

Easy Target – Capo 2 C E Am F

You're an easy target
I didn't have to aim
Cupid better watch his back
Cause I've got game

A rocket scientist I'm not
But babe you were an easy shot
Bullseye on the very first try
I've got you for the night you're mine

**There's a target on your back that says my name
I am like an archer and you're my perfect game
My easy target babe**

Expert or beginner's luck
You'll never get to know
It'll stay a mystery if you don't bring me home

I'm not as scary as I seem
As long as you make me your queen
Quick before I change my mind
Be my victim for the night

**There's a target on your back that says my name
I am like an archer and you're my perfect game
My easy target babe**

Bow and arrow, boomerang
Aim and fire, bang bang
You're no good at hard to get
But babe that's how I like it

**There's a target on your back that says my name
I am like an archer and you're my perfect game
My easy target babe**
