Baby Hold up,
Stress on the shoulders
Hold up,
Get down but we grown ups
Roll up,
What's the hold up?
Yeah we be on a wave,
We got duvets and ashtrays,
So comfortable in your space
Take me higher (Higher)
Best believe i wanna hear about it,
Light it up get your worries out here
I'm bout to slow it down,
Baby take me now
If you aint ready to let it out here
Boy i really don't care
Like having you around,
Baby take me now
