

Morrissey Love

Lyrics

CHORUS

Sing to me
Let me fall asleep baby
You're so dear to me
Darling please don't leave like this
Sing to me
Let me fall asleep baby
You're so dear to me
Darling please don't leave like this

VERSE

I know you gotta go
We know you gotta go
5 more minutes
Make it seem like everything's fitted
I'm worried bout the morning
Stop talking of other worlds
I'm living the now
Simply can't tune out
These dreams too enticing
Left are trails of devotion
I don't wanna be forgotten
But I want to dream with you

CHORUS

VERSE

Prayers
I got prayers
Sorry that's my only offer
Sorry this ain't stable nor firm
Just linger little longer
It'll be worthwhile I promise
At the end
Worthwhile I promise
Got to
Be in same sentence with you
I realize time's ticking
Please you got to

CHORUS
