

Infomaniac

Verse One:

I fell in love with a goddess
She had this crazy kind of glow
A body like Madonna
A dot com CEO
We had the perfect connection
But there was something she just couldn't hide
I began to see she had this need I couldn't satisfy

Chorus:

She's an Infomaniac always craving that next digital fix
She's got a megabyte appetite stays up half the night
Surfing the web for kicks
She's a mistress of media there's no way of pleasing her
Brother you're on the wrong track
When you fall in love with an Infomaniac

Verse Two:

She's always checking her email or tapping out a text
In our favorite restaurant, she won't disconnect
She drives me crazy in the bedroom; she's quick to get turned on
But I can't get past her laptop, she just won't respond

Chorus:

She's an Infomaniac always craving that next digital fix
She's got a megabyte appetite stays up half the night
Surfing the web for kicks
She's a mistress of media there's no way of pleasing her
Brother you're on the wrong track
When you fall in love with an Infomaniac

Bridge:

I'm fighting a losing battle between technology and love
We could get back to the good old days if only she'd unplug

Chorus:

She's an Infomaniac always craving that next digital fix
She's got a megabyte appetite stays up half the night
Surfing the web for kicks
She's a mistress of media there's no way of pleasing her
Brother you're on the wrong track
When you fall in love with an Infomaniac
"I hear she's on Twitter all the time – I think she's tweeting on me."

Canadian Movie

Chorus:

Oh, please don't let them film the story of my life,
I don't want to become a Canadian movie.

'Cause the acting will suck, and so will the editing,
the lighting and the script and the popcorn too.
And they'll set my life, somewhere in Saskatchewan,
because that's where the producers could get funding.

Chorus

'Cause the leading man will be Mike Bullard
Rick Mercer or Frank Mahovlich;
I might even be portrayed by Peter Mansbridge
And no one will pay to see me,
Still it'll win a Genie,
for best picture and best editing.
And the soundtrack's hit theme song,
will be sung by Celine Dion,
in a duet with Nickelback. (in a duet, here's your Nickelback)

Oh please don't let them shoot the story of my life
Shoot me before I become a Canadian movie.

I'll put a stipulation in my will,
not to bury me until I'm guaranteed, not to me,
Yes, I'll eat yellow snow,
I'll move to Buffalo,
before I let 'em go and turn my life into a Canadian movie.
