

## **SOMEWHERE IN THE MIST**

**(v5 1/12/2017)**

We met on a carpet of yellow  
Hope was on the breeze  
We promised under the oak tree  
Me for you and you for me

### **Chorus :-**

***Somewhere in the mist  
When I was too busy  
Somewhere in the mist  
When I was unaware  
Somewhere in the mist  
When I did not have time  
Somewhere in the mist  
Now you're no longer there***

### **[Chorus]**

In the blazing heat  
We thought we had a future  
Flawless as a diamond  
Pure as the mountain air

### **[Chorus]**

### **[Middle 8 - instrumental]**

Then came the cooler nights  
A distance crept between us  
Complacency was setting  
As though I didn't care

### **[Chorus]**

Now the trees are naked  
A frost is in air  
The icy moon then told me  
That you're no longer there
