and would have been placed second except that its excessive cost, perhaps \$220,000, (on account of additional rooms desirable but not essential in an economical scheme), put it out of the question.

8. Following is a summary of markings and giving the names of the competitors as I found them in opening name envelopes with you and Mr. Littlefield. That some places in the table are blank is because competitors neglected to supply information under the various heads.

Competitor's Number	Design	Marking				Total	Competitor's Name

In closing I wish to thank you for your interest in the Competition and for your courtesy. I hope that this report may be of value to you and that you will be able to carry out the design of Mr. Harry E. Warren.

I am,

Very truly yours,

H. J. Carlson,

Communication	5897	<u>COMMUNICATIONS FROM HIS HONOR, THE MAYOR.</u> City of Somerville, Massachusetts <u>Executive Department</u> October 21, 1912. To the Honorable the Board of Aldermen, Gentlemen:- I return herewith, without my approval, an order adopted by your honorable board October 10, and presented to me October 11, 1912, providing for increases in the pay of the permanent members of the fire department.	

Thursday, October 24, 1912.

I do this without prejudice as to the justice of the claims of the members of this department, and solely because of the financial condition of the city.

I realize that the cost of living has increased and that the standard of living is higher, perhaps, than ever before, but the conduct of a large corporation like a city is a straight business proposition--not for commercial profit, but to be done within the means of the city and also within the prescribed limit of maintenance, which is \$12 on every \$1,000 of valuation.

I have made a forecast of the financial condition of the city, and it will be exceedingly difficult to meet the ordinary maintenance expenses from the revenue available, and it will require the strictest economy to complete the financial year without a deficit. Further, the amount of revenue available for maintenance expenses for the year 1913 would appear to be only sufficient to maintain the departments conducted upon the basis of the necessary expenses of the current year.

The employees in the public works departments were granted an increase of fifteen cents per day in 1911, with the hope and expectation that they could be put on a minimum basis of \$2.25 per day. They have had several interviews with me during the present year, and the janitors of our school buildings have waited upon me, asking that they be given consideration. I have told them that I could not see my way clear to give them any increase, without knowing more definitely just how the finances would stand for the present year. Therefore, you can readily see, gentlemen, that I cannot consistently approve an increase for the firemen when I have already refused to grant any increase to employees of the city whose appeals have come to me prior to that of the firemen.

I wish to be consistent in my actions, and I believe that the city government should give all the employees of the city, whenever they make an appeal for higher wages, careful consideration. If the revenue of the city should be sufficient to warrant an increase in wages, a comprehensive plan should be devised which would permit the employees of all departments to share equitably.

The financing of the city is a perplexing problem. It is the largest one that we have to deal with, and the city government of 1913 will have a hard proposition before it to meet all necessary demands.

Respectfully,

Charles A. Burns,

Mayor.

Placed on file.

Thursday, October 24, 1912.

Report

The Committee on Public Property, on the communication from the mayor relative to plans for addition to high school buildings, submitted the following report:

Somerville, Mass., Nov. 14, 1912.

To the Hon. The Board of Aldermen,

Somerville, Mass.

Gentlemen:-

The Committee on Public Property to which was referred the question of additional High School accommodations, have made a careful study of all the plans submitted in the recent competition and hereby make the following report:-

Owing to the financial condition of the city, and also the rapidly changing ideas as to the requirements of a High School we feel that in our judgment it is not advisable at this time to expend more than \$125,000. for additional High School accommodations. In order to get the accommodations needed and still keep within this appropriation, we recommend additions to both ends of the West Building be made, and that two wings be built on the rear of same building, and that the present passageway between the East and West Buildings be raised to and including the third floors, and such other minor changes as are necessary, - all in accordance with the plan submitted by Mr. Warren.

This will provide 24 additional rooms, and in addition to this, 4 rooms can be provided for by utilizing the present hall in the East Building.

Eight of these rooms could be used as shops and laboratories, leaving 20 rooms to be used as class-rooms. Figuring on 40 pupils to a room, this will provide seating accommodation for 800 pupils, in addition to the 1200 sittings which we now have.

5879
6058Report

Thursday, November 14, 1912.

We further recommend that the present Library Building be re-modeled by enlarging the rear section in such a way as to provide a hall to give seating capacity for 1500 persons. The basement of this building to be used as a gymnasium, and that a corridor be constructed to connect this hall with the present West Building.

This will overcome the many objections to a building either in front or to the east of the present buildings, and at the same time will be utilizing the room in the present Library as soon as the new Library is completed, without interfering in the least with the work of the departments that are to occupy this building in the future. It will provide a hall with a direct entrance from Highland Avenue and School Street, entirely separated from the school, which can be used by the public without disturbing the school in any way.

The estimated cost of these recommended additions is as follows:-

Rear Wings	\$49,500.
Additions to ends of West Bldg.	18,000.
Raising Passageway	4,500.
Hall and Gymnasium	50,000.
Minor Changes	3,000.
Total	<u>\$125,000.</u>

We further recommend that His Honor, the Mayor, be authorized to proceed with the erection of these additions.

Accepted.

Order

The order submitted with the foregoing report is as follows:-

6059

Ordered:-

The construction of additions to the High School substantially as recommended in the report of the Committee on Public Property, presented at this meeting, is hereby authorized and directed to be made; the expense so incurred shall not exceed one hundred twenty-five thousand dollars and shall be charged to High School Addition Account.

Read twice and final action postponed until the next meeting on objection of Alderman Draper under section 15 of the city charter.

Motion

On motion of Alderman Churchill, it was voted to hold a public hearing on Friday evening November 22nd, 1912 at eight o'clock, on the matter of the report of the committee on public property relative to addition to the high school.

Shall chapter 546 of the Acts of 1912, entitled "An Act Relative to Vacations of Members of Fire Departments", be accepted?

Said Act is as follows:-

An Act Relative to Vacations of Members of Fire Departments. Be it enacted, etc., as follows:

Section 1. Members of the fire department of every city shall be excused from duty for one day out of every five days, without loss of pay. The time and manner of excusing members of fire departments from duty, in accordance with the provisions of this act, shall be determined by the chief, or other officer or board at the head of the fire department.

Section 2. The chief, or other officer or board at the head of the fire department of any city shall have authority, in case of any public emergency, to prevent any member of the department from taking the day off herein provided for at the time when he is entitled thereto, or at the time assigned therefor, provided that such day off shall be granted to him as soon thereafter as is practicable, and such days shall be in addition to any annual vacation now or hereafter allowed to the members of said departments, and such annual vacation shall not be diminished on account of the days off herein provided for.

Section 3. This act shall be submitted to the voters of every city, except the cities of Boston and Brockton, at the annual city election in the current year, and shall take effect in any city upon its acceptance by a majority of the voters voting thereon; otherwise it shall not take effect. If in any such city the said election for the current year shall have been held prior to the passage of this act, this act shall be submitted to the voters of such city at the annual city election in the following year. (Approved April 27, 1912.)

The publication required by law is to be made in two issues of the Somerville Enterprise, the Somerville Journal and the Somerville Reporter, newspapers published in this city, the expense so incurred to be charged to Election Expenses, City Clerk account.

Report . 6042

The Committee on Public Works, on the communication from J. Walter Sanborn protesting against construction of sidewalk Myrtle street and removing fence, reported an order.

Accepted.

Order . 6113

The order submitted with the foregoing report is as follows,-

Whereas a brick sidewalk on the southeasterly line of Myrtle street is in process of construction under an order passed by this board and there is a slight difference between the true line of the street as shown by the records in the city engineer's office and the line of the fence now standing at land of Stevens and others, and it is desired that the sidewalk shall be constructed to the true line,

It is hereby ORDERED:

Provided the owners of said land abandon their rights, if any, to those portions of Myrtle street situated between the true line and the fence now standing northwesterly of the true line, said sidewalk shall be constructed according to the true line and the fence now standing shall be replaced by the city according to the true line and there shall be abated by the city one-half the assessment upon said land for the construction of the sidewalk.

His honor, the Mayor, is authorized to make an agreement with the owners of the land to carry out the terms of this order and the expense so incurred, if any, shall be charged to sidewalks construction account.

The true line and the line of the fence are shown on a plan on file in the city engineer's office, entitled "Plan showing southeasterly line of Myrtle street in front of land of Stevens and others", dated November 12, 1912, Ernest W. Bailey, City Engineer.

Read twice and adopted.

Approved by the mayor, November 21, 1912.

UNFINISHED BUSINESS.

On the order, authorizing the construction of addition to the high school (recorded in full on page 708 of volume 37 of the Records of the Board of Aldermen) which, at the last regular meeting, was read twice and final action postponed until the next meeting on objection of Alderman Draper, under section 15 of the City Charter,

6059

Order

Action was postponed for at least one week on objection of Aldermen Wilson, Fulton, Hodgdon, Jackson, Maguire and Hillson, under section 15 of the city charter.

Alderman Smith offered the following order,-

6114

Order

Whereas under a decree of the Superior Court for the County of Middlesex in the Commonwealth of Massachusetts, made March 3, 1910, in the case of Mayor and Board of Aldermen of the City of Somerville, Petitioners, relating to the abolition of grade crossings at Medford street, Webster avenue, Dane street and Park street, in this city, easements were taken in certain parcels of land to make and maintain the necessary slopes thereon for the construction and maintenance of the new ways and alterations, all as set forth in said decree.

Now, therefore, it is hereby ORDERED:

That his honor, the Mayor, be authorized from time to time to abandon and release the easements aforesaid as to each and every such parcel of land, provided that upon the giving of such release and abandonment as to each parcel of land, provision shall be made or rights reserved for the support at the grades established by said decree of the ways adjoining such parcel of land. His honor, the Mayor, is authorized to execute and deliver, also to accept and receive in behalf of the city deeds and instruments for carrying out the provisions of this order.

Read twice and adopted.

Approved by the mayor, November 21, 1912.

The report of the Committee on Licenses and Permits received at the last meeting, recommending leave to withdraw on the petition of William Hurwitz for license as an auctioneer, was, on motion of Alderman Flagg,

Communication	6173	COMMUNICATIONS FROM HIS HONOR, THE MAYOR. Received from his honor, the mayor, the following communication,- City of Somerville, Massachusetts Executive Department December 7, 1912. To the Honorable the Board of Aldermen, Gentlemen:- I return herewith, without my approval, an order adopted by your honorable board November 26, and presented to me November 27, 1912, requesting the Massachusetts Civil Service Commission to classify the labor service of the city of Somerville. After a conference with the registrar of labor, it is my opinion that this order is not properly drawn. If it is the opinion of your honorable board that the labor service should be classified, we should accept so much of chapter 19 of the Revised Laws as relates to the employment of

COMMUNICATIONS AND REPORTS FROM CITY OFFICERS.

Received from the city solicitor the following communication,-
 CITY OF SOMERVILLE.

December 21, 1912.

To the Honorable the Board of Aldermen of the City of Somerville:
 In response to an order passed December 5, reading as follows:
 "That the City Solicitor be requested to give this board in writing
 his opinion on the legality of the action of the School Committee in per-
 mitting private persons to use a room in the Cutler schoolhouse for the
 conduct of a private kindergarten."

It is my opinion that the school committee did not have authority
 to permit the use of the room as stated in the order.

Yours very respectfully,
