**Thank You for Your Request for Information on
Shopsmith Products including the All-in-One Machine,
MARK 7, with the PowerPro® Headstock!**

Hello,

The enclosed materials provide a host of great information about Shopsmith and our Products. They will help you discover how Shopsmith offers you the world's most versatile woodworking machine to tackle virtually all your woodworking projects, home improvement needs, and gives you the ability to create fun, life enriching projects.

Shopsmith Saves Time & Saves Money!

With Shopsmith **MARK 7**, you'll enjoy the capabilities of **7 versatile machines in 1 great product**. And, you will be able to place it in a space the size of a bicycle, in a corner of a basement or garage, **saving space and reducing clutter**. You'll have the power and precision of commercial quality machinery that saves you time by eliminating the need to pull out 7 different machines and saves you money when you only need to buy 1 all-encompassing product. **Plus**, the **MARK 7** has capabilities that are simply not available with individual machines!

It's a fact. With the affordable price of the **MARK 7**, you couldn't buy seven individual machines that would replace the Shopsmith. Shopsmith provides 1-3/4 to 2 HP, constant torque (no matter what the load), adjustable 250 RPM to 10,000 RPM speed range and worktable size/versatility. And, each individual machine alone can cost \$3,000 or more.

You will quickly appreciate how the power and precision help you achieve professional-looking results fast. Sharing tool features and set-ups make for seamless transitions from tool to tool, creating the ability for you to master important techniques faster and achieve better results without errors and setup hassles encountered with other tools.

But, the Shopsmith Multi-Purpose Tool is Just Part of What You Get!

➤ See Back Page

The Total Shopsmith Package is a powerful combination of benefits that come with the **MARK 7** including:

- A whole host of key standard accessories that are included at no extra charge;
- A valuable and highly comprehensive 650-page owner's manual to answer all your **"how-to"** questions;
- U.S. based Customer Service who are here to answer your call;
- An online **Getting Started Series** that gets you familiar with your **MARK 7** and helps you create your first project or two;
- A user forum, 40,000 plus users strong, to share ideas, answer specific project questions, and who are proud to be part of the Shopsmith Community;
- An Information-packed Website which makes accessing information as easy as clicking a button;
- And many more plans, materials, and support to make sure you get off to the right start and enjoy a long and successful experience.

We assemble and pre-align every machine at our factory right here in the U.S.A. Just attach the legs and in less than 30 minutes, you'll be sawing your first piece of wood. **Also, included is a 12-page "Get Ready - Get Set - Go!" Guide** that will lead you through your initial steps in getting acquainted.

Then the **MARK 7** becomes the system you can grow with as you expand your capabilities and, we have the Accessories and Add-ons you will love!

Shopsmith offers what no other Manufacturer does. We are truly a Lifetime Woodworking Partner!
