

DEAR JOHN

Performed by Kristen Karma featuring Marian Hanna, Mr ATP

Dear John, are you doing well?
Are you happy with your farewell?
Can you hear me falling down to pray?
I think about you every single day

Don't you wish there was another path
To make it through to one more laugh

I hope you're up there watching over me
Can you see all that I can see?
I hope you're feeling really proud of me
For all I've done and turned out to be

Woah-Oh-Oh-Oh
Whoah-Oh-Oh-Oh

Dear John, can you give me a sign?
A little ray of hope to know we're aligned
Is this for real, it feels like a dream
I don't know what to do, I just wanna scream

Don't you wish there was another path
To make it through to one more laugh

I hope you're up there watching over me
Can you see all that I can see?
I hope you're feeling really proud of me
For all I've done and turned out to be

Woah-Oh-Oh-Oh
Whoah-Oh-Oh-Oh

[RAP]

I've been through hell and back ever since you been gone
Still thinkin' 'bout the fact you did nothing wrong
Still trying to let pain out, I'm still searching
For a way to cope with everything and be a better person
But you can rest assured knowing that everyday I grow and continue to learn
Even when I'm led astray, I can't lose
You're the compass in my heart always pointing to the truth

It's not about the quantity but the quality of life
I'd like to believe there's a purpose for everything
Even though you left I believe you're in a better place
So I keep reminding myself just to stay on my path
It won't do me no well to keep hate in my heart
For the things I can't change
So I try live in love in honour of your name, yeah

I hope you're up there watching over me
Can you see all that I can see?
I hope you're feeling really proud of me
For all I've done and turned out to be

Woah-Oh-Oh-Oh
Whoah-Oh-Oh-Oh
