

I do I did and I will do!

Verse 1

I used to believe in the miracles
Like true love, fortune and perfection
What I experienced is unforgiveable
If I tell you'd think it's a fiction
Oh oh

Chorus

I was buried all the time
Everywhere and in my mind
I couldn't let my life go
Back to where I loved you

Now I can leave it all behind
I stepped ahead and crossed that line
I do, I did and I will do
Mistakes it's so hard to go through

Verse 2

I never regret of anything
Though sometimes my life's going' crazy
I always find all those small things
That teaches you something amazing

Chorus

I was buried all the time
Everywhere and in my mind
I couldn't let my life go
Back to where I loved you

Now I can leave it all behind
I stepped ahead and crossed that line
I do, I did and I will do
Mistakes it's so hard to go through

Instrumental Solo
