

My Once Upon a Time

Lyrics

Drive around town with nowhere to go
Dreams and hopes on the stereo
Back to the time when days were long
Sing every line of my favorite song

**Tomorrow came, I'm happy to be alive
Knowing that these memories are mine
Nothing they say can take away
My once upon a.. Once upon a time
My once upon a time**

These wide open fields will one day be gone
Glass and steel, but these days live on
Love and loss make us who we are
Things will change, but moments remain in the heart

**Tomorrow came, I'm happy to be alive
Knowing that these memories are mine
Nothing they say can take away
My once upon a.. Once upon a**

It's like I keep all my letters and photographs
Time won't rewind, like the reels in my mind
Always a place that can't be erased
My once upon a.. Once upon a

Tomorrow came, I'm happy to be alive
Knowing that these memories are mine
Nothing they say can take away
My once upon a.. Once upon a time
My once upon a time
My once upon a time
