Longboat Key Underground Utilities

The Town of Longboat Key (the "Town") has recently approved a non-ad valorem tax assessment on properties located within the Town to pay for the undergrounding of various utilities (e.g., electric, telephone, cable and fiber optic lines) (the "Project"). Attached to this Disclosure is a one page printout from the Town website (as of May 2016) that describes in greater detail the tax assessment, the undergrounding projects generally, and an estimate of each property's individual payment obligations. More detailed information, including Frequently Asked Questions and cost estimates for the assessment on each affected property, is available by visiting www.longboatkey.org and clicking on the Undergrounding Project tab on the left. The Town can also be contacted by email at underground@longboatkey.org or via phone at (941) 316-1999 for further information.

The two most frequently used residential sales contracts contain provisions addressing whether the seller or buyer will be responsible for paying the assessment. For governmental body assessments (such as the one imposed by the Town), in general the two options provided are: (a) that the seller is responsible for paying assessments in full at the time of closing; or (b) the seller is responsible for those installment payments due prior to closing and the Buyer is responsible for those installment payments due after closing. There are other contracts which may address this issue differently or even be silent on this topic. It is important that you personally review the sales contract carefully to ensure that the desired choice is selected and consult with an attorney for any advice.
