

Believe

Verse 1

Do you believe
Do you believe for a moment
Joy can be apart of every day

Can you believe
Can you believe for a second
The past does not define who you are

Verse 2

Cause Days are numbered
It keeps you on your toes
You can't see where your going

So stop and think
And maybe when you blink you'll see
That you've been growing

Chorus

Raise your hands and
Praise this day
And you will be ok

Take my hand
And come this way
And you will be ok

Verse 3

Can you hear
Can you hear the sound of laughter
A comfort you know you can hide behind

You may feel
That the world is on your shoulders
Finding obstacles are in your way

Verse 4

And crowds of people are talking off your ear
They don't seem to take notice
But take a breathe and don't get to upset
For today is but one moment

Chorus

Hook

Don't loose sight of hope
It will be your light
Walk the path that's paved
And you will be alright
You can win this fight

Chorus
