

DIRTY STREETS LYRICS

I've taken lonely walks around this town,
at sunset or at dawn...
I'd like to say I've seen much more than where,
I've been so far along.

Staying at home won't do me any good,
Got the urge to be outside,
Places that I haven't dared to think,
I would ever see

Dirty streets to pyramids, are far from what I know now
Dirty streets to pyramids, **are far from what I know now,**
ohhh, ooh,
are far from what I know...

I'd like to go where no one's got nothing to say
nothing to do the next day,
Going so many places but nowhere,
They would wanna be...

Go outside this little world, then you'll hopefully see,
No no no, I've got too many useless things,
to do the next day,
to do the next day oh,
to do the next day, to do the next day oh

guitar solo

Go outside this little world, then you'll hopefully see,
No no no, I've got too many useless things,
Dirty streets to pyramids, are far from what I know now.
Dirty streets to pyramids, are far from what I know noooow...
So far along, so far along, at sunset or at dawn.

Ta, tararah rat tarat tah, tat tararah.
Ta, tararah rat tarat tah, tat tararah.
Taaaararah rat tarat tah, tat tararah.
Ta, tararah rat tarat tah, tat tararah.
