

Custom contemporary waterfront home with over-water guest house, designed by architect Matthew Coates. Construction completed in 2015. Approximately 4500 square feet in all – ~3500 main house and ~1000 guest house.

Main house has 3 bedrooms and 3 bathrooms that include a large master suite with office and laundry, and a mother-in-law suite complete with bathroom, kitchenette, and laundry. Large great room with 14 foot ceilings and wall of sliding glass panels for indoor-outdoor living and amazing views of the harbor and sunsets. High-end finishes including a cook's kitchen with Miele appliances, quartz countertops, and custom cabinetry; and a custom wood and metal staircase. A large pantry, wine cellar, 2-car garage, and entertaining and garden decks complete the picture.

Guest house / entertainment pavilion includes media room, full bath, laundry room, and great room with kitchenette and walls opening to large overwater deck leading to private deep-water dock. A covered outdoor kitchen adds to year-round entertaining potential.

Professionally landscaped yard with sprinkler system and artificial-turf putting green and ample parking make this an ideal home for relaxing, entertaining, boating, and enjoying all that Gig Harbor has to offer.
