8/13/25 The Somerville Times

Paragon Park CONT. FROM PG 3

out to Hull, walk across to the park, and spend the day. I don't know which was more fun. The boat ride from Rowes Wharf or the rollercoaster." Along with the Caterpillar, Tilt-Whirl, and the Ferris Wheel, there were other

rides you may remember. Thrills were had on The Salt and Pepper Shakers, The Rotor, Crazy Tea Cups, The Congo Cruise, and The Indy 500. Directions to Paragon Park are the same today. Take 128 south to Route

3 south to 228 to Hull and Nantasket Beach. The beautiful vintage and ornate "grand" carousel, built in 1928 by The Philadelphia Toboggan Company (on the National Register of Historic Places) isn't the only thing that remains from Paragon

Park. Millions of people have their memories of the family fun they had back then, and no amount of "progress" can ever rip that down. Thanks to an article by Len Cirelli for some musical facts.

Bicycle Committee weighs in on Somerville Ave. project CONT. FROM PG 5

could happen by the restaurant. "We're thinking signal and crosswalk improvements as well as bikeway improvements," said Ted Feldman, vice chair of the committee. Hanafin said the city can evaluate the necessity of the signals at T-intersections and use treatments other than red-yellow-

green lights. Webb requested additional crosswalks to improve access to businesses, noting, specifically, the lack of one near the Belmont Street intersection. After recommendations made by the Somerville Bicycle Advisory Committee,

Hanafin gave updates on other quick-build city projects. He said the final design for Middlesex Avenue is still in process, with installation beginning later this year. The final design for the Elm-Beacon Connector project is expected to come out

this fall, with installation starting in the first half of next year, he said. The Somerville Bicycle Advisory Committee meets once a month, and all are welcome. Follow the committee's social media page on Bluesky at @somervillebikes.bsky. social for updates.
