

You've been trying to keep a low profile
Living that lifestyle
No one knows about it
No one knows about it
You call me up middle of the night
Tell me to come by
Wanna talk about it
Wanna talk about it

Sorry
If I'm coming on too strong
But I couldn't get it wrong
'Cause it's been you all along
Lately
Baby you've been taking off
Don't know how to cope at all
When you're here and then you're not
You've got your share of secrets
Got my share of mine
I wanna let you see
Into my curious mind
We see each other frequent
We should cross that line
Oh
Don't you
Think it's
Time

You've been trying to keep a low profile
Living that lifestyle
No one knows about it
No one knows about it
You call me up middle of the night
Tell me to come by
Wanna talk about it
Wanna talk about it

Seeya
A little more on the weekend
'Cause you've been working a lot less

Now I might have a clear target
You're good
Good at keeping to yourself
Oh but can we get honest
'Cause I see through the innocence
You've got you're share of secrets
Got my share of mine
I wanna get beneath
What we both hide behind
If all the odds are evened
Let's take up the fight
Yeah
Don't you
Think it's
Right

You've been trying to keep a low profile
Living that lifestyle
No one knows about it
No one knows about it
You call me up middle of the night
Tell me to come by
Wanna talk about it
Wanna talk about it

You I I I
You I I I
You I I I
You I I I
Eh
Eh
Eh oh

Where ya going
Can I join ya
Can we stay up
All night
Got a secret
I can keep it
Keeping it low
