LYRICS

Intro

I'm gonna make him fall in love with me

Yes I am

Yes I am

Verse 1

If you don't like me that's fine

I know you'll love me in time

I'm good at changing them minds

I know that you will be mine

If I just wait a little bit

Chorus

I'm gonna make him fall in love with me

Yes I am

(Yes I am)

And I'm gonna give him all my love until he can't breathe

(he can't breathe)

He's gonna suffocate suffocate

Boy you're gonna suffocate

why because

I'm gonna give him all my love until he can't breathe

(he can't breathe)

Oh Oh no, no no no no no

Verse 2

If you won't kiss me that's cool

I'm good just chilling with you

At the end of the day we're both dudes
Soon we will do what dudes do
If I just wait a little bit longer

Chorus

Bridge

And I don't claim to know a lot
'bout this wild world
But I've never been more sure about

If you don't like me that's fine
I know you gonna love me
